We all lost marks for these questions. This is injustice? UGC-NET Bureau needs attention on these matters. If Q. are invalid then marks need to be awarded as the type of questions are Multiple choice. Not evaluated in MCQ means injustice to the NET candidates.

Give more suggestions what can we do against such a situation. Shall we go to Court or any else?

### **UGC NET Lectureship Eligibility Test - June 2012**

I am Vinod Kumar. C (Reg. No. 32010257), a General candidate who appeared the UGC NET Lectureship Eligibility Examination, and also I contacted you earlier through e-mail. To day I saw a Supplementary Result & Provisional Eligibility List of UGC NET Lectureship published by you in your site. Sir, I got 62%, 68% and 55.41% for Papers I, II and III respectively and overall 60.92% as per mark list published by you in your site. But I cannot notice my number in the Supplementary Result. Sir I would like to know the Criteria that you used to publish the Supplementary Result. Please include my number If the marks I got from the examination is required for the eligibility that taken by you for the Preparation of Supplementary result. If possible I request you to publish new supplementary result including all candidates who got minimum eligibility condition published by you in the website. Because most of the candidate appeared for the exam was not financially sound. That is why they can't approach the Court to get justice. Thus I pray you to take necessary action to pass the entire candidates and give justice to us.
