REPUBLICAN MEETING. The citizens of the 7th Ward, friendly to the reelection of ANDREW JACKSON, as president of the United States, are re-ctfully requested to assemble at Harvy Norton's on Suurday evening, 20th instant, at half past 6 o'clock for the purpose of adopting suita. ble measures for the support of the electoral ticket.

In the milst of the Balasm which we find in the journals of the two opposite pasties; as to the result of the Pennsylvania elections, we have come to the conclusion, from an examination of the details, that the opinion expressed by the Philadelphia Sentinel of the 4th firstant, may be relied on. "The opposition editors" says the Sentinel, "seem determined to keep their readers in the dark as to the real state of parties in Pennsylvania, until after the election .-This may be considered good policy; but it will certainly end in the disappointment and mortification of their own friends, and probably in the loss of their money. Whatever the advocates of Mr. Clay may believe to the contrary, they may rest assured, that the vote of Pennsylvania will as certainly go for gen. Jackson as it did in 1828. Violence, abuse and proscription will not vary the result, but may hereafter prove disastrous to some interests which now employ them for the purpose of breaking down the democratic party and its candidates."

This view receives confirmation from another article whice we copy elsewhere, from the Harrisburgh Chronicle, I ublished at the seat of of government in Pennsylvania. ALL'S SAFE!
