ELECTORS.

GENERAL—The "Commissioners" of the Administration organ have been created to open the sufficient returns have been received to enable them to form a correct estimate of the next Congress. The same party will have a small majority in the Senate, which is a pleasant reflection to the right-minded portion of the community, but will be powerless to do mischief. With regard to the House of Representatives, the returns from the free States leave no room for doubt that the Whigs have secured a majority sufficient to control the action of the House, and to place the Speaker in the chair. The Democrats will have a majority in the slave States, but not sufficient to counterbalance the Whig majority in the free States. The Democrats will have a majority in the Senate, but not sufficient to counterbalance the Whig majority in the House of Representatives. The Democrats will have a majority in the Senate, but not sufficient to counterbalance the Whig majority in the House of Representatives.

FOREIGN.

From the Liverpool Courier

LOSS OF THE STEAMER FLORIDA

The Florida, Capt. [illegible], left Liverpool on the 1st inst. for New York. She had a full cargo and 100 passengers. She struck on a rock off the coast of Ireland, and was lost. All the passengers and crew were saved.

CANADA.

A day or two since we alluded to the prospect of the Canadian Legislature to close speedily in the Province of Canada. We have since learned that the Governor General has prorogued the Legislature to the 10th inst. The session has been a long and stormy one, and the members will be glad to get home.

FROM CANADA.

Latest News of Rebellion.—Yesterday we received an Extra Courier containing the following dispatches from Canada. We have also received the Montreal papers of the 3d inst. The following dispatches were received by William Bagley, Esq.

The Grand Western train left Montreal at 7 o'clock, on the morning of the 3d inst. with 250 passengers and a large amount of freight. The train was attacked by the rebels at St. Johns, and the following dispatches were received by the Montreal Telegraph Company.
