Our journals do not contain a syllable relative to the rumored insurrections at Puerto Principe and elsewhere, nor do we learn anything verbally touching the reported outbreaks. The papers themselves are barren of all interest and all intelligence.

Taux Loourocoust.—The Union, unintentionally no doubt, has perperrated a truth in reference to the future action of its party. "We mean to do our duty; and, shafteer face the Juture may wear, we mean to oppose the Administration and its cabut to the bitter end."
