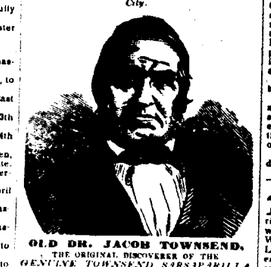
EXTRA CAUTION.

A man by the name of Clapp has recently with a young man of the name of E. F. Townsend, and some his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it the genuine, original, etc. This Townsend is a regular fool never was; but was formerly a worthy on railroads, canals, and the like. To be confound the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived and to purchase none but the genuine original old Dr. JACOB TOWNSEND'S SARSAPARILLA, having on it the old Dr.'s likeness, in family coat of arms, and his signature across the coat of arms.
Principal Office, No. 108 Nassau street, New York City.



OLD DR. JACOB TOWNSEND.

THE ORIGINAL DISCOVERER AND PUTTER UP OF THE *GENUINE TOWNSEND SARSAPARILLA.*

Old Dr. Townsend is now about 70 years of age and has long been known as the author and discoverer of the genuine original "TOWNSEND SARSAPARILLA." Being now he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who have proved its worth and known the value. Having reached the age of three score and ten, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

Healing Power.

Unlike young S. F. Townsend's, it improves with age, and every change, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr.'s Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medical properties, and some properties which are inert or useless, and others, which if retained in preparation for use, produce fermentation and acid, which is pernicious to the system. Some of the properties for Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, when set free by the vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give it all its value.

Genuine Old Dr. Jacob Townsend's Sarsaparilla

Is so prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, or extracted or evaporated, then every particle of medical virtues is secured in a pure and concentrated form; and thus it is rendered incapable of loosing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the cure of

Cure of Innumerable Diseases.

Hence the reason why we hear commendations on every side in its favor by men, women and children, we find it doing wonders in the cure of

Nervous Diseases and Debility,

and thus prevents or removes a great variety of other maladies, as Scrofula Irritation, Neuralgia, St. Vitus's Dance, Swooning, Epileptic Fits, Convulsions, &c. It likewise cures the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation; allays inflammation, purifies the skin, equalizes the circulation, and by so doing, produces a gentle warmth, equally all over the body, and the inestimable perspiration relaxes all structures and tightness, removes all obstructions, and invigorates the entire nervous system. In a word then, the

Medicine you preeminently Need

is the ORIGINAL DISCOVERER AND PUTTER UP OF Townsend's inferior article? Thus young man's liquid is not

COMPARED WITH THE OLD DR.'S

Because of one GRAND FACT that the one is IN CAPABLE OF DETERIORATION, and

NEVER SPOILS,

While the other DOES. Souring, Fermenting, and blowing the bottle containing it into fragments, the sour, acrid liquid exploding and damaging other goods. Mistakes in medicine may be productive of evils to the system? What but acid into a system already diseased with acid? What causes Dyspepsia but acid? Does not all know that when food sours in our stomachs what mischief it produces? Flatulence, heartburn, palpitation of the heart, liver complaint, Jaundice, Rheumatism, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which hang on Erysipelas of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all ulcerations internal and external? Is there anything under heaven, but an acid substance, which soure, and thus spoils, all the fluids of the body, more or less. What causes Rheumatism but a sour acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So, of nervousness, all impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now, as all of the horrible to make and sell, and sell entirely worse to use this

Souring, Fermenting Acid Compound of S. F. Townsend,

and yet he would have have it understood that the Dr. Jacob Townsend's Genuine Original Sarsaparilla, is an IMITATION of his inferior preparation.

Heaven forbid that we should deal in an article which would be a base counterfeit and resemblance to S. F. Townsend's article; and which, should being down upon the old Dr. such a mountain load of disgrace and condemnation from Agents who have sold S. F. Townsend's Souring Compound.
