of the Detention of Enemy Combatants (OARDEC)
at U.S. Naval Base Guantanamo Bay, Cuba
2000 Navy Pentagon, Rm 4D545
Washington, DC 20350-2000

Dear Commander [REDACTED]

The family of Fawzi Khaled Abdullah Fahad Al Odah has requested that we submit materials to the Annual Review Board (ARB) on his behalf, to be provided to and considered by the ARB in accordance with Administrative Review Board Process §§ 3(f)(1)(a), 3(f)(1)(d)(7) and Administrative Review Board Process Step-by-Step § 1(g).

Fawzi's parents, siblings, relatives, professors, and friends have sent numerous letters for your consideration, all of which demonstrate that Fawzi is a kind-hearted, selfless, scholarly and nonviolent humanitarian who is held in high esteem by his family and community and would certainly not pose a threat to the United States or its allies if released. Fawzi's father, a retired Lt. Colonel in the Kuwaiti Air Force who fought alongside American troops during the Gulf War, recalls how grateful Fawzi was when American troops liberated Kuwait in 1991, hugging and shaking hands with the soldiers and waving the American and Kuwaiti flags together. Fawzi has never expressed anything but love, appreciation and gratitude towards Americans, and certainly would not pose a threat to the U.S. or its allies in the future. Many of the letters note that Fawzi has always abhorred Muslim extremism and violence, and has severely criticized groups involved in or supporting violence or terrorism.

The letters also provide information about Fawzi's age, work history, education and family status, to be considered by the ARB pursuant to Administrative Review Board Process § 3(f)(1)(d)(10). Fawzi is still a young man, and was only twenty-four when detained. Despite his youth, Fawzi is a University graduate who, according to his professors, always excelled in his

UNCLASSIFIED

studies. After working as a legal researcher for the State of Kuwait, Fawzi became a teacher, organizing cultural and educational activities for his students and others. Fawzi takes his commitment to charity seriously. He has supported aid missions in Somalia, collected donations for poor countries and traveled abroad to distribute them and teach, and frequently visited patients in the hospitals in Kuwait. The eldest of four children, he is greatly missed by his ailing mother and his sister. If Fawzi were permitted to return home to his family and his students, he would undoubtedly resume his educational and charitable activities and be an asset to his community and his country.

Fawzi Al Odah's family would also like to resubmit personal information and documentation that was previously requested by and submitted to the Department of Defense, but which is also relevant to the ARB proceedings under Administrative Review Board Process § 3(f)(1)(d)(10). The "Personal Particulars" document submitted by Fawzi's father contains information about Fawzi's age, marital status, family, and education. Furthermore, the family is also resubmitting documents confirming Fawzi's current employment as a teacher at Dar Al-Quran and his previous employment as a legal researcher for the government, as well as certificates commemorating his many academic and charitable achievements.

Finally, please note that these submissions do not constitute a waiver of the detainee's right to pursue his petition for habeas corpus and related claims brought in *Al Odah v. United States of America*, D.D.C., Civil Action No. 02-828 (CKK).

Sincerely,

Neil H. Koslowe

Dear Sirs,

I am Khaled Abdullah Fahad Al-Owdha, father of the detainee Fawzy Khaled Abdullah Fahad Al-Owdha do hereby send this message to express my happiness and gratitude for this positive step to assess the position of our detainees in the American Marine Base, Guantanamo. This may be good means to release many innocent persons from this jail or hand them over to their Governments.

On this occasion I would like to explain that my son Fawzy is benevolent to his parents and very kind. His mother and I brought him up well in order to be good and productive member in his community. He has good relations and many friendships with many people in his area and colleagues. We have never heard that he committed any immoral act or he adopted any abnormal or queer ideas, on the contrary he severely criticizes the extremist and violent groups that have criminal ideas or who commit awful acts that violate the values of the Islamic religion.

Dear Sirs, in my capacity as a retired pilot and officer in the Kuwaiti Airforce I have the pleasure to state that I received my studies and training in the USA (Texas, St. Antonio) with my colleagues, i. e. American officer and pilots in the same class. In addition I had participated with the American troops and coalition forces in the liberation war of Kuwait (1990-1991). During the Iraqi occupation to my country I had been a leader of the Kuwaiti Resistance Forces under the command of General Khaled Boodai. We had been the long arm of the American Troops inside the Kuwaiti territory and we had undertaken military operations against the Iraqi occupying forces. Further we were the eyes of the US coalition forces and we provided the commander of the air force of the coalition forces, US airforce General [REDACTED] and his assistants with very important intelligence during the occupation and liberation war. I still recall the statement of General [REDACTED] in one interview with "Loss Angeles Times" newspaper in a story written by Mr. Richard A. Serrano dated 4/5/2003 when he was asked about our role during Kuwait liberation war.

General [REDACTED] stated that without our help, "The liberation of Kuwait would have been more costly to the coalition forces and the people of Kuwait". Further I recall the

UNCLASSIFIED

statement of US Col. [REDACTED] who states. "Those resistance guys where heroic, no doubt about that".

I always remember our reception of the American troops following the liberation of Kuwait. At that time I was accompanied by my 13 years old son, Fawzy. I cannot describe to you the extent of our happiness and gratitude, particularly my son Fawzy who started to shake hands and hug the American soldiers. Further he danced and waved with both flags of Kuwait and USA. These historic moments are deeply engraved in the memory of this young guy. It is moments of gratitude, appreciation and love are deeply engraved in his heart and mind. It will be so throughout his life, this guy will never bear anything to the American people and its forces who liberated our country except love, appreciation and gratitude.

From this position and in my capacity as an officer who fought to liberate his country beside your troops that liberated our country, I do hereby appeal you to return my son Fawzy to us. His family and I have greatly suffered from his absence for more than three years. This guy bears you and the American people all appreciation, respect and love. This history and these honorable facts will recommend him, especially when you know that he had never committed any act that requires his detention for this period. On the contrary he had undertaken charitable acts and was assisting others. We have implemented these values and good customs inside him and I think every father should be proud of his son who enjoys such characteristics.

Please accept my sincere thanks and appreciation.

Dear Sirs,

Should you ask me about Fawzy I will tell you much about him because who is well acquainted with him more than his mother? I gave birth to him and spent nights to up bring him and to give him good and suitable education. I taught him to like good and welfare. I had never seen anything bad from him since his date of birth. Every moment passes I recall my best memories with Fawzy since his childhood until he became a youth. He had never disobeyed me. He is calm, balanced, kind, merciful and benevolent to his parents. He has great love for all people, for the poor before the rich, the children before old men. He used to assist us and he had never rejected any demand for any of his brothers and sisters, rather he would be happy to assist all people.

Fawzy is my son and friend who used to tell me about what is he thinking about. He had never hide anything, small or great, about me. He used to consult me regarding his scientific studies and daily affairs. All family members, friends, neighbors, university professors and his seniors like him and they are praying for him. They are always asking about his news and they are looking forward for his return to his country. All people are asking about the reason behind the detention of Fawzy for 3 years. Is it fair to meet good deeds with punishment? Has he anything to do with what is happening? Is his love for welfare considered a crime that deserves punishment? Who can prevent people from doing well? I am his mother and I am suffering very much as I cannot see him or hear his voice. He has always been very kind with me. Whenever I was sick he used to sit beside me, pray for me and give me medication. Moreover he used to sit under my feet and rub my leg that harts me and my head that suffers from headache. Therefore I would become happy. But now and after the elapse of 3 years I have lost the ability to calmly sleep and I am suffering from interrupted sleep, awful nightmares, sadness, continuous worry that requires me to have medication due to the absence of my son. Further I am suffering from joint paints and depression. This is the feeling of a

UNCLASSIFIED

mother who has been deprived from her kind son and who cannot see his face or hear his voice. Further we are suffering from lack of his messages and sometimes its interruption for one year or more.

God knows who Fawzy is and his intentions. Fawzy likes doing well and he is far away from evil, so I pray to Almighty God to release him soon and to stop our sadness for his absence. He is the dearest son, so we hope that God will make us happy and see him again, amen.

Dear Sirs,

I am sister of the detainee Fawzy. I am his younger sister and I appeal you to return him to us safe soon. We miss him very much and we are in dire need for him, particularly me. I miss his smile that makes one relax and his laugh that creates happiness inside me when I hear it. He is a kind brother and close friend to all family members and all of us like him very much. I do not consider him as a brother only, rather I consider him as my dear friend and lover. There is nobody in this world that I can love more than him. He used to play with me and refuse my sadness should I was sad or upset. I consider him rare brother, as he is cheerful, kind and tender with all people. I can tell you that there is not any person in the family or relatives who does not like him. All people are jealous of me because it is rare to have a kind brother who is keen on the happiness of other before his happiness and who is straightforward. Please do not deprive me of my brother who can only make me happy and who is one part of my life. Please return him very soon.

Dear Sirs,

I would like to explain the extent of my love and that of my brothers to our father Fawzy. We are very sorry for his absence. He is a wonderful person. His characteristics rendered him acceptable by every person who knows him. He used to deal with his friends the people and us in general very gently. He is sociable and likes to mix with the people. All the people of our area know and like him. Whenever I recall his picture I imagine him smiling and cheerful. He is kind and gentle with his family and fiends. He is liked also by children. When he used to enter our family house the children used to surround him as they like him. Further Fawzy likes animal breeding and he used to breed pigeons, chicken, birds, goats, and cheep in the garden of the house.

The sentimental, humanitarian and positive aspects are very clear in his personality.

Dear Sirs,

I have been a friend and neighbor to Fawzy for more than 10 years. During these years I lived and traveled with him and he is an example of the righteous man. He is honest and enjoys all humanitarian aspects. Fawzy has always been very polite, of good conduct and enjoys some personality traits. We miss him and his absence created wide gap.

In addition I have greatly benefited from him and he taught me many things and I acquired much information from him. He used to give us from his time to teach and educate us. I had reviewed the Holy Quran, Islamic jurisprudence with him and other issues. Further Fawzy has always been cheerful person and we enjoy his speech. All persons of our area and quarter like him very much due to his morals, sense of humor and good traits that acquired him the love of people.

Moreover he was keen to teach people and he used to sit down with the people to teach and advise them. The people benefited much from him.

I know all these things from the years that I spent with him and many travels during which we were together. I hope he will be back as soon as possible. Fawzy used to assist and like people.

He used to visit patients in the hospitals and relieve their pains. He used to visit them on weekly basis. Further he used to go to Al-Razi Hospital to visit the patients, give them presence and smile in their faces in order to relieve their pains. He likes the welfare of all people.

Whatever I wrote about him will not describe my feelings towards him (Fawzy) and express my love and appreciation. I find myself unable to describe the good behavior of Fawzy.

We hope and we pray to God to expedite his release, amen.

Dear Sirs,

Fawzy Khaled Al-Owda is my elder nephew, Suad Eissa Al-Abdul Jalil and he is one of the grandsons of my late father Eissa Yousef Al-Abdul Jalil.

He is the most distinguished and lovely grandson to all members of the family. He is benevolent, gentle, pious, Muslim without any extremism. He had always observed the teachings of his religion and used to help his family members and friends. He is sincere with all people and he used to assist the needy from among Muslims. In this respect he used to collect money from his family and friends to assist the poor families in Pakistan and Afghanistan and he used to travel there to make sure that this money is distributed among the needy.

However God has wanted something else and he became a detainee at Guantannamu without being guilty. We are awfully sorry for this and we are suffering greatly, particularly his mother and brothers.

Finally I would like to state that I had not a son, and I hope that God would give me pious son like you to be proud of him. You are my dear nephew.

I pray to Almighty God to release you and set you free soon and to return you to your family safe, amen.

Dear Sirs,

I write this letter to express my longing for Fawzy. He is my brother and friend. This friendship is based on his humanitarian and brotherhood attitudes.

All people (his relatives, friends and people of his area) certify that Fawzy is an example of the good person. He behaves well and he likes to learn and educate himself. He used to teach people the principles of their religion since 1996. Further he used to share them their happiness and sadness. Further more he used to create happiness for his friends and relief their pains and solve their problems. Moreover he has always been pre-occupy with the situation of the poor all over the world and this spread of ignorance in some countries. Therefore he started to collect aims from his family and friends for the poor countries. Not only did he collect donations but also he traveled as teacher providing advice and assistance to the ignorant people, the poor and the needy. This is my brother with whom we brought up in one house and lived together for more than 17 years.

The detainee is: my nephew

I would like your Excellency, while considering the situation of my nephew Fawzy Al-Owdha, to take into account that he is benevolent to his parents and very kind with his brothers and sisters. Further he used to visit his relatives and assist the needy with all he can offer. In doing so he has always been seeking the forgiveness of God. He is pious Muslim without extremism or fanaticism. During our family meeting he used to create happiness and cheerfulness. He doesn't have any bad intentions and he had never been violent at any time before, rather he likes doing well at all times and for all people. He used to serve the needy, weak and the poor sincerely wherever they are.

We in Kuwait in general and our family in particular consider the government of the USA as the strong sponsor of freedom, democracy and human rights all over the world. Fawzy had expressed his great appreciation and thanks for the role of the USA in the liberation of Kuwait and he had repeatedly declared this appreciation.

Therefore the release of Fawzy will be considered as confirmation of the role of this great nation in the spread of justice and peace all over the world.

Dear Sirs,

Not only does Fawzy is my nephew, but also he is considered as my son. He was brought up among us since his childhood. I carried him while he was young and I do hereby certify that he enjoys good conduct and behavior. He has always been peaceful, gentle, kind hearted, merciful and he didn't create troubles with others. Further he had never experience the delinquite period of adolescence like most youth. He has always been known to the people of good conduct and behavior and he used to spend his time either at home, work or in the mosque. He had never committed immoral acts, like those committed by most of our youth. Further he had never been astray or away of God. He likes reading the Holy Quran and he memorizes the same and all people certify that he is of good conduct.

I am his aunt Qadriya Eissa Al-Abdul Jalil do hereby declare that he is straight forward, calm and shy.

He enjoys many good personality traits, thanks to God. He has always been merciful and he likes the children and he used to play with them. At the same time he used to respect his elders and endeavors to assist them as certified by all people. Following the elapse of 3 years from the absence of our son Fawzy, I think it is high time to return him to us in order to we restore our happiness once again.

I pray to Almighty God that you will be merciful and noble to achieve justice and equity and return our son Fawzy to us soon. Please note that the remaining period of my age is far less than the past period.

I pray to Almighty God that you will never suffer from the absence of any son of you. Finally please accept my sincere thanks and appreciation.

Dear Sirs,

I had been informed that I could write a message to my dear friend Fawzy Khaled Al-Owdha, thanks to God.

My relationship with Fawzy started in 1992, i.e. about 10 years back and with the passage of time our relationship became stronger. I traveled with him for the first time in 1993 and I had never see anything bad except his goodness, kindness, generosity and his love to assist others.

He has always been keen to do well and he enjoys several good characteristics, such as:

- 1- Kindness
- 2- He had never been selfish
- 3- Generosity
- 4- Good behavior and conduct.

One of the situations that I will never forget is that he had always endeavored to assist me in all my affairs. He endeavored to find me a job and he talk with his father who found me a job in Qurtuba Co-operative Society in 1995.

He had always wished me welfare and he had always advised me to get married. He was an effective element among his friends. He used to smile and all people liked him, especially the people of our area.

Now I miss Fawzy greatly and I hope that he will be back soon in order to restore our beautiful days that we spent together. Please accept my best regards.

Dear Sirs,

I am brother of the detainee Fawzy Khaled Abdullah Al-Owdha

Following the awful on the cruel 3 years which were very awful to me, my family members, relatives and friends due to the absence of my brother Fawzy, we do not lose hope that we will see him once again, God willing. We have great hope in God and we are praying for him as he has ever been an example of good brotherhood and humanitarian attitudes. When I asked him he didn't deny me anything. More than often I repeatedly asked him to purchase some toys for my brother and me. Further he used to play with me and narrate the stories of the prophets and the companions of the prophet to brothers mother and me. Sometime I asked him to teach me some subjects of the primary and intermediate schools in case that my mother is engaged. He taught me the biography of the prophet, peace and blessings be upon him, and he taught me how to add and subtract in the mathematics. Further he memorized me some verses of the Holy Quran which we were studying at School. He was keen to teach me and he was very kind teacher.

He used to pacify me whenever I was angry and he used to ask me to kiss my father and mother's head should they are angry with me. Moreover he used to accompany me to visit his friends or in the picnics or in the voyages. He used to carry me on his back and teach me how to swim. His friend, family members and relatives like him.

I miss him and his nice stories as well as his kind jokes. He is very kind brother and pious person.

Whatever I say and describe my longing for his voice and to see his face after these cruel 3 years. I will never find the words to do so simply because my pen and papers will never express more than one half of my longing to him and will not describe his ideal good character. I swear by God that I miss him. Why do you deprive me from

ideal good character. I swear by God that I miss him. Why do you deprive me from him? Is it because he assists the poor? (Then God is the most helpful). All people of our area are asking about him and they are praying for him because he is innocent and time will tell. I pray to Almighty God to release him and all innocent people, amen.

I have been his friend since 1992.

I became acquainted with Fawzy Al-Owdha when we were adolescents. He is cheerful guy, sociable and he has many friends and he likes doing well.

I remember that he has many humanitarian situations with me. One of these situations that I remember is that he was the first friend to visit me when I returned back from the USA where I was studying. He visit me in the early morning of the first day when I came back and we went out together. He used to conduct me continuously when I was abroad and asked about my affairs.

He was an effective element among his friends and he has sincere efforts to be always in contact with his friends. He had endeavored to make them happy and to create an atmosphere of happiness and cheerfulness. These are the features that rendered him lovely among us. He had always been asking about and caring for us and he was keen to create an atmosphere of love and cheerfulness. All people of the area liked him and he had never any aggressive attitude or enemies. We are still remembering him and his place in our hearts is still empty.

Dear Sirs,

I have always greatly loved my brother Fawzy, as he is my brother and friend. He used to advise me, and share me my sadness and happiness. Despite the fact that it is suffice to be my brother to like him, yet his acme principles have always been enough cause to make me love him greatly. I do not mention this alone, but I can tell you that this is the opinion of all his family members, friends and neighbors who are praising him and remember his smile. He used to be kind with the children and respect his elders. Further he has always been merciful with the servants and the poor. Further more he used to do well with relatives and foreigners.

All people and me are missing him, as he is actually the torch of the house.

Dear Sirs,

Fawzy I am happy due to all I heard about you. You are like my brother and you were my teacher. You used to voluntarily teach me how to memorize the Holy Quran and Islamic subjects, such as the "Biography of the prophet and his companions".

Fawzy enjoys sense of humour and patience. He had never adopted any aggressive ideas, rather he used to advise those in default.

Fawzy was the first one I like for his good conduct and behavior. Fawzy is older than me, but he considers me as his friend.

Should Fawzy absent himself we feel that we lost very important thing. He has always been happy, patient, gives advise and he does not fear, but Al-mighty God.

We pray to Al-mighty God to return him safe as all people like him.

Dear Sirs,

D Fawzy Al-Owdha is my nephew and he enjoys good personality and behavior. He is straightforward and likes the people and old people. He is excellent in his study since his childhood. He was keen on visiting his relatives and he was benevolent to his grandmother during her period of sickness. He stayed with her in the USA, at Huston, Anderson Cancer Hospital and after her return home from the USA. He was very kind with her and spent his time with her. He liked her and she likes him.

I pray to Almighty God to expedite his return and restore our happiness as we had ever been with him.

He went to Pakistan to see what kinds of honey they had there sometime in late 2001. He did not take his wife and children because he expected to be home soon. He used to call home to the family from there once or twice a week. He said that he had seen some honey, and that he would be coming home soon.

To my knowledge, he was never in Afghanistan, and our understanding is that he was arrested in Pakistan, in a Mosque while he was praying.

We learned on the internet that he was in Guantanamo, because his name showed up there. Later, we received letters from him. In his letters he insisted that he was innocent of any crime, and did not do anything wrong. He said, do not be afraid, because he has not done anything.

This has been very difficult on his wife and children. The children are always saying is my father coming tomorrow? The youngest child waits every day by the door, saying her father is coming right now, but he never does come. It has been three years since they have used the word "father" to anyone, which hurts them a great deal. Every day her grandfather gives the youngest money and she goes to buy something for her father, but in the end she has to eat it as he is not there.

Affidavit of Samir Ahmed Al-Sarim

Comes now, Samir Ahmed Al-Sarim, under oath, and makes the following declaration in Sana'a, Yemen:

I am the brother of Saeed Ahmed Al-Sarim who is being held in Guantanamo Bay.

My father is Ahmed Al-Sarim. He sells the famous honey from Yemen, and also runs a store. My mother is a housewife. There are five boys and four girls. Saeed is the fourth boy. I am his older brother, two years older than him.

I am a teacher of Islamic education in a government school. My older brothers both work in the store.

Saeed is 29 years old. Growing up, he loved football, and is a particular fan of Alnaar, which is a team in Saudi Arabia. He is a very good footballer.

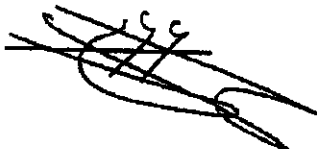

He was also very keen on studying in school. His favorite subject was math.

He was always afraid as a child. When someone would come to beat him up he would always come to me to have me defend him.

Saeed always wanted to be a businessman. He would buy and sell honey and other things.

We were both married on the same day, in a joint wedding. Saeed's wife is Wafa, and they have two daughters, Ala (who is seven years old) and Ghada (who is four).

My brother was normal when it came to religion - he was not strict. He would shave.

Re: Administrative Review Board; Salman Bin Ibrahim Bin Mohammed Bin Ali Al-Kalifa,
ISN #246 (u)

Dear CDR [REDACTED]

- (u) We are the attorneys for Salman Bin Ibrahim Bin Mohammed Bin Ali Al-Kalifa (ISN #246). We make this submission to the Administrative Review Board ("ARB") pursuant to directions provided by you and [REDACTED], senior trial counsel, United States Department of Justice. We request that you forward this document to the ARB that will review the detention of Mr. Al-Kalifa.
- (u) Mr. Al-Kalifa's release must be recommended because there is simply no evidence that Mr. Al-Kalifa has ever threatened the United States or its allies in any ongoing conflict with al Qaida (or al Qaida supporters), and there is no reliable evidence that Mr. Al-Kalifa is of intelligence value. See Department of Defense Memorandum dated September 14, 2004 Regarding Implementation of Administrative Review Procedures ("Memorandum") at p. 2, Encl (3) at p. 3 (addressing standards of review).
- (u) To date, no agency of the United States government has even alleged that Mr. Al-Kalifa was involved - peripherally or otherwise - in any violent or non-violent activities against the United States, its allies or its interests in any context. Indeed, the unclassified summary of the evidence against Mr. Al-Kalifa found in the Combatant Status Review Tribunal ("CSRT") file makes absolutely no mention of any such activities. Therefore, even assuming, for argument's sake, that the allegations in the unclassified summary are true,¹ Mr. Al-Kalifa would have done little more than travel to Afghanistan to study with a scholar prior to the onset of hostilities between the
- (u) Neither Mr. Al-Kalifa nor his counsel accept the veracity of the conclusory statements contained in the unclassified summary.

United States and the Taliban. By no reasonable or logical standard can it be considered a legitimate threat to the United States or its allies for a person to travel to a country that is not at war with the United States for purposes of theological study.

~~(S//NF)~~

[REDACTED]

~~(S//NF)~~

With respect to intelligence value, the classified CSRT records contain nothing but the most rank speculation and vague innuendo.

[REDACTED]

Indeed, to find that Mr. Al-Kalifa's detention is warranted based on supposition of this sort would render meaningless the standards enunciated in the Memorandum, especially considering that Mr. Al-Kalifa has already been interrogated countless times..

- (u) In sum, the government has never alleged that Mr. Al-Kalifa did anything that made him a threat to the United States or of intelligence interest. As such, there is no basis to find that Mr. Al-Kalifa is a threat or should be held for any other reason. Therefore, his release must be recommended.
- (u) In making this submission, we do not waive, and expressly reserve, our right to challenge the ARB proceedings and any final determination on constitutional, statutory and other grounds before any court of competent jurisdiction. Due to restrictions on attorney-client communication imposed by the government, we have been unable to speak with Mr. Al-Kalifa regarding this submission.

Summarized Administrative Review Board Detainee Statement

The Presiding Officer called the Administrative Review Board to order and announced the purpose for the hearing noting that the Detainee elected to not attend proceedings.

The Designated Military Officer administered the oath to the members of the Administrative Review Board.

The Designated Military Officer administered the oath to the Assisting Military Officer.

The Assisting Military Officer presented Exhibit EC-a, the Enemy Combatant Notification Form to the Administrative Review Board.

The Assisting Military Officer presented Exhibit EC-b, the Enemy Combatant Election Form to the Administrative Review Board noting that the Detainee had elected to not participate in Administrative Review Board proceeding.

The Presiding Officer confirmed that the Assisting Military Officer met with the Detainee and verified that the following conditions were met: The Detainee was informed of his rights in regard to the proceeding, the Detainee appeared to understand the process, the Unclassified Summary of the Evidence was read to the Detainee, a translator was used during the interview, and the translator spoke the same language as the Detainee.

The Designated Military Officer presented Exhibit DMO-1, the Unclassified Summary of Evidence to the Administrative Review Board.

The Designated Military Officer gave a brief description of the contents of Exhibit DMO-1 the Unclassified Summary of Evidence to the Administrative Review Board.

The Designated Military Officer stated that he had no further unclassified information to present to the Administrative Review Board and requested a closed session to present classified information relevant to the disposition of the Detainee.

The Presiding Officer opened the board to the Assisting Military Officer to present information on behalf of the Detainee.

Presiding Officer: Assisting Military Officer, did the Detainee request that you present information to this Administrative Review Board?

Assisting Military Officer: Yes he did sir. I'm going to provide specifics now. In late December of 2004 I met with this Detainee who was not very forthcoming during that briefing. He appeared uncooperative and generally unresponsive and provided me the following comments:

He stated at that meeting that everything in the Unclassified Summary was a big lie and that America had no choice but to keep him locked up since it would look bad if they released him after holding him for three years. Again he stated that everything is a big lie and that all the accusations were made up. However, he also stated, after we reviewed in detail the Unclassified Summary with him, that he lived in Yemen all his life until he left for Afghanistan and that he never returned to Yemen after leaving Afghanistan. Based on that interview sir, I had a doubt whether he was going to be a participant or not. He didn't give me any clue whether he was truly going to elect to attend this hearing or whether he was going to be in abstentia. Earlier this morning when we brought him to the interview room to do a last minute interview and see if he chose to attend or not to attend, he appeared to be more interested in the proceedings but still elected not to attend, however, asked me to review the Unclassified Summary with him and present his answers in absentia. During that interview as we were again going over the Unclassified Summary, he repeatedly and strenuously commented that his name was not Al Haj and that this Al Haj who was referenced in the Unclassified Summary must be another individual and although there were similarities possibly in their names, he was adamant that he was not the individual that the summary had been written about. For example, he said that when he was interrogated in Bagram they, being the interrogators that were doing these interviews with him, referred to him as Al Haj and he told them that he was not this Al Haj that they were referring to. During that interview they also told him that yes they arrested an Al Haj and they were relatively convinced that he may not be the Al Haj that they were referring to. He also stated that his Personal Representative during the CSRT interview also called him Al Haj and although he had never previously heard him referred to as this with the exception of this interrogation that occurred in Afghanistan, he elected not to attend the CSRT but also did not make a point of correcting his Personal Representative by using this name because he felt the entire summary was a body of lies and he elected to not attend and not say any more about it. After he made those comments, again I went down the Unclassified Summary of Evidence line by line to solicit his answers and I'm going to read those now sir.

3.a.1. Al Haj voluntarily traveled from Yemen to Afghanistan.

Assisting Military Officer: He said that he did in fact leave Yemen on his own to travel to Afghanistan. He didn't provide me a lot of detail regarding that specific comment.

3.a.2. When Al Haj arrived in Afghanistan, the Detainee was picked up in a car by a group of Taliban and driven in Kandahar.

Assisting Military Officer: The people that picked him up in Afghanistan, he was not aware they were Taliban. He did not know any of them personally and he had never met any of them prior to them picking him up to take him to his final destination.

3.a.3. Once in Kandahar, Al Haj stayed at a Taliban guesthouse for 2 to 3 weeks.

Assisting Military Officer: He did stay at a guesthouse, he was not aware that it was operated by Taliban of any kind. He did not know anybody at this guesthouse and his purpose for being there was to teach children the Koran.

3.a.4. Upon arriving in Kabul, Al Haj stayed in another Taliban guesthouse, known as Kabul House for a week.

Assisting Military Officer: Yes he was in Kabul for about a week. Again, he did not know it was associated with the Taliban in any way. His only reason for being there was to rest and visit the city.

3.a.5. Al Haj admitted he agreed to serve the Taliban.

Assisting Military Officer: He never admitted he agreed to serve the Taliban; that is absolutely incorrect. The only thing he ever agreed to serve were the Afghanistan people by teaching them the Koran.

3.b. Al Haj participated in military operations against the coalition.

3.b.1. Al Haj was posted on the front line in Bagarah for a month, where he carried a Kalashnikov.

Assisting Military Officer: When he was interrogated previously, he told them he was at the back lines not the front lines and that he never carried a weapon of any type. His purpose for visiting the rear lines was that he had heard when he was staying in this guesthouse that there was some disagreement or possible argument occurring among the Afghanis' who were at that location and that he wanted to go visit it for his own reasons. He was basically curious about the disagreements and wanted to see if he could possibly provide assistance.

3.c. Al Haj is an al Qaida member.

3.c.1. Al Haj is a suspected courier and recruited for al Qaida. Al Haj went home to Yemen often (every 5 or 6 months).

Assisting Military Officer: He is definitely not al Qaida, has never been associated with al Qaida in any way. He says that we can check with the Yemeni government regarding his travels back and forth between these countries. He only traveled from Yemen once and that was the time that he left Yemen to travel to Afghanistan. He has never been back to Yemen since then and he had not previously left Yemen until that one trip. Again, he was strenuous in stating that this information could be easily verified by checking with the Yemeni government.

3.c.2. Al Haj's name was found on a document listing Arabic names recovered from an al Qaida safe house in Karachi, Pakistan.

UNCLASSIFIED//~~FOUO~~

3.c.3. A foreign government listed Al Haj as an al Qaida member whom they believe to be in Afghanistan as of 15 December 2001.

Assisting Military Officer: He was not in Afghanistan in December 2001. He has no idea how his name could be on any document listing him as being associated with al Qaida and this again must be the Al Haj that he says he is not, the different Al Haj. Sir that concludes my comments regarding the interview with the Detainee.

Presiding Officer: Thank you. Does the Designated Military Officer have any other unclassified information to present to this Administrative Review Board?

Designated Military Officer: No Sir.

Presiding Officer: All unclassified information having been provided to this Administrative Review Board this concludes this unclassified Administrative Review Board session.

Summarized Administrative Review Board Detainee Statement

The Presiding Officer read the hearing instructions to the Detainee.

Presiding Officer: Bader Al Bakri Al Samiri is your health okay today?

Detainee: No

Presiding Officer: Are you strong enough to endure this proceeding?

Detainee: Yes

The Presiding Officer continued by explaining the purpose and process of the Administrative Review Board and confirmed that the Detainee understood the process.

The Assisting Military Officer presented Exhibit EC-A, the Enemy Combatant Notification Form to the Administrative Review Board.

The Assisting Military Officer presented Exhibit EC-B, the Enemy Combatant Election Form to the Administrative Review Board.

The Designated Military Officer presented Exhibit DMO-1, the Unclassified Summary of Evidence to the Administrative Review Board.

The Designated Military Officer began to give a brief description of the contents of Exhibit DMO-1 the Unclassified Summary of Evidence to the Administrative Review Board and the Detainee interrupted.

Detainee: Do I talk now or does my Assistant Military Officer?

Presiding Officer: Mr. Al Samiri, you will be given a chance to talk, but not right now.

The Designated Military Officer continued to give a brief description of the contents of Exhibit DMO-1 the Unclassified Summary of Evidence to the Administrative Review Board.

The Designated Military Officer confirmed that he had no more additional unclassified information to present and requested a closed session to discuss classified information relevant to the disposition of the Detainee.

The Presiding Officer opened the Administrative Review Board to the Detainee to present information with the assistance of the Assisting Military Officer.

Assisting Military Officer: Sir, the Detainee would like to make an oral statement and he would like to have his statements read.

Presiding Officer: Bader Al Bakri Al Samiri, do you want to make your statement under oath? An oath is a promise to tell the truth and we have prepared a Muslim oath if you wish to use it. We do not require an oath. Mr. Al Samiri, do you speak English?

Detainee: A little bit, just a little bit.

Presiding Officer: A little bit, okay. Was there a response to the oath? Did he wish to use an oath...to take an oath?

Detainee: I do not know anything about that subject. I would rather just talk.

Presiding Officer: It will be truthful to the best of your knowledge?

Detainee: I only know the truth.

Presiding Officer: Bader Al Bakri Al Samiri, you may begin.

Detainee: My name is Alwad Awath and that is not my name, that is the first thing. Second thing that you read to me and I understood it. Third thing, I do not have any hostility toward any person and would like to whole world to live in peace. Fourth, me leaving Saudi Arabia, it was just for a vacation for a week or two and I wanted to help others any way I could help. I knew this group called Lashkar E Tayyiba, I knew about it by Hash, through a man. He told me about a visit to Pakistan.....If there are other things, I will tell them in other sessions. I do not have anything else. Do you have any questions for me?

Presiding Officer: Yes, when you have more information to say in other sessions, have those been sessions before today?

Detainee: No.

Presiding Officer: Would he like for us to drop the Bader part of his name or the Al Wad part of his name?

Detainee: It's Awath.

Presiding Officer: Drop it? Delete that, too?

Detainee: Awath, his Father's name.

Presiding Officer: Okay, so it's pronunciation problems? Bader Awath Bakri Al Samiri does that conclude your statement?

Detainee: I spoke to my Assisting Military Officer and he will complete my statement.

Presiding Officer: Assisting Military Officer you may make a statement on behalf of Mr. Al Samiri now.

Assisting Military Officer: When I started my interview with the Detainee, the Detainee stated that the name on the Unclassified Summary of Evidence is not his name. The evidence may pertain to different individual. The Detainee stated that his name was Bader Al Wath Bakri Al Samiri. The Detainee said he is poor and innocent. After reading the Unclassified Summary of Evidence, the Detainee stated that only a small portion of the evidence is accurate. Under Commitments on the Unclassified Summary the Detainee stated that paragraph one was true and that paragraphs two through seven were not true. Under the section of Training on the Unclassified Summary, the Detainee stated that paragraph one was true. Paragraph two had nothing to do with him. The only portion of paragraph three that is true is the fact that he did some mountain hiking while he was in Afghanistan. Paragraph four was strongly false. Under Connections/Associations on the Unclassified Summary the Detainee stated that paragraphs one through three could not be true. Under section Intent on the Unclassified Summary the Detainee stated that he never made the statements contained in paragraph one through four. The Detainee stated that the information in paragraph "E", that section's labeled as other relevant data, that information is not true. Under the last section on the Unclassified Summary which is labeled factors favoring release or transfer, the Detainee stated that a. through f. were not true and that paragraphs g. through j. were accurate. That is all I have.

Detainee: My name on your paper is wrong. You put an "A" in my name.

Assisting Military Officer: Explain to him that I did make the statement that the name on the Unclassified Summary was not his name.

Presiding Officer: For the record, let's go letter by letter and spell this name accurately. First name.

Detainee: What you have is all correct. He meant in Arabic.

Presiding Officer: Okay.

Detainee: Bader, can be the same.

Presiding Officer: B-A-D-R

The linguist confirmed the spelling.

Detainee: *(the linguist stated on his behalf)* AWATH, he would like for you to spell A-W-A-T-H.

Presiding Officer: Okay.

Presiding Officer: B-A-K-R-I,

Detainee: Bakri is correct, then second, A-L -S-A-M-M-R-I

Presiding Officer: Two M's or one M?

Detainee: One M.

Presiding Officer: I-R-I

Detainee: What you have is written in English. It doesn't translate into English.

Presiding Officer: Okay, so it's B-A-D-R A-W-A-T-H B-A-R-K-I B-A-K-R-I
A-L- S-A-M-I-R-I.

Detainee: Correct.

Presiding Officer: Okay.

Assisting Military Officer: May I make a statement? The name that I have on the interview summary was the name that I took off his Detainee Identification Card. It was on the Detainee's card.

Presiding Officer: For the record, we have it straight now.

Presiding Officer: Assisting Military Officer, do you have any questions for the Detainee?

Assisting Military Officer: No sir.

Presiding Officer: Designated Military Officer, do you have any questions for the Detainee?

Designated Military Officer: No, sir I do not.

Presiding Officer: Do any of the Administrative Review Board Members have any questions for the Detainee?

Presiding Officer: Mr. Samiri, would you wish to add now?

Detainee: The soldiers, they lie about us a lot. They lie a lot about us. They say that incidents happen and it did not happen. I threatened and I spit at somebody, it happens a lot that they write down that we spit, but we did not spit.

Presiding Officer: The soldiers that you described are the guard force at this installation?

Detainee: Yes.

UNCLASSIFIED//~~FOUO~~

Presiding Officer: Not soldiers who took you into custody in Pakistan?

Detainee: Their treatment was worst than when we were arrested in Pakistan.

The Presiding Officer confirmed that all unclassified information had been presented to the Administrative Review Board and closed the open session of the hearing.

The Presiding Officer explained the reminder of the Administrative Review Board process to the Detainee and adjourned the open session.

The Translator was sworn.

The Detainee entered the proceedings.

The Presiding Officer announced the convening authority and purpose of the Administrative Review Board proceedings.

The Administrative Review Board members were sworn.

The Assisting Military Officer was sworn.

The Presiding Officer asked the Detainee if he wishes to make a statement under oath. (Muslim oath offered).

The Detainee accepted taking the (Muslim) oath and also took the standard oath.

The Presiding Officer read the hearing instructions to the Detainee and confirmed that the Detainee understood.

The Assisting Military Officer presented the Enemy Combatant Notification form, Exhibit EC-A, to the Administrative Review Board.

The Assisting Military Officer presented the Enemy Combatant Election Form, Exhibit EC-B, to the Administrative Review Board.

The Assisting Military Officer read the AMO Comments from the Enemy Combatant Election Form, Exhibit EC-B.

Assisting Military Officer: The detainee's ARB interview was conducted on 21 November 2005 and lasted 40 minutes. After the ARB's purpose and procedures the Arabic translated Unclassified Summary of Evidence was read to the detainee. The detainee indicated that he understood the difference between the CSRT and the ARB. When asked if he wanted to attend the ARB, present a written or oral statement, or have the AMO speak on his behalf, the detainee said, "Yes! I would like to attend and gladly answer allegations myself. I don't have any letters to give." The detainee was very polite, attentive, and would like to respond to the Unclassified Summary of Evidence

after each point is read. A copy of the English and Arabic translated Unclassified Summary of Evidence was given to the detainee for his review.

The Designated Military Officer presented the Unclassified Summary of Evidence, Exhibits DMO-1 and DMO-2 to the Administrative Review Board.

The Designated Military Officer stated that a copy of these exhibits had been previously distributed to the Assisting Military Officer and Detainee.

The Presiding Officer noted from the Enemy Combatant Election Form that the detainee wanted to respond to each item of information from the Unclassified Summary as it was presented.

The Designated Military Officer gave a brief description of the contents of the Unclassified Summary of Evidence, Exhibit DMO-1, to the Administrative Review Board.

Designated Military Officer: The detainee claims that he stayed with an Imam for two to three days. During this time, the Imam gave the detainee money and suggested that the detainee should direct his life toward Jihad. The two discussed the Jihad in Chechnya.

Detainee: Yes

Designated Military Officer: In a video that was obtained from a senior member of al Qaida's residence, the detainee claims that he was recruited to join the Jihad in Chechnya.

Detainee: Do you mean me when you say senior member of al Qaida?

Presiding Officer: No, the video was obtained from the residence of a senior member of al Qaida.

Detainee: That's not true.

Presiding Officer: So you did not appear in the video that was made by al Qaida?

Detainee: Yes, I was in the video but I did not say that I joined to fight in Chechnya.

Designated Military Officer: The detainee claims that he stayed at an al Qaida guesthouse in Kabul.

Detainee: It wasn't my choice, I was hated. They believed that I was a spy, so they took me to the camp by force. If I were a member of al Qaida, they would not accuse me of spying. They do not accuse their members of spying.

(Revised 25 Nov 05)

Designated Military Officer: The detainee stated that he attended the al Farouq training camp in Kabul, Afghanistan between January and February 2000.

Detainee: True.

Designated Military Officer: While at the camp, the detainee claims that he received training in small arms, assault weapons (i.e., AK-47, G3 and M-16) and various other Russian and Saudi made weapons. The detainee also received training in mountain fighting tactics.

Detainee: It's true that I attended training for small arms, but it is not true that I attended training for tactics to fight in the mountains. I was only there for 18 days and this training takes three months.

Designated Military Officer: An associate of the detainee stated the detainee admitted to receiving military training outside of Afghanistan.

Detainee: This is a lie. If I were trained outside of Afghanistan, the training requires at least three months. From the day I finished attending the University to the day I went to Afghanistan it was only one month. I went to the Embassy of Canada, the Embassy of Germany, the Embassy of the United Nations and the Embassy of the United States to seek political asylum. This happened within days of me leaving my home and my University.

Presiding Officer: Did this happen before or after you met with the Imam?

Detainee: Before.

Designated Military Officer: An associate of the detainee claims that the detainee was possibly an agent for a foreign government.

Detainee: This is a lie. If I were an agent working for a foreign government it would be for the United States. I was accused of spying for the United States. If I were an agent for the United States I would not be sitting here right now. I would be out enjoying life.

Designated Military Officer: The detainee claims that after a dispute with his father over a loan the detainee received from a friend, the detainee attempted to leave the United Arab Emirates.

Detainee: True.

Designated Military Officer: The detainee claims that he sought asylum with numerous countries.

Detainee: True.

Designated Military Officer: The detainee claims that he requested to leave the training camp after eighteen days. As a result, the detainee claims that he was suspected of spying.

Detainee: True.

Designated Military Officer: The detainee claims that while at the guesthouse, he worked on repairing and servicing heavy weapons. The detainee claims that he did not have any experience in this field and he learned on the job.

Detainee: I participated in cleaning weapons not fixing them. I never used heavy weapons in my life and it took me five days to clean these weapons.

Designated Military Officer: An associate of the detainee claims that the Taliban tortured the detainee to the extent that he had little use of his right arm. As a result, the detainee spoke poorly of the Taliban.

Detainee: This is true. I am showing you my hands. The fingers on my right hand cannot join together and if you look at them closely they are not the same as my left. My left one I can move, but my right one I cannot.

Designated Military Officer: The detainee claims that al Qaida tortured him until he admitted he was a spy.

Detainee: Yes, they claimed I was a spy for the United States.

The Designated Military Officer confirmed that he had no further unclassified information and requested a closed session to present classified information relevant to the disposition of the Detainee.

The Presiding Officer acknowledged the request.

The Presiding Officer opened the Administrative Review Board to the Detainee to present information with the assistance of the Assisting Military Officer.

The Presiding Officer had the Assisting Military Officer read the Detainee Comments from the Enemy Combatant Election Form, Exhibit EC-B.

The Assisting Military Officer stated that he had no additional comments.

The Detainee made the following statement:

Detainee: I have four points I would like to talk about. My behavior in the camp is very good. The last six months I have been classified in level two. For the period I have been here I have not created any problems, fights, arguments, or any physical disputes with the guards. Second point, if I am released from here I would like to finish school, get

married and join [a] Humanitarian Organization. The reason why I would like to do that is because I have seen how the Red Crescent has helped the detainees here. They made us happier by talking to us and doing other good things for us. I want to join this Organization to work with them or a translator would be nice. All the good things they have done for us I am grateful. This is my plan and my goal. Third point I do not pose a threat to the United States, never in my life have I had hatred toward the United States. The relationships between me and the guards, the doctors, the Psychiatrists and the General is good. I had good relations with the doctors, when some of them left I cried. If I had hatred for Americans when those people left I would not have cried. In addition to that I had American friends in United [Arab] Emirates. If I had hatred towards Americans I would have hurt the ones that were close to me first. Fourth point, there is a need to release me because I am a victim of the dispute between terrorism and the United States. Al Qaida took me to the guesthouse and to the camp by force, not with my consent. They thought I was a spy. When I found out I was going to be killed I asked to be returned to United Arab Emirates, but that did not help. My sentence from al Qaida was to spend 25 years in prison because I was spying for the United States. After two years the Americans came and saved me from the prison. When the Americans came I told them about the videotape the Taliban made of me. By me telling them about the video it created confusion to the point that the Americans believed I was working with al Qaida. Here I am now I don't know if I am a spy for America or I work for al Qaida. Thank you very much for listening to me.

The Assisting Military Officer had no further questions for the Detainee.

The Designated Military Officer had no further questions for the Detainee.

Administrative Review Board Member's questions:

Board Member: Do you speak and understand English very well?

Detainee: Yes, I do.

Board Member: Where did you learn?

Detainee: I studied it in college. I had American friends and British friends and I have been here for three and a half years now. I have a good relationship with Americans and they help with the language.

Board Member: How are things going here for you?

Detainee: Great. I think being here is like a vacation for me after Taliban prison. It was the worst prison in the world.

Board Member: What prison was that?

Detainee: Sarpouza in Kandabar. In the prison they did not feed you, no clothes, and no shower nothing for months. My weight went from 265 pounds to 162 pounds that's because of their torture and life conditions. Here I think I am better than other detainees because my relationship with the Americans is very good. The other detainees accuse me of being a spy. They threaten to cut my neck off. This is why I have been away from the other detainees. I have been in the Psych ward for 3 years. The interrogators are all trying to get me in Camp Echo with three of my friends, because I cooperate with the Americans and in Camp Echo I can get more privileges. Privileges such as television, CD player, cigarettes, music and stuff like that. They are trying to get me there. I am in level two now and they work hard to get me there.

Board Member: You mentioned that you have been in level two for the last six months where were you before that?

Detainee: I was Delta block. It was because of my emotional issues. I used to hurt myself. I had emotional problems. Thank God it has been about six months, maybe more since I have done any harm to myself. I have been cooperative with the MAs or the security forces.

Board Member: You were in a higher level because you brought harm to yourself?

Detainee: Yes, for hurting myself. The other detainees used to pick on me. I did not even go to the shower. The other detainees used to accuse me of being a spy, being an infidel, a hypocrite. So that was my reason to hurt myself. I used to hurt myself and the personnel in Psych, they used to treat me and helped me a lot. For that I am very grateful, I am thankful for General [REDACTED] he used to be here. He took care of me also. He would come and visit me often. It's been about a year now. I haven't done anything like physically assault myself or anything. I like it here.

Board Member: Are you Muslim?

Detainee: Yes. I am an open minded Muslim not a fanatic.

Board Member: The Imam that you met with for a couple of days, where was that?

Detainee: In Emirate.

Board Member: It was in the United Arab Emirates?

Detainee: It was in the [United Arab] Emirates. The Imam that you are talking about it is not like jihad Imam. It was Imam for prayer, like you say Priest.

Board Member: You discussed jihad with this Imam?

Detainee: I did not discuss it with him. I told him that I ran away from home because my father was abusing me physically. I told him I could not go back home. He told me

(Revised 25 Nov 05)

stay out of the streets, stay out of prison and away from drugs. He told me to occupy my life with something good. The fight in Chechnya against the Russians was not right, that was not the jihad. They accused me of being a spy because I told them I would not fight against the leader of the Northern Alliance, Ahmed Shah Masoud. I told them the jihad does not say anything about killing innocent civilians in Afghanistan the Taliban or al Qaida...they used to burn.... They did not like that and I told them I couldn't do it; they did not like that so they accused me of being a spy. I think that God saved me from killing innocents and poor people by putting me in the Taliban prison. God saved my life over there. Who knows what would have happened to me.

Board Member: They accused you of being a spy for a foreign Government. Why didn't they just kill you?

Detainee: They did not kill me because they do not kill Muslims, the Taliban does not kill Muslims. Al Qaida wanted to kill me but the Taliban said no, 25 years in prison would be enough. I prayed on Allah and I was very honest to my God to destroy Taliban and al Qaida and God saved me.

Board Member: You went to Afghanistan for what purpose?

Detainee: I had a friend that went to college with me. When he left he worked as a secretary for the Taliban Embassy. I asked him how much he would charge me to get me a passport, he said that he could not give me a passport to leave United Arab Emirates to go to Europe he said he could not give me a passport but he could deport me to Afghanistan. He said that when I got there I would get asylum and I believed that. When I got to the border I met an interpreter from the Taliban, he wrote a letter to his boss in Kabul telling him to send me to Kabul to the Arab's place.

Board Member: Did you know what was going on in Afghanistan?

Detainee: I knew there was war but I didn't know between whom.

Board Member: It just seems odd that the Imam counseled you on staying out of trouble but you knew there was a war going on in Afghanistan, but you went anyway.

Detainee: When I went to Afghanistan I went against what the Imam advised me. He didn't tell me to go to Afghanistan. He told me Afghanistan is not the best place for me to go, but I told him I had no other options. If I stayed in the [United Arab] Emirates more than a week or two my father would advertise in the papers that I was missing and the police would try to find me. The police would have arrested me and take me back to my father. I did not want to go back and I wanted to get out of the [United Arab] Emirates, away from that country.

Board Member: In your statement an associate stated that you received military training outside of the camp and you stated that was not true. You said it would not have been enough time. How do you know that?

Detainee: When I went to Public School in Syria, the school used military customs. We wore military uniforms, and we did military training like using light weapons and using gas masks. I knew that in my second year in High School there would be that training. My brothers went through that training.

Presiding Officer: How long were you in Syria?

Detainee: I was in Syria until I was thirteen years old. Then I went to United Arab Emirates.

Presiding Officer: What country are you a citizen of?

Detainee: Syria.

Board Member: How are you feeling today?

Detainee: I feel great. I decided to come to the review board because I know that this can help me. There is nothing here against me, before it was like being in a bad dream a nightmare. That is all in the past. Whatever happens in the past it dies, this is an expression we have in Arabic. In other words what happens in the past does not equal the future. Even if you decide to continue my detention I don't think that is against me. I will still have hope. The past two years I was hopeless but this year, I don't know why maybe the medicine is working for me. My doctors and nurses all come to me and keep telling me to be hopeful.

Board Member: Will you be able to keep up with your medications if you are released?

Detainee: Before I left Syria, I was on medication for Epilepsy. I was on Mysoline and Phelebsine (phonetic spelling). If I leave here I asked the doctors if they would supply me with enough medicine to last until I find medicine in my home country.

Board Member: Tell me a little bit about being in college?

Detainee: I was in college for two and a half years. I did not finish. The college is a Saudi college but it is in the [United Arab] Emirates. I had a very good time with my friends. When I was taking a course in language it was only five of us. We would go to the blood bank and give blood. We were like college students. That's what my father did not like, he is a very religious man. He is basically an Imam. He abused me, especially when I borrowed money from my friends. He just didn't like it. I was in a different city and he was in a different Province. He said he would come and deal with me. That's when I ran away and went to the Embassy, and since that time I have been in

trouble. I wish I did not run away, my father could have abused me, he would have slapped me two times and that would have been it, but I did not know that I would be in this much trouble. Now I wish I could go back

Board Member: Would you have any problems with your father?

Detainee: No, he has sent me several letters. They keep telling me don't give up and don't worry one day I will get out. They have prepared my future as well by engaging me to someone for when I get back.

Board Member: When you think of your country, do you think of Syria or the [United Arab] Emirates?

Detainee: Syria.

Presiding Officer: Is your father still in United Arab Emirates?

Detainee: Syria. My brothers and my sisters are all in United Arab Emirates, but my mother and father are in Syria now. So I wanted to go back to Syria [because] I have no problems with Syrians. I have not done anything wrong to my country.

Board Member: Do you know the young woman that your parents have engaged you too?

Detainee: Yes, she is my cousin. Not really my cousin but from the Janko tribe.

Board Member: Have you met her? What is she like?

Detainee: Yes, I have met her. She is from my village. She is very simple nothing to do with cars, televisions, cell phones or telephones. When I go back home I am going to take her from the village.

Board Member: Were you ever in trouble in College?

Detainee: No, I was always nice to my teachers, from primary school to High school.

Board Member: How old are you?

Detainee: 26 years old. I was born June 24, 1978.

Board Member: You mentioned that the Imam helped you with drugs.

Detainee: No, he advised me to stay away from it. Stay away from the bad life.

Board Member: Was there a chance that you might have done that?

UNCLASSIFIED//~~FOUO~~

(Revised 25 Nov 05)

Detainee: Yes, if you want something to do. You will find something to do.

Board Member: Was he warning you for a specific reason?

Detainee: He was just worried about my future. He told me don't destroy my life by using drugs and by going to prison.

Board Member: In a statement made about your training with the Taliban, it stated that your training involved weapons.

Detainee: As soon as I got to the city I went to the Taliban because I did not speak the language and I did not know anyone. I explained to them that I ran away from home and I wanted to live there for six months to a year in a simple life and to gain asylum from the United Nations. The mujahideen said I did not speak the language so I needed an interpreter. The Interpreter asked me who sent me. I tried to explain to them that no one sent me I just ran away from my parents. They told me someone sent me because any Arab who comes to Afghanistan should be under supervision. They told me I had to go to the Northern Alliance and fight along with my brothers against Shah Masoud. I told them no, just a few years ago he was a Mujaeed and now he is a hypocrite and infidel, I am not fighting him. The interpreter then wrote a note to his boss telling him to take me to Kabul for training and to the Arab guesthouse. I spent five days at the guesthouse and then they told me I had to go to the training camp. When I told them I would not go, they told me I would go to prison. If I knew I was going to end up in prison I would not have gone to the training camp. When I arrived at the training camp and I saw the war I asked to go back but they would not let me. They told me I was a spy, I knew, saw and was taking pictures of their location and the guesthouse. They told me I was going to send that information to the American Embassy in Pakistan. This was after three months of torture. They told me to just say yes, so I told them I would if they would not touch me again. I had no choice but to say yes, they turned my life to hell and tortured me for three months. The names of people they asked for and I gave were all names of my teachers from school, but they never checked. I do not know how they consider themselves so smart and can cause so much trouble when they believed all the lies I told.

Board Member: You look familiar to me.

Detainee: Sir, my story was on the internet and reporters did interviews with me. They promised me that if I talked they would release me. I believed them. After I finished the interview with the reporter, they told me I was going to prison.

Board Member: When was that interview?

Detainee: February or March 2000. I am not sure. The investigators know about it though. The interrogators found it in the videos found at the residence in Afghanistan.

Board Member: What did your training on weapons include?

(Revised 25 Nov 05)

Detainee: When I first arrived to the camp they did not trust me. They had me and another guy bring water back and forth and cut wood. I asked why I was in training and I was not training. They started letting me train, but they did things like give the other guys 23 bullets to shoot but only gave me five to shoot. They did not want me to suspect anything.

Board Member: You said that you shot the AK-47, the G3 and the M16?

Detainee: Yes, this is what I had.

Board Member: Did you shoot the G3?

Detainee: Yes.

Board Member: Tell me about it?

Detainee: The G3 looks like the M16, but the gauge you open it and take it down. I think it takes 20 or 30 bullets. I am not sure this was a long time ago.

Board Member: What about the M16?

Detainee: It is easier you pull the charger back and leave it. It's more accurate than the AK-47 and the G3. I think it takes the same bullets like the AK-47. I can't remember it has been a long time.

Board Member: Did you get to shoot it?

Detainee: Yes Sir.

Board Member: After shooting you had to clean these weapons?

Detainee: Yes, they taught us how to take it apart and clean it.

Board Member: Do you remember how to do that?

Detainee: Really no. The AK-47 I do remember, the villages in Syria almost every house you go to you will see an AK-47. The M16 and the G3 I only saw it in the camp where I stayed for eighteen days.

Board Member: Tell me about taking the AK-47 apart.

Detainee: I am not going to lie to you and tell you I didn't and that I don't know how to take that one apart. You push the button at the top, at the end of the AK-47 and pull the top part off. Press the spring in the back, take it out and there should be something like a needle inside you turn it and take that out. You then take the gas tube out and that's all you can take off.

Board Member: You said that you got in trouble with your father over a loan?

Detainee: Yes, my father used to give my brothers and me money and the college that we attended gave us money. The college would give us money in an effort to encourage us to study there; they gave us like a thousand dinars a month. My father wanted to know why I was borrowing money and I was getting all this money already. My friends and I went camping one day and I borrowed money from each of them, I then bought all the stuff for the camp. When we got back they wanted their money back but I had no more I already spent all of it. I had no money, so I went to another friend and asked to borrow money, I told him I would go to the bank later and give it back to him. He did not trust me and told my oldest brother about it. My brother came to me and told me that he was going to call our father, I begged him not too. He called our father and told him. When my brother passed me the phone my father told me that I was not his son anymore and he was coming right now to deal with me. I got scared. As my brother closed the door I ran away. I still had the money in my pocket from my friend, so I went to the highway and got in a truck that was headed to Abu Dabi Province. I was afraid of my father and I had no idea that I would be in prison because of the war. If I knew that I would not have run away. I know that was all bad but it was in the past and everyone makes mistakes and can start over again.

Board Member: Was your father abusive to your other brothers?

Detainee: Yes. When my brother was two years old he wanted to go to the park with the neighbor's son. He begged my mother so she told him to go. My father grabbed my brother from the car by his hair; drug him into the house and just started smacking him. The boy is two years old if you smack him twice he is already dizzy, my father did not think about that instead he began to punch and kick him like an enemy instead of a son. My older brother once did something to the neighbors when we were in Syria. My father took him outside and put a knife to his neck [like] he wanted to kill him. My aunt knocked the knife out of my father's hand and made my brother go away until my father calmed down.

Board Member: Which brother called your father?

Detainee: My older brother called my father. He called my father because before we left home my father told us the older ones were to look after the younger ones.

Board Member: Why did he call your father?

Detainee: He called my father because before we left home my father told us the older ones were to look after the younger ones. This is why he called my father.

Board Member: If your older brother was mistreated then why did he call your father?

UNCLASSIFIED//~~FOUO~~

(Revised 25 Nov 05)

Detainee: Regardless to what he did to us, we have to respect him. It is part of our society; if we don't then we shame his name.

Board Member: You are sure you can go back without any trouble?

Detainee: Yes, I will be in trouble with him for about two three weeks but that's it. They are still my parents.

Board member: So you being here or in this situation does not shame your family?

Detainee: No, I told International Committee for the Red Cross about a year ago. I wanted to know how my family was doing. My father denied me three times. He said I was not his son anymore. This is the third time. The first was for borrowing money from my friends, the second time I was in Taliban prison and the Taliban advertised me on television and the internet, my father denied me again.

Board Member: How did you know about that?

Detainee: They told me. The guards used to watch the news in the prison and they would come tell me about it.

Board Member: Do you think they were just telling you stories?

Detainee: No, it's true when I got to the prison in Afghanistan my parents disowned me. One of the guards told me they saw my parents on CNN and they said that they disowned me, and then they showed me the TIME magazine with my picture and story.

Board Member: It was you on the TIME magazine?

Detainee: Yes.

Board Member: Who did you borrow the money from in Qatar?

Detainee: His name was Khaled Nobarak.

Board Member: How did you know him?

Detainee: He was a student in the college

Board Member: Whom did you go camping with?

Detainee: My friends and the students from the class.

Board Member: Yet they were pressing you this hard to get the money back?

Detainee: Yes sir they asked for their money.

ISN 489

UNCLASSIFIED//~~FOUO~~

Board Member: Sounds like you had to pay it all back at that time?

Detainee: I had to pay them all back. I went to the first one before my brother found out to give him one hundred dinars, I only had a 500 piece but he said that he did not have change. I told them that I would make change tomorrow and give them each one hundred, but those people could not be patient.

Board Member: Why could they not be patient?

Detainee: They were all foreigners in United Arab Emirates; they were Palestinians, Egyptians and Syrians so they also needed the money. Most of them were poor; their parents were not working government jobs.

Board Member: You were getting money from your father and the school?

Detainee: Those people only got money from the college.

Board Member: What were you spending your money on?

Detainee: Going to the cinema to watch movies, going to the beach and hanging out with my friends. My friends and myself bought a Playstation and a television. We would buy games and CDs.

Board Member: You mentioned that the United States came after two years and released you from the prison?

Detainee: I was in Taliban prison from January or February 2000 to January 2002, after the bombing. When the United States forces bombed Afghanistan, the Taliban guards all ran away from the prison. The new Government called Mujahideen came in and took me and five other foreigners and placed us together in a guest room inside the prison. After a month the United States Special Forces and another guy from FBI or CIA, I am not sure which one. They came to us and said since we were in Taliban prison and tortured by Taliban they wanted us to give them information. Myself and my Russian friend Ira Muhitir Muscovich (phonetic spelling) told the reporter from TIME magazine, his name was Mike, that we wanted to be witnesses against the Taliban in court. The reporter went and told the guy from CIA or FBI and the Special Forces. The United States Forces told us and the International Committee for the Red Cross [that] they needed to take us to the detention camp for three days to get information and they would send us to our Embassies. After three days they told us sorry we had more information for them and they were going to send us to Cuba. I could have been released a year ago, but I talk too much and give you too much information. That's why I am here longer. My interrogators used to work very hard to get me out of here without the tribunal or the review board, but they were told no, I had to go to the Tribunal.

Board Member: So you think that you are here because you have a lot of information?

ISN 489
Enclosure (5)
Page 14 of 16

Detainee: I am talking too much.

Board Member: That does not answer my question. Why do you think that you are here?

Detainee: Yes sir

Presiding Officer: In your culture I understand the importance of your family. You said that your family will receive you back, it will be hard for the first couple of weeks but they will receive you back?

Detainee: Yes sir.

Presiding Officer: If you do not get employment with NGOs, with Red Crescent or another Organization, what skills do you have that you can use to gain employment if these organizations do not hire you?

Detainee: I can be an interpreter. I speak Arabic, English, Pashtu and Urdu. I know a little bit of Spanish I am working on that now and I will learn French and Russian.

Presiding Officer: Do you consider yourself a soldier?

Detainee: No, I was a soldier. I will never be a soldier again in my life, especially after what I saw in Afghanistan.

Presiding Officer: Have you been on a Haj?

Detainee: Yes.

Presiding Officer: With your family?

Detainee: No, my college taught students to Haj.

Presiding Officer: How do you think Americans view Muslims?

Detainee: I had American, Lebanese and Syrian friends that were Christians. Personally I have no problems with any kind of people, they are just Americans. I'm growing my beard now in the blocks because they were giving me a hard time for shaving.

Presiding Officer: I have no problem with you growing your beard. That is your religious conviction.

Detainee: Sir, what I am saying is that I don't have problems with having a beard or not having a beard. Talking to the females or not talking to the females. I play cards with the females I am very open-minded. You were asking if I had problems with Americans right?

Presiding Officer: No, I was asking what you believed Americans thought of Muslims.

Detainee: I heard there are seven million Muslims in America and I know that there is Democracy in America. No one will ask you for your religion and it does not matter what color you are. To me Americans are good and the government in America is good.

Presiding Officer: If you go to Syria what will you say about your experience here at Guantanamo Bay?

Detainee: I would tell them that I was on vacation after Taliban prison. I had fun and it was like I was hanging out until procedures were complete. Just like when you go certain places it takes awhile for you to get your visa and stuff. I will tell them it just took some time, but I will write a book I will write about the guards that were with me and my friends. I will write about the doctors and the nurses who have spoiled me for the last two to three years while I was in the Psych ward. I had a good time here.

The Presiding Officer read the post-Administrative Review Board instructions to the Detainee and adjourned the open session of the Administrative Review Board.

The Presiding Officer opened the classified portion of the session.

The Presiding Officer adjourned the classified portion of the session and the Administrative Review Board was closed for deliberation and voting.

Re: ARB Hearing for Yasin Qasem Muhammad Ismail, ISN 522

Dear Members of the Board:

I am an attorney representing Yasin Qasem Muhammad Ismail in habeas corpus proceedings in federal court in the District of Columbia. I respectfully submit this letter in support of Yasin's release from detention at Guantánamo Bay. Over the past few months my associates and I have met with Yasin a number of times and have gotten to know him well. He is an amiable man whose fondest wish is to return to his small village in Yemen, where he will be welcomed by his family and community. Equally important, he is a very sick man who is clearly no danger to anyone.

I recognize that the Board's function in the ARB hearing is not to re-examine Yasin's status as an "enemy combatant." The Board should be aware, however, that a federal judge ruled on January 31, 2005, that the military's CSRT hearings were unconstitutional and fundamentally unfair, in part because secret evidence was never shown to the detainees and in part because evidence derived from torture and abuse was deemed admissible by the tribunals.

The federal court's concerns with the CSRT process are particularly pronounced in Yasin's case, since his designation as an "enemy combatant" is premised entirely on statements made to interrogators while he was suffering from injuries he received at the hands of American soldiers. While in detention in Afghanistan, Yasin was interrogated more than a dozen times and was beaten, kicked and stomped on by soldiers, leaving him with a fractured shoulder and broken nose. He arrived at Guantánamo in poor health and in mortal terror of further abuse and torture. As the *Washington Post* reported on February 10, 2005, Yasin is one of a number of detainees who were subjected to sexual abuse and humiliation while at Guantánamo. It is unsurprising, therefore, that he refused to testify before his CSRT until he was assured that he would not be subjected to torture at the hearing.

Yasin represents no danger to anyone. Although three years of detention at Guantánamo have been very hard on him, he retains his easy-going manner and is still quick to laugh. He has told me that he harbors no ill will toward the United States and that he simply wants

to move forward with his life. He asks only to be allowed to return to his childhood home in Gabal Howard, where his parents and eight siblings live on the same property where Yasin once helped his father tend sheep. Yasin's first task will be to regain his health, which has deteriorated in the past three years. He has constant pain in his shoulder and suffers from an abscessed tooth that is persistently infected. In addition, he was recently diagnosed with tuberculosis and remains quite weak. In such a state, he clearly represents a danger to no one.

More important, Yasin will be returning to a supportive environment and a family that will nurture his reintegration into village society. As soon as he is healthy, Yasin intends to go to university to study the Arabic language, with an eye towards a career in teaching. He will be following in the footsteps of his two older brothers. One is presently in college studying Arabic; the other, Jamel, is a university graduate with a degree in Chemistry and employment in the school's Chemistry department.

In order to get a sense of the supportive environment that Yasin will be returning to, I ask the Board to please read the attached affidavit from his brother Jamel. His words are a moving testament to the deep love that Yasin's family feels for him. God willing, Yasin will realize his deep desire to marry and raise children in an equally loving environment.

Yasin is not a member of Al Qaida and never was. He is not a secret operative bent on harming the United States. He is a gentle man who at the moment is very sick and desires nothing more than to return to the comfort and security of his family. He is no danger to the United States or to anyone. I therefore respectfully ask that the Board allow him to return to his home in Yemen.

Sincerely yours,

Affidavit of Jamal Khaseen Mohammad

Comes now, Jamal Khaseen Mohammad, under oath, who makes the following statement in Sana'a, Yemen:

I am the older brother of Yasein Khaseen Mohammad Hasmil. I am the second of five sons. My parents also have three daughters.

Our family comes from Ibb, in Yemen, where we still live. My father has been a farmer all of his life, and my mother is a housewife. It has been their ambition for their children that everyone should benefit from a good education, and have the chance to get a good job in life.

Our oldest brother is still a student at the University of Ibb, studying the Arabic language with a view perhaps to becoming a teacher. I received a B.S. and am an employee of the University in the Chemistry department. Our other two brothers are still students, as are the three girls.

Yasein would be 22 now. He was born in 1982. He graduated from high school, and had planned to go to university and wanted to study Arabic language. He thought that he would become a teacher of Arabic. This is very important work as it allows the reader of the Koran to understand the original text.

Yasein was always a very studious and responsible child. He spent much of his time working with our father to help with the sheep. It is normal in our villages for families to own animals. Those who are young and who are responsible are given the job of looking after the animals. After going to school all day, Yasein would come home to work with the sheep in the evening.

UNCLASSIFIED

When he was very young he used to be keen on football. He played all sorts of positions for the local team but gradually played this less as he felt obliged to help our father with the animals.

Yaschin loved reading. There were not many books available in our village, so he concentrated on reading all of the school books. Yaschin also loved poetry - he was a romantic. When he was young, his girlfriend was called Sebah (which means morning in our language), who was from a nearby village. He was keen on poems that we call "ghazel", which are long poems that are always from man to woman.

I, too, like to write poems, and recently wrote the following one about the impact of Yaschin's absence on my mother. It is roughly translated as follows:

Poem for My Mother

You ask me how my mother lives --
Please do not wait to hear.
You ask me how my mother lives --
Words cannot speak her tears.

I know not even where to start,
Which door might open to
The darkness in my mother's heart
Blacked out by censored cards.

My mother's heart remains a void
Yet papered round with pain.
My mother's heart remains a void
Since Yaschin went away.

My mother's body struggles on:
Watch her burning soul.
My mother's body struggles on,
With sorrow as her shrine.

My mother names before our God
The cause of all her pain
My mother kneels in prayer to God
As tears run down her eyes.

You ask me how my mother lives --
Please do not wait to hear.
My mother's heart swells larger than
More language can declare.

Yasein also loved music. His favorite singer was Ayub from Yemen.

When he was young, he was perhaps not as religious as he should have been. Indeed, as his older brother I was the one who would criticize him for not saying his prayers enough. As a result, perhaps, of my efforts, when he was 16 or 17 he began to get more serious about his faith.

He was always a very peaceful person. We come from a village where the Imam is someone who was able to read and write, and who would lead us in prayer and teach us our obligation to pay *zakat* (the charity that we are obliged to give, as Muslims). This was mainly what Yasein absorbed from his religious faith. He certainly never had any inclination towards violence, which was the opposite of what we learned and believed in.

Yasein went to Pakistan prior to going to university. He went around September 2000 in order to learn Arabic better. He was one of two people who went from the village. The other was Sadeq Mohammad Sa'id. When they had studied in Pakistan, they were going on to do missionary work (teaching Arabic and the Quran) to Afghans.

Our family heard about Yasein being in Guantanamo Bay from a Red Cross letter. Also, the governmental newspaper published names of people in Guantanamo Bay. There were about 32 names listed on the first occasion, and while it was misspelled, his name was in that group.

When he was first at Guantanamo every three to four months our family received letters, but we have received none for about nine months. His first letter asked us to inform the Yemen embassy officials and ask them to demand that he be freed.

We are a very poor family, but we have made efforts made to help him. We have contacted our parliamentary representatives, and local human rights advocates. We also contacted Jamel al-Morshed, a lawyer. We have been able to get no assistance from the United States about Yassin at all.

I know my brother very well and cannot believe that he would have been involved in violence. I have heard about the foreigners being "sold" over to the Americans for rewards, as purported Taliban soldiers, and am very concerned that this must have happened to my brother.

children (two sons and two daughters), and his entire family has suffered intensely as a result of his detention at Guantanamo Bay. His older children have been traumatized by his absence and the stories they hear in the news about the detainees. His oldest daughter is suffering from depression and fainting spells, and his son now shuns contact with the outside world, particularly foreigners. Mr. Al Rabiah's youngest daughter has spent her formative years without him, and carries his picture with her so that she won't forget what he looks like. His wife is worried that she will be unable to keep their house and provide for their daily needs, and has had to rely on relatives and friends to help provide for the family in his absence. Mr. Al Rabiah's father died as a result of his grief and anxiety over his son, and his brother has also passed away during his detention, leaving his mother in very poor emotional and physical shape. Mr. Al Rabiah's family desperately awaits his return in the hopes that he can put the family back together and be a father to his children again.

Mr. Al Rabiah's family would also like to resubmit certain materials that were previously requested by and submitted to the Department of Defense, but which are also relevant to the ARB proceedings under Administrative Review Board Process § 3(f)(1)(d)(10). Included are Mr. Al Rabiah's "Personal Particulars," submitted by his wife, which confirm Mr. Al Rabiah's age, education, marital status, number of children and employment as an aviation engineer, as well as a number of certificates commemorating Mr. Al Rabiah's employment, academic and charitable achievements.

These submissions demonstrate that Mr. Al Rabiah is well educated and an asset to his country. Before his detention, Mr. Al Rabiah, who has a Master's degree, held a job with the Kuwait Airways Corporation for over fifteen years, and his colleagues testify to his good character in their letters. His neighbors, many of whom are current or retired government officials, praise his work with charitable societies and the needy in Kuwait. There can be no doubt that Mr. Al Rabiah is a man who should be given a chance to reestablish himself in his community and continue both his chosen occupation and his charitable work.

Finally, please note that these submissions do not constitute a waiver of the detainee's right to pursue his petition for habeas corpus and related claims brought in *Al Odah v. United States of America*, D.D.C., Civil Action No. 02-828 (CKK).

Sincerely,

Neil H. Koslowe

Dear Sirs,

My husband Fouad Al-Rabiah was the most sincere and loyal husband to me, to his family and parents. He was benevolent and very kind with his parents who are suffering from disease. The condition of his parents aggravated following his detention and resulted in the death of his father, six months ago. His mother is still suffering from many disease, the most prominent or depression due to the loss of her son Fouad. She is continuously praying to see him before her death. He has always been the best father for his children. He is kind and sensitive, especially with children. He used to sit and play with the children continuously to the extent that all children of the family and my children are well acquainted and like him. They cannot forget him.

He had been my best supporter and shelter. He used to provide for his family and answer my demands and that of his children. He preferred staying at home and spending his spare time with his children. More than often he told me that the time passes quickly when he sits with his children and family. However after his detention we lost our happiness and our house became gloomy. I am always sad and I cannot provide for my family, so I feel lonely. His absence created wide gap in my life despite the fact that all family members of my husband are supporting us and overwhelming us with love and care. I still leave that nothing can substitute his position in my family. He has left us for 3 years and half and we are always worried about him. We don't know anything about his health and psychological condition, except this news received in his messages, which we receive on very long intervals. We are greatly suffering from his absence. We have material obligations and many installments payable to the bank. Now I am suffering from these problems alone and I have been shouldering it for more than three years and half. As a result my children and I are continuously worried and afraid that we cannot provide for our daily needs in addition to our severe psychological sufferings. My elder daughter is suffering from psychological disorder due to the absence of her father. Now she is in dire need to him as he left her when she was thirteen years and

half, but now she is about 18 years. She would like to have her father beside her in this sensitive period. She is suffering from severe sadness and continuous worry. She follows the news of her father from newspapers. Once she reads any news she becomes very worried and weeps and some times gets fainted. My elder son was 11 years old when his father traveled, but now he is 14 ½. He doesn't speak with foreigners or relatives. He lives in absolute solitude and isolation. My younger daughter was 6 years old when her father traveled, but now she is about 10 years old and she continuously weeping. She is asking about her father and she has his picture with her continuously because she is afraid that she may forget his face.

Whatever words I mentioned will not describe him. He is the best husband, father and son. Further he was very nice with my father. All his family members like him, neighbors and friends and he used to like all people. Further he used to give them helping hand and provide assistance to all those who need it.

Dear Sirs,

I am the mother of the detainee Fouad Al-Rabia, do hereby state that the absence of my son has broken my heart and caused me everlasting pain for more than four years. I forget the taste of peaceful sleep and good food. Everything in this life has become without color or taste. Further my dear husband could not stand this calamity and he passed away peacefully without seeing his son. Further more I lost my son too. I don't think that one person can stand all these pressures and pains. My heart has become very weak after losing three dear people. My sufferings are not only psychological but also it is physical to the extent that my heart becomes very weak and my pulse irregular. All my hope is to see my son before I loose my eyesight. I hope to see him with his wife and children and then I will be happy even though I die and join my husband. I will be happy should my son returns back to his children.

Dear Sirs,

I am Taiba Fouad Al-Rabiah, the elder daughter of this ideal man. I am 18 years old and I am in the forth-secondary grade, scientific division (general secondary school). I miss my father very much. He was my father, friend, teacher and example. More than often I needed his help in my study and I used to sit with him in his office. He used to assist me in my study with patient. He was very kind and sensitive. Further he was benevolent to his parents and he didn't deny us anything. He used to allocate one day for my grandmother and take her out every Tuesday. Unfortunately after the absence of my father for more than 3 years, her health condition deteriorated and every Tuesday her depression increases and he becomes very sad. Further he used to visit my grandfather on daily basis to provide for his needs. Following his detention the condition my grandfather deteriorated and he suffered from serious depression until he died. The illness of my grandfather was aggravated due to the death of my uncle who was waiting for the return of my father. At present the house of my grandfather is overwhelmed by sadness after we were very happy. The detention of my father was awful for my grandmother as she lost the best people, namely her sons, i.e. my father and my uncle in addition to my grandfather.

At present I feel lonely and I am suffering from continuous depression. I stay in my room and bitterly weep, especially before sleeping as my father used to accompany me to my room at night and kiss me. This act has had its deep impact on me. Further I suffered from this situation upon studying my lessons as he used to help me in my study. I will never forget his kindness with my brothers and sisters. We used to get out every Thursday (family trip) with my mother, father and brothers. However I don't want to go out now despite the efforts of my mother. This trip is essential for my mother and for me, but I give excesses that I am studying my lessons. I don't want to get out

because I feel very depressed without having my father with me. He used to create happiness in our trip.

My younger sister has been deprived from family atmosphere since her childhood. She can hardly remember few things about her father. Despite this fact she weeps at night and my mother tries to read to her the few messages received from my father. She reads these messages every day. I used to sit down near the door without their knowledge and weep when I hear my mother reading the messages and my sister weeping. This has negatively affected my study as I always remember my father and my friends feel so. They tell me that I am hiding something, but I am trying to be patient. They have noticed that my level has changed and dropped from that of the first year. I used to tell them that I am tired of studying, etc.

Finally I would like to state that all children and all people liked my father. Should I try to mention these people I will not find enough paper to do so. All people used to welcome him.

His elder daughter Taiba

Dear Sirs,

My father has always been our father and elder brother and friend. He used to sit with us talking about his future projects and expectations regarding each one of us. He likes us very much and he has always taught us that there is nothing greater than the love of the parents. He taught us to like our mother and we must not make her angry or nervous of any of us. Further he taught us to be keen to satisfy her. He has always been our example regarding his love of his parents. He used to dedicate one part of his daily time to provide for their needs and to care for them. Therefore we learnt from him how to be kind and gentle. He likes all children to the extent that our relatives were jealous of us to have a father like him. They have always hoped to have their parents like him and they liked to sit with our father who used to play with them. Further he used to talk with all people. When he was with us we didn't feel the elapse of time. He used to provide all our needs and that of our mother. My mother is very sad and tired from shouldering our responsibility alone. We need him very much and we miss him. We pray to Almighty God to return him safe in order to restore our smile as we were before and so that my mother restores her previous condition. We are very tired of his absence and we want him to relieve our sadness for the death of our dear uncle whom we loved very much as he was greatly similar to our father. Two months following the death of our uncle, our grandfather who was very kind with us, died. He died before he could see his son. We want our father back in order to restore our happy days as it was before.

Dear Sirs,

I am Mahmoud Fouad Al-Rabiah, the younger son of my father. I like and miss my father very much and we are awaiting his return. He is the best father in world and he used to provide for our needs and he had never denied us anything. Every year he used to take us abroad. We spent the best and happiest times with him. He is kind and he likes doing well. He used to assist people and telling us about the poor and the needy all over the world and how he becomes happy when he assists the poor. Further he used to incite us to give some of our toys to the orphans. Sometimes he used to bring the picture of orphans and show us how they are happy with the things he gave them.

We like him very much and we are waiting for his return. We cannot stand his absence more than that. We want him back to save the tears of my mother and to stop thinking about him. Can you tell us when he will be back? We pray to Almighty God to return him soon.

Dear Sirs,

I am Nooria Al-Rabia, sister of the detainee Fouad Al-Rabia I do hereby state that the detention of my brother Fouad caused me and my family serious troubles and pains.

My brother died due to the loss of my brother and due to his worry about his benevolent son. He was deprived from his son and suffered from brain clots for times during the four years. The last one affected speech functions to the extent that he couldn't inquire about his son Fouad. Consequently his health condition deteriorated and he rejected food. Short while he died. Further my brother Monzer who liked Fouad very much died and his death was great astonishment for us as he was only 36 years old. He left two daughters, the elder one is 9 years old and the younger is 3 years old. At present my mother is seriously suffering due to the loss of her husband, her son and the detention of her other son for more than four years. Fouad was very kind with his mother and he used to visit her on daily basis. Further he dedicated much of his time for his mother. The health condition of my mother at present is deteriorating from worse to worst and she is currently considered as blind and she suffered from depression.

With regard to me, I am daily suffering from his absence and due to the sadness of my mother, the depression of his wife and children. Our sufferings are steadily increasing following the death of my father and brother.

Dear Sirs,

I am Sara Yahya Mahmoud Al-Rabiah, niece of Fouad Mahmoud Al-Rabiah.

My uncle Fouad has always been kind and generous. He has always been very near to us and he likes children and used to play with them. He was very lovely, kind and worships family life.

We and the children liked him and he was very near to us. He used to play with the children and tell them puzzles that promote their intelligence. He was tender and kind hearted.

When I got married he told me one beautiful sentence and he expressed his joy and pride. I like him very much as he is my uncle and elder brother who I miss. He has never been aggressive or violent, rather he rejects extremism and terrorism. He used to advise me to be keen on studying and forgiveness.

When my dear uncle Fouad traveled I was pregnant for four months, but now my son Omer is 3 years old. Further I have got another child and I hope that he would be among us to play with them as he used to do with all children.

My brothers and I recall the moments of our happiness and play with him. All persons like him because he is nice and kind hearted. He likes others to be happy and all of us, young and old, were very happy with him.

We miss him and his cheerful spirit and his kind merciful heart.

Despite the fact that I was young, yet I realize his contribution in many charitable and social projects in Kuwait.

Not only do we miss him, but also all his family, friends and neighbors.

ثلاثة أعوام على عدلتي عمي وعلى ابتعاده عنا طوال هذه السنين

عندما نتذكر عمي أنا وأخواتي نتذكر لحظات اللصو والمرح
فقط كان شخصاً محبوباً عند الكل وطيب القلب وعجب
سعادة الآخرين عندما كنا نعبه جميعاً كبيرنا صغيرنا

إننا نفتقده ونفتقد تلك الروح المبتسجة وذلك القلب
الهادي الرحيم

وعلى الرغم من صغر سني إلا أنني كنت أدرك مدى إعظامه
في الكثير من المناسبات العائلية والاجتماعية في الكويت

لسنا نحن فقط من يتألمت السيد بل كل أهل وأصحابه وجيرانه

في كل يوم أدعو للآلدة أن يرجع عني اليأس تماماً لنا لتتروعيوننا

Dear Sirs,

I am Ahmed Sami Mahmoud Al-Rabiah, nephew of the detainee Fouad Mahmoud Hassan Al-Rabiah. The existence of our uncle Fouad makes us feel that we are secure. We miss him, as he is the example of the great man in his morals. I don't believe that this great man hates his children to the extent that he involves himself in terrorist acts that keep him away from them. He was keen on meeting his brothers and parents. Further he respects family relations and he has good relations with his American Friends. He likes them and they like him too. He was excellent in his university studies and used to assist the needy families inside Kuwait and abroad.

He is innocent and his detention is unfair. You can imagine the feelings of his family and our feelings when we lose one part of your body, of course you will endeavor to restore it back. We are suffering from other side effects resulting from the loss of this part. We have already lost our uncle Monzer who is younger than my uncle Fouad and who was suffering from heart disease. Despite his illness he endeavored to restore his brother. Further my grandfather, i.e. father of my uncle Fouad died and this had negative impact on my study when I was in the USA. I felt that I am closely watched by those around me, so I couldn't complete my studies. Therefore I lost my academic future and many long years of my age. What is most important at present is that I am afraid about my grandmother, i.e. mother of the detainee Fouad who lost 3 persons of her relatives, i.e. the death of her son and husband and the detention of my uncle Fouad. She was astonished from the death of her husband and her son. Finally you should know that this is not a story, rather this is a real fact regarding my uncle.

Dear Sirs,

I would like you go give me all ears and merciful hearts to listen to my complaint. It is an appeal from a girl who lost a very kind heart, lovely smiling face and generous hand of her uncle who used to share his brother all the above mentioned characteristics to the extent that I didn't feel that he is my uncle, rather he is my father.

I have never remembered that he was cruel or aggressive. I had very happy moments with my uncle when he was cheerful, kind and he used to play with me. I miss these moments and I am very sad from those who describe this man as a terrorist. My uncle is far away from this description and these charges and I am quite sure that he is innocent.

All those who know him cannot believe that he is detained under this charge which is quite strange and it is suffice to know that his name is Fouad (means heart). My uncle is actually the heart of the old and young people. I hope that you will be merciful with the tired hearts that are suffering from the absence of my uncle. We are looking forward and following up all mass media awaiting any happy news that can stop our tears due to the absence of my uncle. It is without exaggeration to say that my uncle is the symbol of all kinds of tenderness and he is the medication that will treat the heart of his poor mother who is waiting and suffering from the loss of her son Fouad.

Please, please again release him and we hope that you will hear our appeal.

I write to concerning our son Fouad Al-Rabiah who is very dear to us. He has always been the dear and kind friend and son-in-law.

Before his detention we used to go out every Thursday for picnic with his sons and ours. We used to have lunch in any restaurant with his wife and children. Following his detention his sons and children have missed him. This resulted in many things, such as the depression of his elder son who is no longer mix with foreigners. His elder daughter has become very weak and sad. She faints whenever she hears or reads anything about the detainees. Smile had never been absent from the face of his wife, i.e. my sister, but now she is pale. I pray to Al-mighty God to relieve their pains and bring them together soon.

Dear Sirs,

I am Salah Abdul Rahman Hassan Ali Al-Rabiah, cousin of Fouad Mahmoud Hassan Ali Al-Rabiah, do hereby state that Fouad is a person of good conduct and behavior. He is very kind and he has always been cheerful and he doesn't like sadness. He is a very kind father and brother and merciful cousin. He graduated from America based University and he has some American friends who didn't see from him except every good deeds and love.

A person who enjoys such personality traits is far away from any terrorist or aggressive acts. During our relationship in the work and inside the family I had never notice except that he is far away from any terrorist acts and he has always been warning from involvement in any terrorist act, either directly or indirectly. Further he warned us from suspicious persons or those who involve themselves in such acts.

In the premises I appeal you to expedite the release of Fouad due to the gap already created in his house due to his absence. His children, family, parents, brothers, cousins and all family members are missing him. All those who know Fouad have lost their smile due to their severe sadness of his absence. Further his absence has negative impact on his family and his father and brother died as a result of their sadness.

Dear Sirs,

Thanks to God and peace and blessings be upon his messenger. Our dear neighbor, mother of Abdullah, has asked me to express my opinion sincerely and honestly regarding her husband, father of Abdullah (Fouad Al-Rabiah), may God release him. So I have answered her demand and God is the best witness.

Father of Abdullah has been my neighbor since 1996 and he has always been the best neighbor. He likes his neighbors and they like him. I swear by God that I had never seen anything bad from him. He has always been cheerful and he likes to play with children and encourage them. He is cooperative with his neighbors and he had never asked anybody anything even when he is in a calamity.

I pray to Almighty God to be merciful with him and to return him to us and to his family safe in the near future, God willing.

Peace and blessings be upon His slave and messenger Mohammed and all his companions and family members.

Dear Sirs,

The first person I knew when I resided in my new house is Mr. Fouad Al-Rabiah. He is the first neighbor who met and assisted me. Further he gave me presents. The neighbor in deed is the neighbor in need. He has always been caring much for his family like and up bringing his children, particularly from the religious and social aspects. He is generous and of good conduct. Further he observes the 5 daily prayers and he used to perform these prayers in the nearby mosque. Further more he used to travel with the charitable societies to assist the poor and the needy.

However following his detention at Guantannamu I became astonished and sad. Is this the reward of the person who helps the poor? Does person who leave his family and relatives to provide for the needy deserve so?

Now the situation of his family has turned upside down. They are like orphans because those who were caring for them, i.e. Fouad's father and brother, died and they have no supporter except their mother who stands the calamity, the material and psychological problems of her children and that of her.

I would like to see Fouad now while I am writing this message and I hope he will drive his vehicle that has not been used for 3 years. I pray to Almighty God to set him free, relief his calamity and return him safe and healthy to his family.

He is peaceful and cheerful person and all those who know him like him. He has always been kind with his family members, i.e. his wife and children. He is very kind with them like birds with their eggs.

A person who has these personality traits and description is far away from extremism and harming others. I have never heard that he has any terrorist ideas or aggressive attitude. Following his detention the light of the family is no more and all family members are weeping and they want to see him. Further we have lost the smile and their happy house has changed into gloomy one.

Dear sir/ madam at the Annual Reviewing Council,

I have been asked by Mr Fouad Al-Rabiah solicitor to write this letter about Fouad Al-Rabiah. I know Fouad all my life because Fouad and I are cousins. Fouad has a very lovely personality and he is loved and admired by all his family, friends and colleagues. Fouad is compassionate caring father for two lovely daughters and two handsome young men looking forward to seeing their beloved father again. I have seen how kind-hearted and gentle Fouad was with his parents and to every one around him. A person with this peaceful mentality and all this humanity and kindness, it is hard to believe or even think that he was involved in any violent activity and we plead for his freedom to return to his family and loved ones.

Sincerely yours,

Further he used to lend helping hand to all people, regardless their race, color or religion. More than often I saw him engaged in the service of others and all people of our area like him and they are proud of him as he is the simple of donation, kindness and respect.

Among his family members he used to be kind father and husband who likes to play with children. I think a person having these personality is far away from extremism and creating problems.

I had never known that he adopts any abnormal ideas or aggressive attitude or destructive ideas.

Upon his detention we lost one of our family members who enjoys the sense of humor and this fact makes us very sad. He is no more available among his family members and he cannot share us our festivals.

Dear Sirs,

I am Abdul Rahman Talal Abdul Rahman Hassan Al-Rabiah, cousin of Mr. Fouad Mahmoud Hassan Al-Rabiah do hereby state that we miss him very much. Further we pray to Almighty God daily to return him safe. Fouad is characterized by many good features. He is straightforward and he fears Almighty God. Further he has always been benevolent to his parents and of good conduct. All people, including his relatives and other surrounding people like him. I like him personally and I miss him very much. Whenever I pass near his house and see it dark and abandoned I became very sad and remember our happy previous days when I used to have tea and coffee in his house. Now he is no longer in the house and his position in our hearts and in the house is vacant. When you pass nearby his house you don't hear any voice. However, God is the best supporter. In every occasion we meet without having him with us we feel that there is very wide gap which makes us very sad.

We don't know whether Fouad is wearing clothes or not, whether he has food like us or not? Further we don't know whether he sleeps or not. Moreover he doesn't know anything about us and about the death of his late father and brother, may God reside them in the heavens. His father was very old man and he could not eat or move alone, so Fouad and his brother Monzer used to help him. I pray to Almighty God first and ask you to endeavor to set him free from this calamity. I appeal you to release him as he is of good conduct and behavior. He had never committed these acts attributed to him. So please release him, if you can do so. We pray to Almighty God to relieve his calamity. Finally we appeal you to release him, as he is innocent from these charges.

Please accept our thanks to you and to all those who may read this message.
