CAUTION TO THE PUBLIC.

FRAUDULENT IMITATIONS

HOSTETTER'S

STOMACH BITTERS.

AS a measure of self-defense, (and in order to warn and protect our customers in all parts of the Union,) we deem it our duty to expose a deep-laid and widespread conspiracy now existing in the Atlantic States, for counterfeiting of our CELEBRATED STOMACH BITTERS.

We have been for some time past engaged in forwarding out and preparing for shipment our usual extensive and acceptable business, and expect to keep up to them the last month of the Wednesday line, Saturday, like clockwork, (a simile which we use because we submit by treating proprietary preparations we exhibited a complete system equal to their calculating, unbelting for fraudulent imitations the most popular tonic and alterative manufactured in this or any other country. Large quantities have, we understand, been for sale in the Southern and Western states, and exported to Spanish America, and dealers from whom better things might have been expected have, in some instances, connived at the imposition for the purpose of sharing in the plunder. In the principle that the receiver is as culpable as the thief, and that the power of spurious money is as criminal as the forger, the maker and the vender of the counterfeits of HOSTETTER'S STOMACH BITTERS may be classed on the same moral level.

We have already commenced suit against Daniel L. Pierce and Benjamin A. Johnson, of New Orleans, Frank Robinson, Mobile, Alabama, T. Cole & Co. James Park and C. H. Beckwith & Co., of Chicago; W. Lawrence, Thos. Hostetter, Henry Hansen, Charles H. Brown and Victor S. Boulanger, of St. Louis.

In all the cases that have been brought into Court, injunctions have been granted restraining the defendants from selling their deleterious trash under the name HOSTETTER'S STOMACH BITTERS.

As this our TRADE MARK, has been printed on the label known of the spurious stuff, or some very close resemblance to it, there can be no doubt as to the issues of the important trials.

In the meantime, for order to shield ourselves and the public as far as possible against the fraud mongers, we have had a new and improved label engraved for this, which hereafter will be found on our bottle in addition to the old accepted label, which these petitioners have imitated somewhat difficult as well as dangerous to dupe. It cannot be counterfeited without the domestic crime of a felony. The principal feature of the label is a superb vignette of St. George and the Dragon, below which is a black scroll with the following inscription:

The best evidence of the merit of an article is the disposition to produce counterfeits, and WE REGARD IT as the strongest testimony to the value of HOSTETTER'S CELEBRATED STOMACH BITTERS, that attempts of that description have frequently, despite the vigilance of the public warnings has induced us to obtain a fine engraving, of which this is a facsimile, and to append our note of hand, which cannot be counterfeited without the perpetration of a FELONY.

Under the above, and at the bottom of the label, is a miniature engraving of a note of hand for one cent, signed "Hostetter & Smith." Without which in a Note form this fictitious, the pictorial portion of the label is ornamented with the words "HOSTETTER'S CELEBRATED STOMACH BITTERS." Which here and the whole is surrounded with a narrow ornamental border.

It is hoped that this precaution will secure the public against being further imposed upon by base imitations of a valuable and popular restorative, and we earnestly request all who prefer the genuine article to see that the bottle they purchase corresponds with the foregoing description. If it does not, the article is fraudulent, and cannot be par taken of without peril to health and life.
