CHILICOTHE, May 2, 1840.

"Gentlemen—The only candid and true statement of the matter that can be made, is this: that the charge which was thus first made by Major Allen, of the senate of the United States, is, and was, utterly and absolutely FALSE. It has no sort of foundation whatever. Buch a thing never was done, never was intended to be done, and hever entered into the hearts of the fair, virtuosi, and petrotic ladies of Chilicothe to do. It was a FALSEHOOD in the beginning. It was concocted and conceived as a false-hood! told and utterred as a FALSEHOOD—and republished as a FALSEHOOD, known to be false—received as FALSE, and talked about as FALSE, all over the Union, for years since it was uttered. "In a convention of this State, held in Columbus, not long after the publication of that falsehod, about 150 delegates, (if my memory serves nee as to the number,) from this county, branded the charge as FALSE, and their solemn attestation was received and made a part of the proceedings of the convention; and the oldest and most respectable of our citizens have done the same in their often published certificates.
