No. 144—AN ACT for the relief of Municipality No. One.

Whereas agreeably to the provisions of a bill entitled an Act to authorize the emission of State Bonds, in favor of the City of New Orleans, approved 18th March 1839, an exchange of six hundred thousand dollars for Bonds has been made between Municipality No. One and the State.

Whereas on the 28th of March 1843, the Municipality No. One, not having negotiated said Bond, returned to the Governor the whole amount of said Bonds received from the State, amounting to six hundred thousand dollars, as well as all the coupons for the interest due on said Bonds, six thousand nine hundred and ninety-eight dollars and forty cents of the difference of interest on the exchanged Bonds having been paid to the State, and seven thousand two hundred and seventy-seven dollars and sixty-five cents remaining unpaid.

Whereas finally the State becoming possessed of said Bonds, has diminished its responsibility for that amount, an event of no great importance not to deserve consideration.

Be it therefore enacted by the Senate and House of Representatives of the State of Louisiana, in General Assembly convened; That the State relinquish all claim for difference of interest due and unpaid on said Bonds up to the 28th March 1843, the period at which said mutual exchange of Bonds was effected between the State and Municipality No. One.
