INSTITUTIONS.

ORLEANS HIGH SCHOOL.

58 and 59 Esplanade street.

ERASTUS EVERETT, A. M., Principal and Proprietor.

THE classes of this Institution are all organized, and the Principal is able to announce that he is prepared to maintain for the School its long established reputation for thorough training in all the branches of useful and polite learning. Mr. Everett will, as heretofore, have charge of all the English classes, including Literature and Criticism, and a part of the Mathematical classes. He still retains the valuable services of Mr. Jeannin, as Professor of the higher mathematics; Mr. Marc as Professor of Spanish and adjunct Professor of French, and Mr. de Tournière, as Professor of Greek, Latin and French.

The Mathematical department receives special attention.

Students can be instructed at the expense of parents, in Drawing, Music and Fencing, skillful masters of these departments being connected with the school.

The elementary class is under the immediate supervision of Mr. Everett who teaches them himself in English, and Arithmetic, and who has confided them to an experienced and skillful Professor in French.

Parents are invited to visit the Institution where they may obtain Prospectuses. o29 1t

Mr. St. Marc,

GIVES lessons in the French language and literature, and in Mathematics. As Principal of a college in France, he has for many years educated graduates. He completes the education of young men destined to the highest professions, and of young ladies whose early education may have given rise to a taste for polite literature.

His direction can be ascertained by applying to Mr. Louis Tulan, Principal of the Louisiana College, or at the store of Mr. Delcroix, Stationer, on Chartres, between St. Louis and Conti streets. se7 4m

Mrs. Le Tellier's Academy.

MRS. LE TELLIER ex Principal Teacher in the Public School, on Burgundy street, First District, will open on Wednesday, September 1st, 1852, an Academy wherein all the branches of a solid education will be taught in the French and English languages, by the best Professors.

Particular instruction is given in needle-work and accomplishments.

The number of boarders who have already been admitted at Mrs. Le Tellier's new establishment, compels her to open her Academy on Dauphine street, between Ursuline and St. Philip streets, instead of Bourbon street, as previously announced.

This vast edifice contains all that is requisite for the comfort of the pupils. The yard and dormitories are spacious and well ventilated.

The numerous pupils who, for the last ten years have been confided to the care of Mrs. Le Tellier, the greater number of whom are to-day charming young ladies, lead her to expect the favor of families.

Mrs. Le Tellier is a mother and a friend to her pupils; she spares no trouble for her children, as she calls them, and in both these respects she claims general patronage. au26

GOUBAULT'S ACADEMY,

Mr. and Mrs. GOUBAULT highly recommend to families, Mr. and Mrs. BOURSIER, who will take the direction of the Establishment. They are acquainted with the success of the accomplished Professors attached to the Institution.

From the 1st of September, Mr. and Mrs. BOURSIER will act as assistants to Mr. and Mrs. GOUBAULT, in order to make themselves known and appreciated, and on the 1st of October, the establishment will be under their immediate control.

MEDICAL.

BULL'S SARSAPARILLA,

Is put up in full quart bottles, and contains the strength of SIX TIMES as much pure Honduras Sarsaparilla as any similar preparation made in America.

Price $1 per bottle, or six bottles for $5.

IT HAS been well established that for years past that Sarsaparilla, when pure and properly prepared ... [illegible] ... We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles ... [illegible] ... and is subject to the strictest chemical test, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound and producing the greatest curative agent in the known world.

This medicine when used according to directions

Will cure without Fail!!!

Scrofula or King's Evil, Cancers, Tumors, Eruptions of the skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Rheumatism, Scald head, Pains in the bones or joints, Old Sores or Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of appetite, Pain in the side and shoulders, General Debility, Lumbago, Dropsy, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, Weakness in the Chest, Pulmonary affections, and all other Diseases tending to produce CONSUMPTION, Liver Complaint, Female Irregularities and Complaints, Low Spirits, Sick and Nervous headache, Night Sweats, Exposures or imprudence in life, Chronic constitutional Disease, and is a spring and summer drink and general Tonic for the system, and a gentle and pleasant purgative; it is superior to Blue Lick or Congress Water, Salts, or Seidlitz Powders.

Good Testimony.

The Ohio State Journal, (Columbus, O.,) thus speaks of Bull's Sarsaparilla:

IT HAS NO EQUAL.—The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months only, with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. This is a bold assertion, but it can be substantiated by calling on the agent in this city.

Bear with us reader, a little longer, and be convinced that BULL'S SARSAPARILLA is the WONDER OF THE WORLD.

And that it will cure you no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about BULL'S SARSAPARILLA.

Louisville, May 31, 1846.

Mr. John Bull—Dear Sir: For a number of years I have been afflicted with a mercurial headache, and a dull heavy pain in my liver. I used almost all the remedies of the day, especially the Sarsaparilla prepared by different persons, but all to little or no advantage, until I chanced to meet with yours, three bottle of which gave me more relief than all the others combined.

I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article.

Very respectfully, J. H. OWEN.

RHEUMATISM.

Let all those who are suffering under the agonising tortures of Rheumatism, read the following, and see what may also be done for them, if they will use the infallible remedy:

Mr. John Bull—Dear Sir: For the last three years I have been afflicted with Rheumatism of the severest character. I was at times in the greatest agony of pain—I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism, and greatly improved my general health, more than any medicine I have ever used.

I have been free from pain for several months, and I have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in use for Rheumatism. ISHAM BRIGGS,

Uniontown, Union co. Ky., May 12, 1846.

From Dr. Wm. T. Prentiss:

Mr. Bull—In regard to your Sarsaparilla, I will say, that I have used it to some extent in Cutaneous Affections of long standing, as Tinea Capitis, Lepra, Psoriasis, Scabies, Syphilitic, Cachexia, and in all diseases where the indication of cure seems to consist in a thorough change or modification of the fluids of the body, with considerable success, in conjunction with local treatment. I think I would prefer it to any preparation of Sarsaparilla in use, and any physician will admit its value upon learning the substance that enter into its composition.

Respectfully yours, W. T. PRENTISS, M. D.
Lewisport, Ky. Dec. 4, 1847.

It is perhaps needless to procure any further testimony in favor of this great remedy. It has only to be tried and proved to convince the public of its superior efficacy. Let all who are laboring under chronic diseases, general derangement, nervous debility, weaknesses, the effects of mercury, or anything of the kind give it a fair trial. There are thousands throughout the land who stand in need of it. Let them try it, and we assure them that they will not regret it.

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines now in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient, or are profuse and overwrought, when the face is pale and colorless, the strength feeble and yielding, the spirits troubled and depressed, the health broken, mind shaken, and consequently the happiness destroyed—then Bull's Sarsaparilla is a sovereign remedy. It assists nature in the performance of her duty; braces the whole system, renews permanently the natural energies, removes obstructions, checks excesses, creates pure and healthy blood, and imparts health and happiness. Were ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exists. ... [illegible] ... All ladies applying this medicine will find it relieve all diseases consequent upon this valuable medicine.

A BEAUTIFUL CLEAR SKIN

How we all admire a clear, beautiful white skin, and a rosy colored cheek. How often do we see persons not possessing these advantages so the only to be wished ... [illegible] ... and that is what Bull's Sarsaparilla does. "A word to the wise is sufficient," and a hint is enough to the ladies.

BETTER TESTIMONY.

From Dr. James M. Moore.

Mr. John Bull—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Syphilis and many other Cutaneous and Glandular Affections, having used it with entire success in a number of the above.

JAS. M. MOORE.

Louisville, Dec. 26, 1847.

More Testimony from Dr. Moore.

Mr. John Bull—I can now say your Sarsaparilla in several new cases of Scrofula and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

Yours, JAS. M. MOORE, M. D.

Winchester, Ky. Feb. 1, 1848.

Testimony like the following renders superfluous all further comments on the efficacy of Bull's Sarsaparilla:

From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College.

"I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases to which it is applicable. L. P. YANDELL, M. D.

Louisville, June 6, 1848.

What Dr. Pyles, Physician, by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

Louisville, March 29, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it, both in public and private practice, and think it the best article of Sarsaparilla in use. M PYLES, M. D., Resident Physician, Louisville Marine Hospital.

[From the People's Journal, Quincy, Ill.

BULL'S SARSAPARILLA.—We have used one bottle of this Sarsaparilla for general debility and lumbago, and believe we have experienced entire relief. We used to think one guy, the two bottles of T. Townsend's Sarsaparilla, for which we paid $2 50, and believe we received injury instead of benefit from its use.

This medicine is daily grappling with disease, through the western country, restoring to bloom health and youthful vigor, the sick and afflicted—nay, those that are previously tormented. Certificates are coming in from all directions, from men of truth and high moral standing, placing it, from its intrinsic worth, the very best of all remedial drugs before the public.

Sold wholesale and retail by JOHN BULL, at his principal office, 81 Fourth st., Louisville, Ky., and by the Druggists generally in the city and country.

Dr. Ed. Martin's Vermifuge Syrup,

Without any disagreeable Taste or Smell.

THE MELIA AZEDARACH, (Pride Bannister, Linnæus; Class X. Decandi Monogyn—Jussieu, Class XIII, order II, Meliaceæ—Tournefort, Class XXI, Arbres rosacés,) one of the most beautiful ornaments of our forests, the root of which for more than forty years has been employed by a few persons justly reputed the best vermifuge known, supplies us with the principal agent in the above named remedy.

Having sought with the greatest care in the bark of the root of this tree, the active principle which produces such excellent results in verminous affections of children, we have succeeded in extracting it in its purest state and by combining it with other tonic principles which compose the above VERMIFUGE SYRUP, the efficacy of which is now beyond the shadow of a doubt.

This Syrup, of an agreeable flavor, can be administered without the slightest apprehension to the most delicate children. Its use continued during three days, the doses being given at short intervals, but in doses extremely small; and stronger, will infallibly expulse all those intestinal worms which are the source of so many diseases, dangerous and often fatal to children.

Some mothers, rendered timorous by the frightful results of the various vermifuges hitherto employed, have given it to their children, but in doses extremely small; this has, in each case, rendered the effect incomplete, and might have injured the standing of this remedy, had not several of our most experienced practitioners, by judiciously prescribing it and regulating the doses adapted to the different ages treated and established its excellent virtues.

To avoid debilitating the little patients by too severe a diet, we have modified the doses originally prescribed, in the following manner:

Children 2 to 5 years old, three tea spoonfuls a day, at an interval of from 1 to 2 hours. Above five years old, three table spoonfuls at the same intervals. No nourishment to be given between the first and third doses, nor within an hour after the third.

The Syrup must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce any of the pernicious effects which have so often followed the use of those hitherto in use. Prepared and sold by E. E. MOUGIN, Chemist and Druggist, cor of Dauphine and Customhouse sts. a15 law

DR. EDOUARD MARTIN'S

HYGIENIC ELIXIR,

Against Sea-Sickness.

FOR a long time past the scientific world, medical men especially, appear to have been struck with the remarkable fact, that among the innumerable collection of curative agents discovered, not one had been found to counteract or even mitigate the dreadful effects of sea-sickness. Several remedies have been tried to attain this end. These remedies, either so-called simple or compound after having undergone the proper trial, have hitherto proved signal failures. As ideas may be formed thereof by the perusal of the annals of Pharmacy, Chemistry and Medicine of all countries, published within the last ten years.

The inventor of the "Hygienic Elixir," has at length made this invaluable discovery. After numerous trials, changes and alterations in the proportions of the substances composing this Elixir, he is enabled to offer it to travellers in the shape of a palatable draught, not decomposed or altered either by climate or age.

The Elixir checks sea-sickness immediately, and restores the stomach to its healthy state. However delicate be the constitution of the person using it, it is equally infallible, and procures a genial feeling of ease and comfort. The nausea ceases as if by magic, calm and sleep are restored the appetite awakened and the digestion effected promptly under the influence of this tonic.

The inventor having had an opportunity during a recent sea voyage, to make personally a final trial of his Elixir, has made up his mind to offer it to the public. He could corroborate the above statements by testimonials from several sea-captains, but will appeal only to the opinion of one of the most intelligent and distinguished commanders of the French Commercial Navy. Captain Labory, having had opportunities of testing, under his own immediate supervision, the efficacy of this remedy, (then in the shape of pills) during several voyages, gives thus the result:

DEAR DOCTOR:—During my last voyage to France I have had opportunities of testing, on divers persons, your remedy against sea-sickness; I am happy to be enabled to report to you that I have obtained the best results, and if it were possible to alter this remedy into a palatable draught, such as a lemonade of some kind, which could be more easily taken than in its present shape, especially when the sea-sickness has already commenced, nothing more would be required, and you would be entitled to the everlasting gratitude of all those who are obliged to travel by sea, without being accustomed thereto.

I am yours truly,

Signed, A. LABORY, Com't. Ship l'Oscar.

The improvement suggested by Capt. Labory, has been effected. The Tonic and Hygienic Elixir against sea-sickness, is sold in four ounce bottles, with glass stoppers. Care must be taken to keep the bottles corked, to prevent evaporation.

A. W. Faber's Polygrades Lead Pencils.

BEWARE OF COUNTERFEITS.

THE well established reputation of these Pencils, which have obtained the Prize Medal at the World's Fair, of 1851, in London, as well as in Prussia, Bavaria and Saxony, being so strongly recommended by the royal Academies of Paris, Berlin, Munich, and Rome, has induced some unprincipled persons to imitate them, and to sell these imitations, sometimes of a very inferior quality, to the public as genuine. Several parties in this country have already been brought to justice for selling counterfeits. There are others who in order to avoid the law have the stamp on the Pencils slightly changed from A. W. Faber, into W. A. Faber, A. G. Faber, A. W. Fabre, A. K. Favre, A W Favre, &c. Be, therefore, careful to examine the stamp. Look for the facsimile of the signature of A. W. Faber on the labels round the dozens.

A. W. Faber's Polygrade Lead Pencils, most exactly graded from 4 to 12 degrees of hardness; put up in dozens, grosses, or in elegant fancy drawing cases, as well as Carpenter's Pencils, red, white and drawing chalk, Creta Laevis of 12 to 200 different colors and shades, Slate Pencils, India Rubber in Cedar wood, Lead Points for Pencil-cases, are sold by all the respectable stationers in the whole civilized world.
