# Your Comrades are Okay!

Most German soldiers who get into captivity here in Italy know that they will be treated fairly. Nevertheless many of them say: "I didn't think it would be this good!"

We allied soldiers value the German frontline soldier as a courageous opponent. That is why you can count on decent treatment in captivity.

## Treatment of Prisoners of War

- 1.** German PWs are removed immediately out of the battle-zone.
- 2.** They receive the same rations and/or hospital care as our own troops.
- 3.** Their families are notified as soon as possible through the Red Cross. Postal communications with home are speedy and reliable.
- 4.** After the end of the war PWs will see their homes again.

**YOU HAVE THE CHOICE!**

## WHY AM I HERE ?

That is what many a soldier of the 305<sup>th</sup> Infantry-Division is asking ?

### HERE IS THE ANSWER :

The 305<sup>th</sup> Inf' Division serves as Cannon Fodder.

### HERE ARE THE PROOFS :

Other German divisions have been battered in Italy. Some of them were sacrificed for a second time. First at Stalingrad, then here in Italy. Many regiments have lost here up to 70% of their men. Just as these, the 305<sup>th</sup> Inf. Division was already sacrificed once at Stalingrad.

The allied artillery is so superior that German soldiers are talking about a 'constant allied fire-magic'. For every German shell 20 allied shells are fired.

The German Luftwaffe is nowhere. German soldiers are fighting without air-cover. But the Allies have countless bombers, pursuit planes and the 'tough double-rumpers'. The allied flyers go up 20 times as often as the Germans.

### HERE IS YOUR OWN POSITION :

The 305<sup>th</sup> Division has not been put into the lines to attack. Its job is to win time - for others. And what is worse : The German leaders know it.

The 305<sup>th</sup> Division has an unusually high number of Poles, Yugoslavs, Greeks and Austrians. First foreigners work in German factories. Now foreigners are to fight on the German front. Many companies are full of these foreigners. Only units doomed to sacrifice go into battle with so many 'Volksdeutsche'.

The 305<sup>th</sup> Division, completely wiped out at Stalingrad couldn't count on veteran fighters. It consists largely of very young recruits.

The 305<sup>th</sup> Division went through the Genoa region in August. At that time communications still looked a bit better. Today lines of communication behind the 305<sup>th</sup> Inf Division are being battered daily by our air force.

### HERE IS THE CONCLUSION :

THE 305<sup>th</sup> INF/ DIVISION IS CANNON FODDER !

### WHAT IS THE GERMAN SAYING?

What isn't the German saying, God damn all of them!

Yes, the Svabs are asking us to pay their debts. If you made debts, you should pay even if it hurts; even if you almost die in paying it. And if we don't pay, it will be just too bad, and they declare war and take our country. You can take your fucking mother, but not our country.

They are frightening us with war, the ones who need seven to fight a rabbit.

Take it easy, German, shrink a little, because you may find your man, and if you cannot stay in your skin, we shall take you out of it.

You had been here for love, now you want to come to fight. It is all fight, come and come fast. We shall see who is going to be sorry. We can give you one good piece of advice. Come on very long legs, to be able to take long steps in time, we have you on the run. We don't use rifles against you; just a stick, like a dog, and we shall beat you and not even a nerve of ours will budge.

BULGARIA, WAKE UP! THE END OF THE WAR IS COMING!

The help and the victims we are giving daily will not postpone the fall of Germany and that of her allies. The Germans have understood a long time ago, that the war is lost for them--they declare it openly now. We, however, continue to execute their orders, and like fools, follow them towards ruin.

It's about time that we put an end to the criminal activity of our government. It's necessary that we break with Germany...AT ONCE. We can still withdraw and...

STOP THE DESTRUCTION OF OUR CITIES

BETTER OUR RELATIONS WITH RUSSIA

RENEW OUR GOOD RELATIONS WITH THE UNITED STATES

AVOID THE INEVITABLE CIVIL WAR

STOP THE SHEDDING OF BULGARIAN BLOOD.

ALLIANCE WITH GERMANY--THE END OF INDEPENDENT BULGARIA.

FOL

We had been dumbells long enough; we shall now be soldiers!  
It was enough from ocarina; let's have the war trumpets.  
They hit us in the fact, and kick us from behind. My country,  
how long do you want to take it? Don't you wake up until the  
stormy sky put you on fire by lightning. My country, how can  
the words of the thick-headed and small-hearted keep you in  
eternal brakes?  
Or is it the way they say that the Hungarians from weakness and  
cowardice are not able to fight and have no will for it?  
It is a lie, a very dirty lie; the same way that your tongue  
is.  
The Hungarians, they don't boast or rage openly, but they are quiet,  
full with internal fire, like their wine.  
I wish there were a fight, and our blood could flow. You will  
see that the enemy shall die from the very drop of it.  
Hurry up to bring your fame back to the sunshine which was put  
underground and was sullied by the German intrigue and rule.  
Take your sabers out of their sheaths, the way the sun comes out  
of the clouds.  
They should become blind and will become blind, those who look at  
it.  
We had been dumbells long enough; we shall now be soldiers!  
It was enough from ocarina; let's have the war trumpets.
