PHILADELPHIA Apr 26

Cotton—By the George Washington, we have advices from Liverpool to 24th March. Sales there for the week ending with the 23 amounted to 17,000 bales of which 1,000 were Uplands at 6 11-16 d. In the early part of the week there had been a further decline of ¼d, but at the close the market was more firm.

Our own market continues to present the same uniform inactive appearance noticed in our previous publication, the sales here include 1 440 bales Florida at 8¼, 11¾ and 10 Mobile, 10 ¼ 3c. We continue to quote our quotations.

Sugars—Prime Sugars of nearly every description are scarce. There have not been any since our last weekly report. The sales have amounted, since our last, about 100 hhds Porto Rico, at 6 ¼ 7¼, including some prime for at 6 cents; about 200 boxes brown Havana and Trinidad, 7a 7¼, the latter rate for prime, and 50 boxes Havana white Havana at 8¼ 8¾ cents. In addition yesterday, 81 barrels Porto Rico sold at 5¼ 61, and 20 hhds Jamaica, 6a 7¼c per lb lb. for cash.

CHARLESTON April 28.

Cotton—We have no new feature to note in the operations of the Upland Cotton market since our last weekly report. The article still continues in a most quiet state. The sales have been light, and, as we said in our semi-weekly notice, confined principally to our house. There are orders to purchase, but the present prices are above the limits of those orders. Buyers have kept out of the market, and will await a more favorable opportunity to fill their orders. Our quotation of 12 cents, is for fine Cotton. The sales of Week comprise 346 bales at the following prices, 11 ¼, 31 at 84, 27 at 9, 216 at 10, 136 at 10¼ and 63 at 12¼. We have not heard of any transactions in Sea Island Cotton.

Flour still continues in the same unsettled state, no demand at last. Sales have been made at 6 a 6 ¼ on 5,50 a 6,50 in 100, and until the market becomes settled we decline giving quotations.
