MEDICAL.

SAND'S SARSAPARILLA
IN QUART BOTTLES.

For Purifying the Blood, and for the Cure of *Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Mash-Rheum, Pimple, Sores, Erysipelas, Pustules, Blotches, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.*

In this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its constitution, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation that its remarkable success in the cure of diseased depends. It acts simultaneously upon the *stomach the circulation* and the *bowels*; and thus three processes, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent: while gently stimulating the digestive organs, it purifies while it diminishes and expels from the stomach and bowels all that is irritating, and at the same time increases their vigor and tone. Many other preparations imitate it in bearing the name of Sarsaparilla, and in that their resemblance ends, being often prepared from worthless and inert roots, and of coarse poisons as healing or curative properties, and persons in making choice of which they will use should take no other, but that one entitled to their confidence, from the long list of cures it has effected in the living witnesses, whose residence has been published, and who are still bearing daily testimony to its worth.

Agents for Sale by Cards.

PATTERSON, N. Y., 20th, 1851.

MESSRS. A. B. & D. SANDS: Gentlemen—Having witnessed the most beneficial effect from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son. In the spring of 1849 he took the cholera, and after that with weeks of severe suffering the disease settled in his left leg and foot, which soon swelled to the utmost. This swelling was by the physicians and his friends charged most profusely: after that no less than eleven ulcers formed on the leg and foot, and he became bed, suffering the most excruciating pain. During this time the bone had become so much affected that after piece came out, which he has now more than twenty-five preserved a bottle, varying from one inch in one and a half inches in length. We had given up all hopes of his recovery, but at this time we were induced to try your Sarsaparilla, and with the first bottle an appetite began immediately to improve, and so rapid was the change that less than a dozen bottles effected a perfect cure.

Yours truly, I remain, DAVID GILLARD.

The above is a copy of Mr. Gillard, who cheerfully subscribe to the truth of the above statement.

H. & R. S HATT, A. M. THOMBRIDGE,
GEO. T. DEAN, C. EASTWOOD,
Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists and Chemists, 130 Fulton st., corner of William, New York.
