

SERVICE FOR CONSULTANTS—OCTOBER 1982

This publication is intended for use by those members of the data processing community who need this information in their work as consultants in the field of data processing and/or for those who directly or indirectly assist the users of IBM data processing systems in the installation and application of such systems.

It is made available on a subscription basis at \$141.95 the first year (including up-to-date manuals, binders and 12 monthly supplements) and \$64.80 for subsequent years (12 monthly supplements only). Requests for subscription should be submitted to the nearest IBM branch office.

The material contained in this manual and the supplements thereto has been prepared primarily for the general guidance of consultants and technical personnel. It includes technical information relative to IBM equipment and programs, but it is not designed to be all-inclusive or to necessarily represent the exact status of equipment or programs at any point in time.

All prices shown are for information purposes only, and are subject to change without notice. Applicable taxes are not shown. IBM products and services are provided under the terms of an applicable IBM agreement.

Machines which are shown in this manual as withdrawn are no longer available from IBM. Data concerning these machines is provided for information purposes only. If available, certain features may be ordered for withdrawn machines. A Request for Price Quotation (RPQ) is required before such a feature can be ordered.

Scheduled release and/or distribution dates, or time schedules stated, are for information purposes only, and are subject to change without prior notice.

References to RPQs and PRPQs are for information purposes only; prior availability of such items should not be considered an indication that they will be available in the future.

References to internal IBM procedures and departments are for the guidance of IBM personnel; users of the Service For Consultants manual are to make all contacts with IBM through the marketing representatives assigned to the accounts they represent.

It is the subscriber's responsibility to maintain the current status of the manual by incorporating the updated material as received from IBM. Subscribers are requested to contact the appropriate IBM branch office prior to incorporating material from this reference manual in their evaluation or recommendations since, of necessity, the material may not be complete.

Publishers who may wish to quote from this manual are invited to contact the IBM Department of Information for technical review of all such material prior to publication.

LEGEND FOR: NATIONAL MARKETING DIVISION MACHINE PRICE LIST

MACHINE PRICE LIST
OCTOBER 82

<u>COLUMN HEADING</u>	<u>EXPLANATION</u>
MACH TYPE	- Machine type number.
MDL/FEAT	- Machine model number, feature number, or Acc. (accessory).
DESCRIPTION	- Description of machine, model, feature, or accessory. Also may reflect monthly usage charges applicable to Rental Plan C machines when under rent, lease, or maintenance agreement. For certain other machines, various maintenance options may be specified.
MONTHLY RENTAL	- Monthly rental charge (MRC) under Lease or Rental Agreement (LRA). - Monthly availability charge (MAC) under Agreement for IBM Machine Service. - (NC) in this column indicates No Charge. - (PO) in this column indicates the Machine or Feature is Purchase Only. - (s) in this column indicates Single Use Charge, item remains IBM property.
MONTHLY LEASE	- Monthly lease charge (MLC), under Lease or Rental Agreement (LRA), for base term indicated. - ATP monthly charge for machines and customers still eligible for withdrawn lease plan. - NOTE: If a Plan A base machine is on LRA/lease, any LRA/rental features or models will be billed an additional amount in lieu of additional use charges. This amount will be equal to a percentage of the LRA/rental charge based upon the type of base machine (CPU = 5%, I/O = 10%).
PURCHASE PRICE	- Purchase Price of base machine, exclusive of features. - (NC) in this column indicates No Charge. - (RPQ) in this column indicates Price Provided by RPQ only.
AMMCR/MMMC	- Minimum monthly maintenance charge for purchased machines. - Additional Monthly Maintenance Charge Rate for Plan D Machines. - (NC) in this column indicates No Charge. - (TM) in this column indicates Time and Material maintenance only. - (a) in this column indicates Annual Maintenance Charge.
FIC/OTHER	- The Service Charge for field installation of the special feature on a purchased machine. - NOTE 1: FIC does not apply to machines announced after June 1, 1970. - NOTE 2: For field removal of a feature or change to a different version on a purchased machine, contact IBM. - (PI) in this column indicates Plant Only installation (Cannot be field installed). - (p) in this column indicates Pilot Test Plan machine. See page iii of Machine Price List for price details. - (#p) in this column indicates Pilot Test Plan and Purchase Only IF new order. - (*) in this column indicates Academic Lease Plan monthly charge. - (NA) in this column indicates Not Available for Academic Lease Plan.
PUR OPT	- Applicable purchase option percent. SLGLP machines accrue at this rate plus 15 percent.
BASE TERM	- Base term, in months, for LRA leases.
U/L%	- Upper limit percentage under LRA leases.
TERM CHG	- Termination charge under LRA leases (%/months).

COLUMN HEADING	EXPLANATION
MG	- Maintenance Group - indicates the machine group (A, B, C, or D) used when calculating the additional maintenance charge for optional periods of Maintenance Agreement service availability. - (*) in this column indicates Usage-Priced Machine. Maintenance provided 24 hrs/day, seven days a week. Machine group codes A, B, C, and D do not apply. These machines are also subject to an additional maintenance charge based on their monthly usage.
PC	- Per Call - the class of rates applicable to purchased machines subject to hourly service charges (e.g., where no maintenance agreement exists, or when service is requested outside the hours covered in the Maintenance Agreement, etc.). For rates and details, see page ix of Machine Price List.
WC	- Warranty Category - indicates the months of warranty following initial installation of a purchased machine. - (A) in this column indicates a warranty period of 12 months. - (B) in this column indicates a warranty period of 3 months.
RP	- Rental Plan - the rental plan under which the machine is offered. - (A) in this column indicates a Plan A machine. Additional billable time is charged at an hourly rate of 1/176th of 10% of the MAC. The extra shift rate is usually 10% except that it is 30% for the following machines: 1231, 1255, 1403, 1419, 1442 and 1443. - (B) in this column indicates a Plan B machine. These machines are installed for unlimited use for the monthly rental or lease charge. - (C) in this column indicates a Plan C machine. These machines are subject to a monthly usage charge in addition to their rent, lease, or maintenance agreement charge. - (D) in this column indicates a Plan D machine. Plan D provides for unlimited use of the machine and the performance of maintenance service during the Base Period of Maintenance Service for the monthly rental or lease charge. Additional optional periods of maintenance service are available for additional charge.
LC	- Useful Life Category
ED AL	- Education Allowance (EA) for machine or feature. - (NE) in this column indicates Not Eligible for EA. - (15RO) in this column indicates 15% EA on rental/lease charge only. - (15PO) in this column indicates 15% EA on purchase price only. - (15) in this column indicates 15% EA on rental/lease and purchase prices.
CSU	- Customer Set-Up (CSU) Allowance - indicates number of days for machine or system. - (*) in this column indicates 1 day except when machine is being installed with a 5280 System (see 5280). - (Y) in this column indicates that the associated special feature is designated as CSU.

SERVICE OFFERING PRICE LIST:

MACHINE PRICE LIST
OCTOBER 82

**** SE SERVICES (SES): ****

Billable Services Rate = \$79.00/hr.

**** GROUP WORKSHOPS: ****

Billable Rate Per Student = \$70.00/Session (One-Half Day)

**** FED/CSD HOURLY (PER CALL) SERVICE RATES: ****

There are three classes of rates for Per Call Service. See the Per Call (PC) column in the Machine Price List for each machine's class assignment (1, 2, or 3). Within the assigned rate class, the service hours are chargeable according to whether the service is performed "during" or "outside" our normal working hours.

Note [1]: Per Call billing for non-IBM alterations and attachments is at the Per Call rate for the host machine.

Note [2]: Whenever class rates are quoted to a customer or prospect, be sure to include the class of each price of equipment that will be involved.

	<u>Class 1</u>	<u>Class 2</u>	<u>Class 3</u>
During IBM's normal working hours 8 a.m. to 5:30 p.m. for CE service billing purposes. Monday thru Friday (excluding the six national holidays listed below but including other IBM holidays).	\$101.00	\$125.00	\$137.00
Outside IBM's normal working hours including Saturdays, Sundays, New Year's Day, Memorial Day (May 30 or as recognized in the individual state), Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.	\$117.00	\$147.00	\$158.00

Program Service/Programming Assistance:

Regular Hours: \$147.00
Outside Regular Hours: \$168.00

**** HOURLY IBM MACHINE SERVICE RATES: ****

To obtain rates for machines and/or models, contact the Regional Marketing Support Center supporting your location.

IBM unit record machines, off-line data collection systems and terminal-type devices (when being operated independently of a CPU) which are installed at IBM Centers may be used by IBM customers without charge.

PROGRAMMING PRICE LIST
OCTOBER 82

COLUMN HEADING	EXPLANATION
PROGRAM/ FEAT NUM	Program/Feature Number
PROGRAM/ FEATURE DESCRIPTION	Self-Explanatory Note: Description names are given for reference only. Most names are complete but many have been abbreviated to save space.
AVAIL	PID Availability Date MO/DY/YR = Date program available from PID. **NOW*** = Program is now available from PID.
UV	User Volume Required N = Not Required. X = Number of User Volumes Required.
PROC	Process Charge
MONTH	Monthly Charge Note. \$NC in this column indicates that there are no Process, Monthly, or One-Time Charges.
OTC	One-Time Charge
PP	Payment Period NN = Number of Months. C = Continuous.
TP	Testing Period NN = Number of Months.
WT	Warranty Y = Warranty-Yes. Not warranted for new licenses accepted after the date shown in the Central Services (CS) column. N = No
CS	Central Service N/A = Not Applicable * = Provided until discontinued by IBM upon 6 months notice.
LS	Local Service N/A = Not Applicable * = Provided until discontinued by IBM upon 6 months notice. ** = Local Service for 3 months - beginning 10 days after each customer's shipment.
LA	Local Assistance N/A = Not Applicable * = Provided until discontinued by IBM upon 6 months notice. ** = Local Assistance for 3 months - beginning 10 days after each customer's shipment. SE local assistance may be provided only upon request by, and at the direction of,

COLUMN
HEADING EXPLANATION

the Atlanta National Market Support Center (ANMSC).

RP IBM Representative
 CE = Customer Engineer
 SE = Systems Engineer
 N = Not Applicable

IL Installation/Location License
 I = Installation License Applies
 L = Location License Applies
 N = No Installation/Location License Applies

A single license for the Conversion Aid provides support for both a System/34 during the code conversion process and a System/38 during execution of the converted code. Licensing both the

PROGRAM/ FEAT NUM	PROGRAM/FEATURE DESCRIPTION	AVAIL	U (--- CHARGES ---) V PROC MONTH OTC	PP	TP	WT	(--- PROGRAM SERVICES ---) CS LS LA	RP	IL	
machines can be accomplished by listing the type and serial number of both the System/34 and the System/38 as the designated machine on the Supplement to the Agreement to IBM Licensed Programs. A separate license is required for each pair of Sys/34 and Sys/38 using this program.

	## A single license for the Conversion Aid provides programs for both a System/3 to offload files and code and a System/38 for code conversion. Licensing both the machines can be accomplished by listing the type and serial number of both the System/3 and the System/38 as the designated machine on the Supplement to the Agreement to IBM Licensed Programs. A separate license is required for each pair of System/3 & System/38 using this program.

	## A single license for the System/38 Front End Processor provides support for both a Series/1 and a System/38 during execution of this FDP. Licensing both the machines can be accomplished by listing the type and serial number of both the Series/1 and the System/38 as the designated machine on the Supplement to the Agreement to IBM Licensed Programs. A separate license is required for each pair of Series/1 & System/38 using this program.
