SALES OF STOCKS.

NEW YORK, May 23.

Remarks—The decline observable in the stock market may be attributed to the excessive rise last week, which cannot be maintained. The reaction has come again, because money is not so plenty yet to justify any great advance. Besides which many look to the next English packet for bad news, depression in the stock market may be occasioned in some measure, by a growing conviction that Internal Bank Bills have lost favor with the country as they have time for reflection. The proclamation of Governor Rittner, of Pennsylvania, has put a damper on small notes.

Wall street—The transactions of yesterday were quite small at a further reduction of prices—United States Bank fell 1, Delaware & Hudson 5, Kentucky Bank between 8 & 10, Delaware & Providence R R 2½, Norwich & Worcester R R 2½, Utica & New Jersey R R 4 and Long Island 1 per cent.

A sale of New Orleans Gas Co. was made at 83—Harford and Mutual Ins and Canton Co. sold at yesterday's closing prices.

Arrangements respecting country bank paper is in progress, and no doubt exists that it will be established very soon.

Specie—225 Napoleons sold at the Board to day at 3 and 1000 half dollars at 7 per cent premium. Sales of American gold 6 a 8; Spanish dollars 5 a 5; Mexican, do 5 a ; Sovereigns 4,33 a 4,36; Doubloons

We have heard considerable complaint in relation to notes of the Lockport, Sodus Bay Harbor and Buffalo Banks. The hold of these bills are obliged to pay a discount of 10 per cent to turn them into such money as can be used for the purposes of trade. The matter was discussed these days in the merchants' exchange, why then should it not cause the safety fund to come to the redemption of their bills.

The Post Office "Special Circular" does not appear well at the West. The Rechester Democrat says that several gentlemen there preferred rather the transmission of important packages by private conveyance, to sending them to the care of the order. The usage upon two of the packages thus transmitted had been 10. As this course will be taken in a great number of instances, a very sensible diminution of the Post Office revenue will be the consequence.

A letter from Toronto, dated the 16th, after the suspension of the suspension news from the banks of the upper province will not suspend specie. Sir Francis Head, the governor, had to place at the control of the banks 2,000,000, to obtain a farther advance of bills on the British funds for such an amount as would be requisite to the transmission of the merchants to England.

Boston Courier says that the money market in that city for the last week has been more easy than at any time previous—the banks have discounted considerable amount for their customers. In the country is not yet sufficient confidence to take bank notes, but post notes of some favorite banks are at 1 per cent per month discount, and others at 1½.

Niles's Reporter of yesterday says, that notes of circulation purporting to be issued by the Commercial Bank of Florida, at St Josephs, which are payable at the Bank of the United States in Philadelphia. They are not at present redeemed by that Bank.

SAVANNAH, May 21.

Cotton—Arrived since the 16th inst 1669 bales Upland 33 bales Sea Island, and cleared at the same date 2 bales Upland and 100 bales Sea Island, and there is a stock on hand inclusive of all on shipboard, reported on 16th inst of 12307 bales Upland and 1000 bales Sea Island. Since our last report, the sales of this city at the post amount of a large amount of precious metals, have induced a repetition of the recommendation of the citizens, to suspend specie payments but this measure does not appear to have influence in increasing the demand for cotton, as during the week have arrived only 2848 bales of which 43 were at 8; 52 at 8½, 12 at 9; 28 at 9½, 100 at 10.
