## AT LAST — AN OFFICIAL PUBLICATION FOR SLICER USERS!

Welcome to "A Bit of News...from SLICER"! This occasional newsletter, as the title implies, is intended specifically for users of SLICER boards and systems. If we have something new and exciting to tell you about SLICER products, this is where you will read it first.

We are pleased to introduce in this issue the latest addition to the SLICER line—a 1MB RAM MEMORY EXPANSION BOARD. The special introductory pricing described inside will be available no where else.

We also look forward to hearing from you. If you have a question, a complaint, or an idea for other SLICER owners, drop us a line. "A Bit of News..." is intended to serve you, our readers.

## A BULLETIN BOARD SERVICE FOR SLICER USERS

You now can exchange ideas with other SLICER users by means of the SLICER BBS. You can also address your questions or comments directly to SLICER's design engineering team. Here is a list of the options you will find on the SLICER BBS:

1. General SLICER news and information.
2. View SLICER manuals.
3. View SLICER software.
4. Leave/Read Message with other SLICER users.
5. Leave/Read Message with SLICER technical staff.

The SLICER BBS is available 24 hours a day, seven days a week, at 300 and 1200 baud. The number is 612/788-5909.
