

New ≠ Unexpected

A thing

What can I know about a thing?

About anything, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about a thing?

Potato

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Rocket

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Water molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Brain

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Mountain

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

World

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Sun

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Paper

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Pencil

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Pen

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Eraser

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Schoolbag

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Classroom

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Playground

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Book

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

DNA

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

RNA

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Gene

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Protein

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Phosphodiester bond

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Peptide bond

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Ribosome

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Chromosome

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

A mechanism

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Light

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Sound

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Atom

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Ion

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Free radical

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Chemical bond

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Electron

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Proton

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Neutron

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Positron

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Photon

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Neutrino

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Magnet

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Electromagnet

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lotus flower

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Rose flower

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Jasmine flower

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Tulip flower

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Dahlia flower

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Mimosa flower

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lavender

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Strawflower

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Coconut tree

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Banana tree

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Banyan tree

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Tamarind tree

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Bamboo tree

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Palm tree

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Sugarcane

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Sandalwood tree

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Computer

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Processor

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Microcontroller

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Software

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Compiler

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Keyboard

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

DVD

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

RAM

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Heart

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Liver

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lung

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Stomach

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lip

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Hip

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Eye

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Ear

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Nose

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Bone

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Nerve

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Neuron

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Synapse

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Axon

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Blood

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Red blood cell

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

White blood cell

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Antigen

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Antibody

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Enzyme

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Insulin

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Cancer cell

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Artery

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Vein

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Kidney

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Testis

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Penis

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Vagina

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Hair

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Face

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Eyelash

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Retina

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Fructose molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Glucose molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Oxygen molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Chlorine molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Carbon atom

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Benzene molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Phenol

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Cholesterol

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Cell

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Mitochondrion

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Chloroplast

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Chlorophyll

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Hemoglobin molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Iron ore

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Sand

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Pot

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lock

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Key

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Door

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Window

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Wall

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Kitchen

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Bathroom

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Bedroom

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Government

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Law

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Prison

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Parliament

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Society

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Family

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Earthworm

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Housefly

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Cat

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Rat

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Tiger

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lion

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Donkey

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Buffalo

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Owl

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Hen

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Snake

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Monkey

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Snail

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Amoeba

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Human immunodeficiency virus

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Information

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

College

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

University

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Action

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Event

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Clock

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Knife

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Gun

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Atom bomb

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

A method

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Nuclear reactor

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lorry

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Bus

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Ship

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Airplane

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Love

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Friendship

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Time

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Space

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Voltmeter

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Ammeter

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Battery

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Microscope

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Wire

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Semiconductor

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Energy

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Engine

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Point

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Line

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Plane

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Volume

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Sperm

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Vacuum

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Force

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Lens

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Table

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Graph

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Chart

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Map

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Calculator

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Bottle

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Equation

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Operator

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Operation

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Operand

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Logic

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Science

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Experiment

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Test

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Analysis

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Synthesis

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Process

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Photosynthesis

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Digestion

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Methane molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Ethane molecule

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

A word

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

A sentence

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

A poem

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Rock

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Soil

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Building

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Cow dung

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Electromagnetic wave

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

Elephant

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

A new thing

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?

An unexpected thing

What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

What else can I know about it?
