PROGRESS IS
Enabling commerce for everyone, everywhere

Visa | Visa's mission is to make commerce fast, simple and secure for everyone, everywhere. **To deliver on this vision, Visa built the largest global retail payments network—VisaNet—with the mainframe at its core.** VisaNet connects over two billion consumers to 36 million merchants in over 200 countries. It provides the critical foundation for innovative payment methods around the world.

They ensure every transaction goes through with a ≤ 1 second average transaction time

In 2013, VisaNet processed nearly **90 billion transactions representing $7 trillion in total payment volume**[2]

During peak seasons, VisaNet has delivered **100% system availability for 20 years**

VisaNet has a processing capability of **47,000 transaction messages per second**[4]
