makes facsimile communications as easy as regular telephone calls
DATA SET
602·A

Transmits and receives facsimile copy over regular telephone lines or private lines—across town or across the nation.
MEETS YOUR NEEDS FOR FLEXIBLE DATA COMMUNICATIONS

☐ Provides direct two-way communications between many types of facsimile machines—
  • operation can be one way or two way nonsimultaneous

☐ Transmits and receives at speeds compatible with your facsimile machines—
  • up to 15 square inches of copy per minute

☐ Provides Data-Phone service on regular telephone lines for local or long distance facsimile communications at normal telephone rates—
  • provides two-way voice communications with called station
  • switches to one-way or two-way facsimile communications at the touch of a button

☐ Operates in the same manner on Private Line service or WATS service at a fixed monthly charge.

☐ Offers unattended automatic answering controls—
  • automatic tone signal alerts calling station that your machine is connected and is ready to receive

GIVES YOUR BUSINESS THESE PROFIT-BUILDING ADVANTAGES

☐ Affords rapid, direct, low-cost facsimile communications between separate business locations—
  • documents
  • drawings
  • maps
  • graphs
  • sketches
  • printed matter

☐ Provides facsimile copy that can help coordinate functions of the business—
  • speed engineering data to production department
  • expedite internal clerical operations
  • speed internal work functions

☐ Aids in gathering operating data—
  • sales reports

  • expense figures
  • production schedules
  • accounting facts

☐ Speeds timely management decisions to operating departments—
  • policy reports
  • price reports
  • new merchandise illustrations
  • new engineering specifications
  • new promotional activity

☐ Reduces total communications cost by using existing communications facilities for facsimile transmissions—
  • transmit and receive facsimiles on an alternate basis with other services
  • utilize existing facilities to full capacity—WATS, Tie Lines, Private Lines, etc.
Here's how it will work for you...
