MISCELLANEOUS.

DR. TOBIAS'S
VENETIAN HORSE LINIMENT.

It is now thirty years since this truly valuable Liniment was first offered to the public, and although it was opposed, it has proved itself the most extensively salvable friend. It has, by its own merits, gained a reputation which is unparalleled in popularity. Unlike most of the pretended medicines of the day, it will not cure "all the ills that flesh is heir to," but it is nevertheless in all diseases of the human body and lungs, such as colds, coughs, catarrhs, bronchitis, inflammation of the throat, spitting of blood, whooping cough, influenza, &c.

In all sections of the lungs, verging on

CONSUMPTION,

it has been found to prevent that dreadful scourge, when all other remedies have failed.

It has also been found beneficial in many cases of rheumatism, diarrhœa, dysentery, summer complaints, and especially in those cases of cholera, which, for want of proper notice, so often degenerate into confirmed chills.

The proprietor would publish hundreds of certificates establishing the efficacy of the

PECTORAL BALSAMIC SYRUP,

but this mode of recommendation has been so much abused that the remaining public attach little or no faith to these certificates. The proprietor is, therefore, willing to let his Syrup stand upon its own merits.

It is not only the most valuable, but the cheapest preparation ever offered to the public; indeed it is so valuable that even children take it without the least difficulty, and it requires no particular diet.

IT IS ALSO THE CHEAPEST,

because the bottles are now hold more Syrup than any other, but, owing to its peculiar composition, this Syrup will keep for years without becoming sour, and a single bottle as required, by simply keeping the bottle corked.

AYER'S AGUE CURE,
FOR THE SPEEDY CURE OF
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache and Bilious Fever; indeed for the whole class of diseases originating in biliary derangements, caused by the malaria of miasmatic countries.

NO one remedy is more called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such a one we have studied to make, and a perfect certainty that it will eradicate the disease, and with assurance, fortified by proof, that its cures are from one time to any quantity.

That which can produce these results must be a remedy of the most searching power, and the most perfect purity. Therefore is it that the Ague Cure of Dr. J. C. Ayer & Co. is offered to the public. Its ingredients are of the most concentrated powers that can be obtained from the vegetable kingdom. They unite a purity in the highest degree, and are so prepared as to preserve their full medicinal virtues for any length of time in any climate. Hence it is that this remedy is found to be the best antidote for the poisonous influence of the fever and ague districts of the world, and the only one that can be depended upon for this class of complaints, and also the cheapest. The large quantities in which it is sold, and the extent to which it is used, bring it within the reach of everybody, and in bilious districts where fever and ague prevails, it is folly and a species of suicide not to have it at hand for use and protection. It is to expel the poison it will purify the blood, and with it the fever as well as the chill. A great superiority of this remedy over a large class of those usually employed for the cure of bilious complaints is that it contains no mineral, consequently it produces no painful effects, and may be taken by the most delicate with perfect safety. Indeed it is now all in use as healthy as if they had never had the disease.

Fever and Ague, to such also the consequence of the irregularities of the season, is a variety of disease which requires special attention, almost which new Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Hoarseness, Bronchitis, Painful Affections of the spine, Pleurisy, Pain in the Bowels, Colic, Paralysis and Derangements of the Liver, Stomach and Kidneys, originating in the same, put on the intermittent type, and consequently come first all alike in the treatment, and consequently cure them all alike. It is the most powerful protection and the most reliable remedy for counteracting or temporarily resisting on the malarious districts, that will be required from the system, and cannot accumulate as with less quantity to ripen into disease, and thus the dose is adapted to the exigencies of the case, and few will require more than one bottle to be permanently cured. Where more is required it can be had at a small cost.

Ayer's Cathartic Pills,
FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so compounded that disease within the range of their action can no more withstand them than fire can the consuming gale. Their sugar coating preserves them always fresh and sound in any climate, and renders them pleasant to take, and innocent, though searching in their effects. Their power to cure is not confined to any one remedy, but to the peculiar virtue of each ingredient of which they are composed. Thus, for example, Cathartic Pills are the best aperient in the world for all the purposes of a cathartic medicine, and will be found the most reliable remedy for Costiveness, Indigestion, Dyspepsia, Liver Complaint, Dysentery, Foul Stomach, Rheumatism, Gout, Neuralgia, Dropsy, Erysipelas, Scrofula, Ulcers, Tumors, Worms, Female Complaints, Gravel, Dropsy, Heart Disease, and for the Blood Disorders. Their sugar coating makes them pleasant to take, as they are the safest purgative that can be administered, and may be given with perfect confidence by any one who knows what a cathartic medicine is. Being purely vegetable, no harm can arise from their use in any quantity.
