"LIF UNION-HT HUST BE PRESERTED." 11 181: 1Y MORNING, MAY 20, 1624.

SECOND SENATORIAL DISTRICTS

B. MARICNY.

Cress:—Ist District, CHI GAYARRE, 24 " JAMES BRADFORD, 3d " J. WALKER.

The northern mail, doe yesterday, lid not come to hand.

Our neighbor of the Argin, whose mind among other will, have been stopped somewhere in Vanker iand, ower got that "maintainburder" and "destructive" extra 10,400 primitly have been stopped somewhere in Vanker iand, ower yesterday heart a letter read, said to have it is more than the properties of the House of the Long o shows, is lugged in gratuitously, and we are called uplivers other good and suffice at eauties, let chair, with method and order. If we were to resome might construe the act as arising from an on our part to cope with him in either ingentity of at-and we are thus or investitate rei obliged to ention upon repetition, assertion upon assertion, denenaupon denegation, follow upon each other's steps -ng a 'and of hodge-podge-not only trying to ourselves, ure must be an intolerable bore to the realer, who write with all the nuxiety of authopation for the Then 2 laconic, and of sileaking our mind with bravity; for cosk upon that quality as requisite to a nord writer, and that

The use we have the first book sent and the small fry of our the first we follow the small fry of our the small fry of our the arrows and discovered interfaces the first state of the small fry of our theory and discovered intellards his discovered with a spannity of extraneous matter, that we entertain serious fears we never should, if frirly engaged with he is added to discoundle ourselves, or find our way the uph first labyrinth of words—no, not even though, like The use we were provided with a cibe of Arnache's celetar, at invariably throws us into a sort of a solution that the gates of the saminastration, and that he gates and may be to return the diposition to the first and mannistration, and that he gates are the amount of the saminastration, and that he gates are the discounted of the small fry of our theory of the saminastration, and that he gates are the discounted of the small first and the gates and the same facts to the first and mannistration, and that he gates are the day were from the same facts to the first and mannistration, and that he gates are the he gates and the gates are the day were in the day were in the first and mannistration, and that he gates are the day were from the day were in the first and mannistration in the first and mannistration in the same facts and the content of th much as we do long-would speakers—and if we are on the same of the content of the indicana will abanden its illowical blustering and absurd monter of treating the subject, and that it will preserve the reduncthed necessary for a public investigation From the Louisville Advertiser.

or or r's to do the best we can. We shall try to be

[Reported for the Real CRIMINAL COURT. May 19, 16 at. Pater Waham has been sentenced by Judge Canonge, e year of supressement and hard labor, for larceny. Sy van Sylvester, found guilty of having stolen, has been seried to seven years hard labor, and to the expen-

Youn extende of the feeling which is now prevailing come the friends of the Administration in this city, and the hower thank may be regarded as a very conclusive to that they are resolved to sustain the President in his and against the money monster and its servile and sla-advocates, it may not be amiss to state that in about a reak past we have received upwards of fifty new subscri-From this fact the public may be enabled to judge the or not the spirit of Jacksonism is dead in Baltimere, as our enemies have asserted. The fact is, that ick soniam here was never more alive or more strong, and the bank men may as well give up all hope of accomplishing any thing here in aid of their cause. Events which town, and finds he cannot realize a profit by building, he will not build, though the mechanic should starve for mas flat upon their backs as if they have been smitten want of employment. If a merchant wishes to borrow m is flat upon their backs as if they have been smitten a thunderbolt,—[Balt. Rep.

If the above be an evidence of the state of public feeling, ten is New Crieans decidedly against the Bank. It is loan But it may be answered that Banks, by loaning money to traders, increase the business of a town. This idea is more specious than real. The business of a place consumers. It is known that we are "tooth and nail," with the itresident in his glorious effort to put down a monired design of the articles of an unicative design of the articles o to ilresident in his glorious effort to put down a monied des- profits arise from the difference between the first cost of poissin, which threatens to subvert, as we sincerely believe the fiberties of the country. Notwithstanding, we have received a flattering accession to our subscription list, and may now boast of having the greatest circulation of any print in fibercity. Whether this arises from a conviction that we are no mornionous, or whether it be from a similar cause to the one Baltimore neighbor, we have represented in favor of our Baltimore neighbor, we greate others to decide.—Ed.] potism, which threatens to subvert, as we sincerely believe, these articles to itscitizens, and the price at which they are

The region of the story of the

Sanfo Donnine o. Marced and Monjas, were all dashed to nices. With the exception of only three or four houses, which have but half exception of only three or four houses, which have but half except destruction, all the rest, both great and small, net with the same fate the churches and convents experienced, and the smaller houses which remained standing were either removed from their former founds it on the inhabited with safety, whence the affrighted population were doomed to suffer the rigors of a burning sun by day, never helper known, and the heavy dews by hight, in a spot where they assembled to implore the Divine mercy for the soils of those whose dead hodies they had collected together.

The country all round was desolate by the night frost and scorching sun by day.

More goods have been sold and more business of every wind the assacted than the natural wants of the place result wants of the pack must be liquidated.—Money is extremely scarce, and themeans must be raised. The land of the farmer, the house of the mechanic and the goods of the merchant, are sold by the sheriff at vast sacribles, and stockholders and directers of the Bank, their favorites and a few extremely prudent or avaricious men, are enriched—but the great mass of the common people, the working men—the hone and since of society—are they assembled to implore the Divine mercy for the soils of these considerations, it is evident that Banks are of

stars of The pane has passed away, and the people at proveing their senses. They have descovered that alrecovering their senses. They have descovered that after an and so long as it asserts without the power of the Bank has been sufficient to create a peak, her effects to continue it have been unavaning-ty and to otherwise or not. We have hain no a west-all do the same whether we possess the Analysis of the errent electroacering slang about distress is stoying her, than if they had in their topic to each the same and taken her from the entropy. Institute has been tardy in the matter, but we hope at lost, that Congress will do the set produce confusion.

They end be induced to be twee that their chance for any power of the Bank, at the matter, but we hope at lost, that Congress will do the matter of the Bank at the continuance of the Ban was appased that such an opinion would contribute powerfully to increase her strength. To some extent this effort has been attended with success, but such an idea is failly cons for the following reasons:

The growth of a town depends on the amount or its

business—its business depends upon natural causes, must command, by its position, the trade of the surrouning country, and be able to convey the products of the sal to market upon better terms than its competitors. Capital is the inevitable and natural after dant of business; and the capses which regulate its diffusion are immutable and

mdependent of Banks; they are not only independent of Banks; they are not only independent of Banks; they are not only independent of Banks, but eventually control them.

Men engage in business for individual profit, and not for the business for individual profit, and not for the business for individual profit, and not for the business for individual profit, and not for there dollars, transport it to market for fifty equits, and sell it there for four dollars, they will deal freely in the article. If they can make nothing, it may rot in the mill, or the grain from which it is manufactured may be rish in the field, and the distress of the miller of may perish in the field, and the distress of the milier of farmer will be alike unbe ded. If a man owns lots in motter from a Rank and the Rank supposes that he is de ing an unsafe business, and his security is insuffic apprehension of his distress will induce her to make the
