MAYORALTY OF NEW ORLEANS.
MUNICIPALITY NO. ONE.

ORDINANCE concerning the Municipality Notes.

WHEREAS, the council deserves to withdraw all the small notes that are in circulation without additional taxation, and

WHEREAS, it is the opinion of the finance committee, that after the small note circulation shall be withdrawn, the revenue of this municipality, by adhering strictly to economy, will be sufficient to meet the expenditures: Therefore, the finance committee have thought proper to submit to the consideration of the council the following resolutions, which in their opinion will be sufficient to induce the holders of the small notes to come forward and receive from the treasurer certificates at par, bearing five per cent interest, and redeemable in one year from the first of January, 1842.

Be it resolved, That the treasurer of public works and improvements be and is hereby authorized to issue certificates signed by him and countersigned by the controller of the finance department, to all persons holding the small notes issued by this municipality, in exchange at the same, provided that said certificate shall be of no less amount than five hundred dollars.

Be it further resolved, That on all certificates not presented at the expiration of the year, the holder thereof in default of payment be entitled to receive any note issued by the corporation.

Be it further resolved, That this ordinance shall only be in force during two months from the date of its promulgation.

Be it further resolved That the small notes received in exchange of certificates shall be immediately cancelled and destroyed by the committee already appointed for that purpose.
