

The numeric style

This style prints numeric citations in square brackets. It is similar to the standard bibliographic facilities provided by LaTeX and to the `plain.bst` style of legacy BibTeX.

\cite examples

[4]
[4, p. 59]
See [4]
See [4, pp. 59–63]

\parencite examples

This is just filler text [4].
This is just filler text [4, p. 59].
This is just filler text [See 4].
This is just filler text [See 4, pp. 59–63].

\textcite examples

Goossens, Mittelbach, and Samarin [4] show that this is just filler text.
Goossens, Mittelbach, and Samarin [4, p. 59] show that this is just filler text.
See Goossens, Mittelbach, and Samarin [4] for more filler text.
See Goossens, Mittelbach, and Samarin [4, pp. 59–63] for more filler text.

\supercite examples

This is just filler text.⁴

\autocite examples

This is just filler text [4].

Multiple citations

[4, 1, 2, 3, 5, 7, 6]
