Lotus Notes & Domino

IBM

CREATED WITH LOTUS® SYMPHONY™

Basic facts and figures: IBM's Notes/Domino business

- Over 145 million cumulative licenses sold for Lotus Notes
- Over 12,000 new customer organizations since we shipped ND 8
- The number of active maintenance end-user seats for Lotus Notes/DWA clients has been increasing Y2Y -- **the active installed base is growing**
- Overall, the Notes/Domino business has grown year-to-year in the last 16 quarters, with the cumulative growth rate exceeding 25%
  - Our investment in Notes/Domino is reflective of this growth
- IBM have over *800 people* working on Notes/Domino products in our labs – a significant financial investment in R&D, with comparable investment in sales and marketing
- Lotus Notes and Domino are supported by over 10,000 IBM Business Partners worldwide, with thousands of integrated solutions built on the Notes and Domino platform

CREATED WITH LOTUS® SYMPHONY™

Lotus Notes and Domino 8.x Highlights

- Dramatic new user interface on Notes client – the integration & "mash-up" client
- Strong positive feedback on user experience resulting from outside-in design efforts
- Highest quality compared to its predecessors! PMRs largely "how to" …
- Upgrades and installations exceeding the pace of ND 7.x
- Continued focus on client performance and user responsiveness
- Continued focus on improving Total Cost of Ownership with Domino continues !
- Strong release for server consolidation
- Windows Mobile 5, 6, 6.1 devices, Nokia Exx/Nxx, BlackBerry, iPhone

CREATED WITH LOTUS® SYMPHONY™

Delivered so far in 2008 …

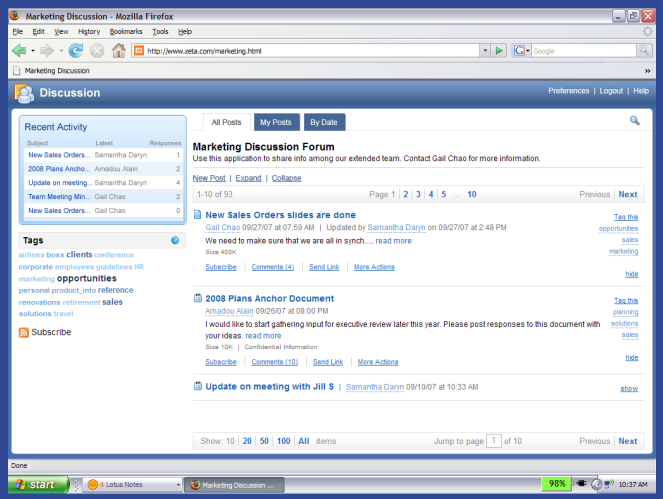
- **Notes/Domino 8.0.1**
- Database / mail box compression
  - Will be around 30% smaller than with previous versions
- Live text
- Widgets
- Domino Web Access Lite
- Integration with IBM Lotus Quickr
- Support for Citrix Presentation Server 4.5
- Support for FIPS 140-2 standards encryption for Lotus Notes e-mail
- Domino 64-bit native support option for Microsoft Windows 2003 and IBM AIX platforms

- **Notes/Domino 8.0.2**
- Domino Web Access changes it's name (again) back to iNotes
  - (Thank you, Product Marketing…)
- iNotes Ultralite
  - Web-mail specifically designed for the Apple iPhone
- Performance enhancements
  - Change to Notes start-up sequence
  - Significant decreases in cold and warm start-up times
  - Uses less memory
- Viewers for Microsoft Office 2007

CREATED WITH LOTUS® SYMPHONY™

Delivered so far in 2009 …

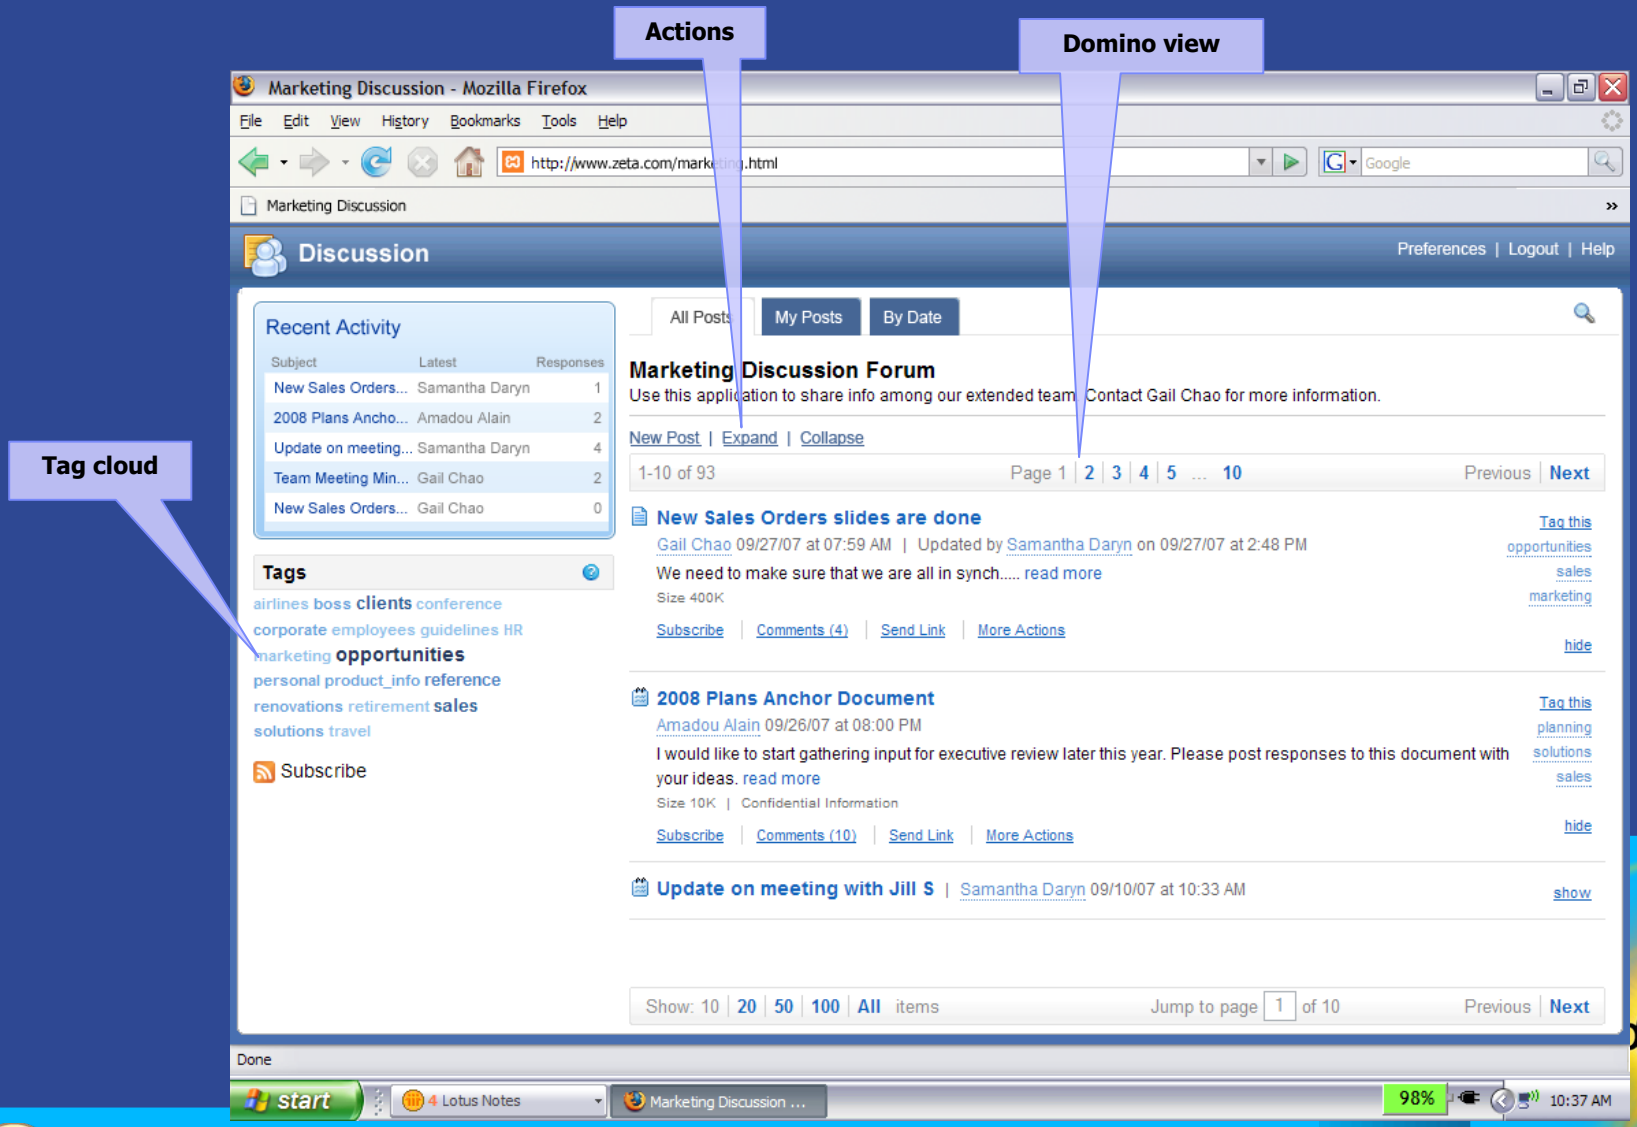
8.5



- **Notes/Domino 8.5**
- Eclipse-based Designer
  - Fastest Web 2.0 dev tool
- Web Application Modernization
- Security simplification
- Roaming User support
- iCal subscriptions & Calendar overlays
- Social bookmarking for Notes docs
- Mac (Leopard) & Ubuntu client support
- Further reducing cost for mail storage
  - Improved attachment handling (DAOS)
- Domino Configuration Tuner
- Improve scalability and QoS
- Lotus Protector
- **Alloy – ND / SAP integration**

CREATED WITH LOTUS® SYMPHONY™

The ND8.5 Discussion Template …



CREATED WITH LOTUS® SYMPHONY™

8.5 Application Development Themes ...

- Provide developers with a modern development tool IDE
  - Do for developers what Notes 8 did for End Users
    - Improve usability and productivity
    - Address various developer pain points from previous versions
  - Attract new developers to the platform
- The Web Has Never looked better
  - Allow developers to build attractive, modern web apps that leverage Web 2.0 technologies with less work
  - Provide means to incrementally update existing Domino Web applications
  -

CREATED WITH LOTUS® SYMPHONY™

Lotusphere 2009

Performance improvements accelerated rollouts...

- Laser-focus on performance in Lotus Notes 8.0.2
- Primary focus on Microsoft® Windows®, but work also done on Linux®
- Areas of attack
  - Cold Startup time – **~50% improvement in 8.0.2 vs. 8.0.1**
  - Warm Startup time – **~75% improvement in 8.0.2 vs. 8.0.1**
  - General responsiveness – **~15% improvement in 8.0.2 vs. 8.0.1**
  - Memory/resource consumption – **~25% improvement in 8.0.2 vs. 8.0.1**
- With more improvements in 8.5
  - ~7% improvement in warm startup and overall responsiveness in 8.5 vs. 8.0.2
- Citrix 32 bit and 64 bit

Hi Lewis,
Here's the address of IBM Bristol:
No. 1 The Square
Temple Quay
Bristol
BS1 6DG
Also, the address of the Ibis hotel in Wembley:
South Way
Wembley
HA9 6BA
One other thing, the TechNote you were asking about is number 1201614 .
Regards
Darren

CREATED WITH LOTUS® SYMPHONY™

Current plans after ND 8.5 ...

- Near term focus - 3 I's of an ecosystem
  - Infrastructure – enablers for deployment, foundation/stack
  - Integration – broaden ecosystem with partners and customers
  - Improvement – functional enablement
-

CREATED WITH LOTUS® SYMPHONY™

Lotusphere® 2009

Infrastructure: Current plans after Domino 8.5

- Directory Independence
- Services APIs
- DAOS expansion
- DCT expansion
- SPNEGO (SSO between IIS and Domino Web Server)
- Notes Client
  - File Server based roaming on Mac and Linux Notes Standard clients
-

All plans are subject to change !

CREATED WITH LOTUS® SYMPHONY™

Lotusphere 2009

Infrastructure: Hosting Solutions Impact

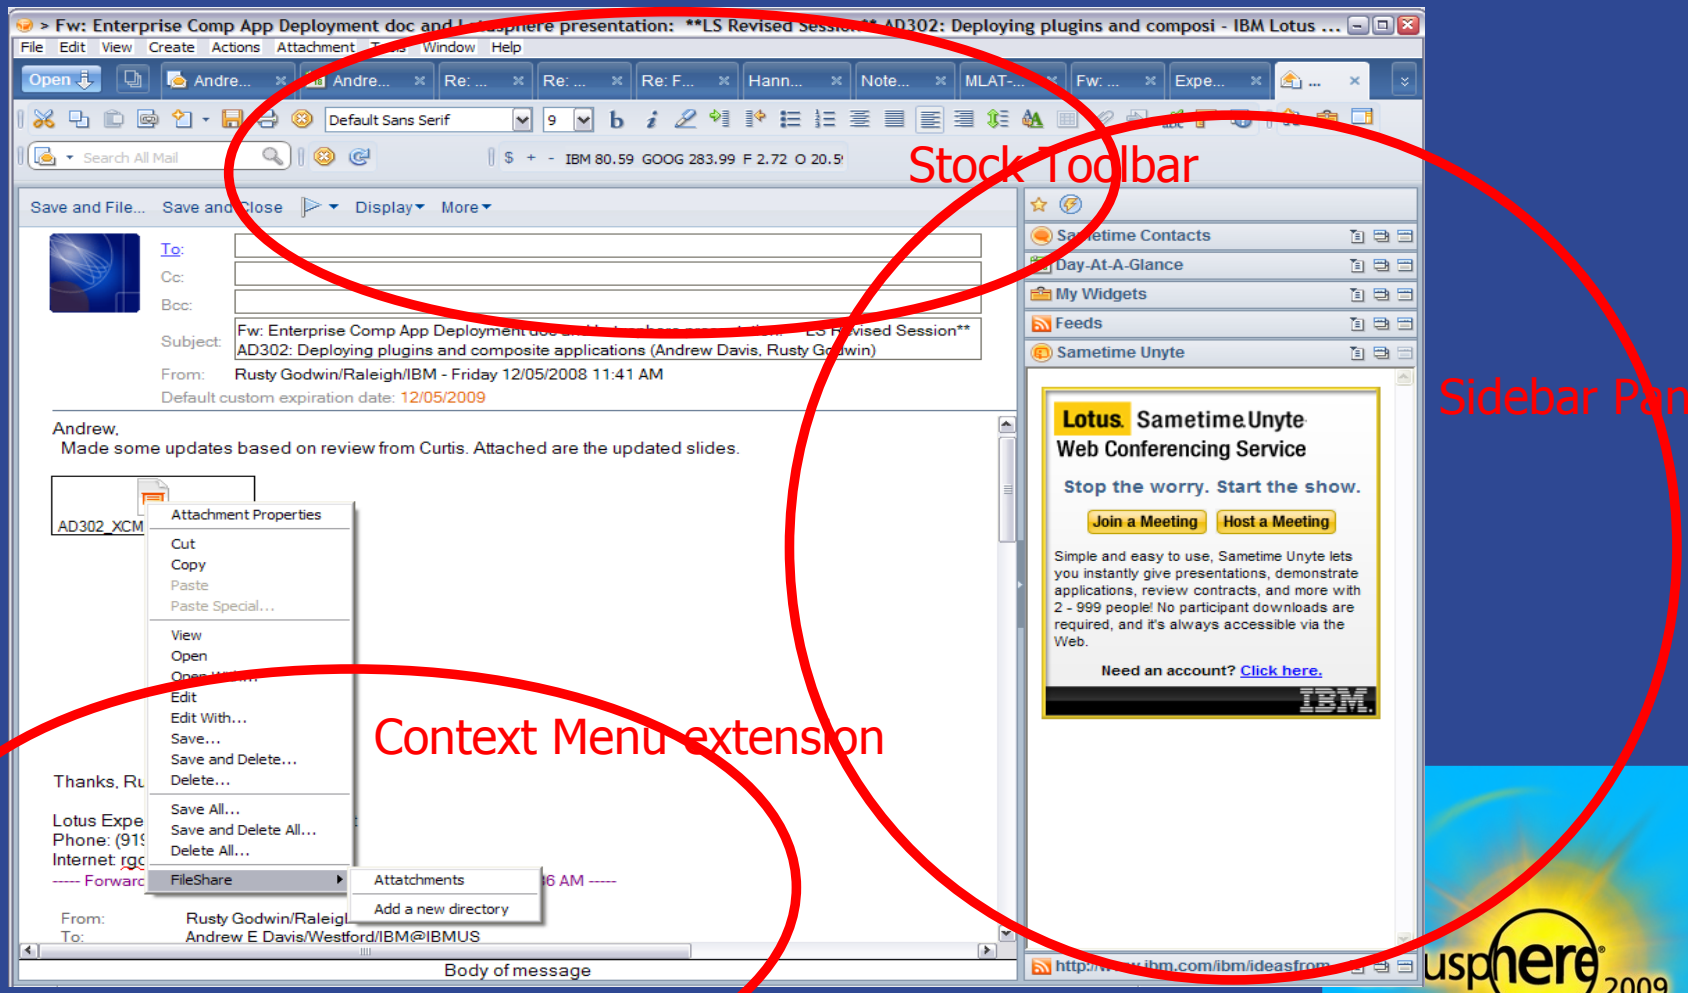
- Domino Development - contributing to and harvesting from Lotus Live
- Drive development contributions to On-Premise
  - Best Practices
  - New feature development delivered in Domino

All plans are subject to change !

CREATED WITH LOTUS® SYMPHONY™

What are we deploying with the Catalog?

- Eclipse Feature and Plug-ins – Global Add-On
-



All plans are subject to change !

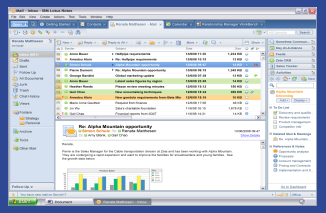
CREATED WITH LOTUS SYMPHONY™

Extending email and collaboration to mobile workers

Email, contacts, agenda, presence, and instant messaging

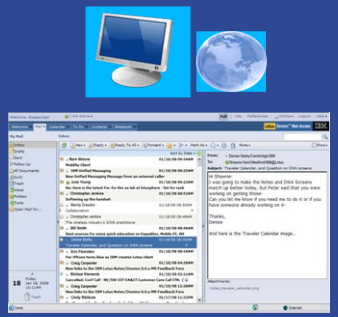
- Lotus Notes Traveler updates
- Symbian
  - Nokia S60 Client updates (part of 8.5.1)
    - Device security management
    - Encrypted email support
    - HTML/Domino email support
  - Samsung Symbian support
- ActiveSync

All plans are subject to change !



IBM Lotus Notes

Rich client



IBM Lotus iNotes (formerly DWA)
