The Election.

We annex a list of the returns as far as received, revising and correcting them with all possible care. Our contemporaries have committed many errors in the classification of the members elect to the Legislature. The *Delta*, for instance, puts down Mr. BAUR, of St. Charles, as a Democrat. He is a staunch Whig, and protests against being included with the Locofocos. In the same journal, the representation from New Orleans is set down 13 Democrats and 7 Whigs—the election of A. C. BULLITT makes it stand 12 Democrats and 8 Whigs. Again, Pointe Coupée is entitled to but one representative. It figures as having chosen two.

In the preceding table we include nothing but what is certain. Thus, we do not on the strength of vague report, put down Terrebonne and Assumption as having elected Democrats to the House, preferring to await positive returns—the more readily in this case, as we strongly doubt the correctness of the report, at least as regards Terrebonne.

Later from Texas.

By the arrival on Saturday, of the steamship *Galveston*, Capt. Wright, we have received our files of papers to the 21st inst. The *Alabama* likewise arrived the same day, with dates to the 22d. The papers contain but little news.

Col. Harney's dragoons are encamped about five miles above San Antonio. They are in good health.

Maj. Hayes' Rangers, numbering about 70, are encamped about 12 miles from St. Antonio, towards Castroville. This officer has projected an expedition to the Rio Grande, in the direction of Chihuahua, which, if it receives the sanction of Government, will set out early in the spring.

The *Civilian* of the 21st contains the following information:—

The Government of Texas has remitted the extra five per cent. duty, hitherto levied on merchandize imported in U. S. vessels, as that government is no longer regarded as being upon the footing of "nations not in treaty with Texas."

The Indians near Austin were somewhat troublesome. A mail rider had been shot at, but fortunately was missed.

Howes and Mabie's Circus was at Houston doing a good business.

Young Audubon, the Naturalist, had arrived at San Antonio.

A party of Mexican traders was lately robbed a short distance from San Antonio, on their return to the Rio Grande. It is supposed that the robbers were a few renegade Americans who have been prowling about San Antonio for several months.

Counterfeit ten dollar notes on the Bank of Louisiana are in circulation in Texas.

MITCHELL'S EDITION OF TANNER'S UNIVERSAL ATLAS.—Our thanks are due the publishers for a copy of this splendid volume. It consists of a new universal Atlas containing maps of the various Empires, Kingdoms, States and Republics of the World, with a special map of each of the United States, plans of cities, &c., comprehended in seventy sheets and forming a series of one hundred and seventeen maps, plans, and sections. It has been got up in very beautiful style, each map being admirably colored, the boundaries of provinces, counties, parishes or departments as the case may be accurately defined, and the whole forming a series of maps which for completeness and minuteness of detail and excellence of execution, leave nothing to be desired. Those of the United States, which more particularly interest us, are valuable as embracing most of the recent additions to various States formed by the creation of new counties, &c.

Mr. L. K. Bore's in Mr. Mitchell's general agent for the South, and A. Potter, known heretofore as a travelling agent in many parishes of this State, has the agency of this work for Louisiana.

This excellent Atlas should find a place in every well assorted library, and no seminary of learning should be without one.

NEW MAP OF TEXAS, OREGON AND CALIFORNIA.—We are indebted to C. K. Bore's, the agent, for a copy of Mitchell's new map of Texas, Oregon, California and the adjoining regions, together with a little pamphlet designed as an accompaniment to the map and containing full explanations of the history, and geographical features of these countries. The map itself is large, very handsomely colored, and particularly accurate. It will be found highly useful for reference. Mr. Bore's the agent may be found at Dalcho's Literary Depot, in the basement story of the St. Charles Hotel.

DEATH OF LOUIS PHILIPPE.—Under this startling head, the *Mobile Herald* of Saturday says:—"We are indebted to the politeness of Mr. Tift, of the *James L. Day*, for a memorandum stating that a ship arrived at New Orleans on Thursday from France, which reported the death of Louis Philippe. He informed us also that the Boston arriving at New Orleans, had their flags at half mast when the mail left."

A story it seems, never loses by circulating. It is true that the rumor was started here of the death of the French King, but nobody believed it, in consequence of that credulous class which the Parisian correspondence denominates fashionable (literally "fly catchers"). As for the shipping being at half mast, it is nothing to us.

NORTH CAROLINA.—Wm. A. Graham, the present Whig Governor of North Carolina, has been unanimously re-elected.

City Intelligence.

ST. CHARLES THEATRE.—Mr. Hackett has been engaged at this Theatre for five nights, and will appear this evening in his favorite character of Sir John Falstaff, in Shakspeare's play of "King Henry the Fourth." The extremely fine conception of this character by Mr. Hackett, and his artistical personation of it, are too well known for us to expatiate on its excellence. The play will be followed by the farce called "Turning the Tables," in which Mr. T. Placide will appear.

☞ Rachel W. Barker, a minister of the Society of Friends, addressed a large number of our citizens yesterday afternoon, in the Poydras street Church—Her address composed several subjects, and was marked by great eloquence, point, and, in some parts, by severity. The Church was crowded almost to suffocation, and the congregation, after listening to the address, which was of about an hour and a half's duration, left the temple expressing their opinion of the fair speaker in terms of commendation and praise. We had the pleasure of seeing the Hon. HENRY CLAY there.

TROTTING MATCH.—A trotting match came off yesterday over the Metairie Course, in sulkies, for $100 aside, mile heats, between William Mish's horse *Arab* and H. Richards bay horse *Thayer*, which was won by the former in two straight heats. Time 3, 05—2, 56.

RUNNING RACE.—Jackson "the American Deer" undertook yesterday, to run eleven miles in the hour for $3000, over the Eclipse Course. Up to 12 o'clock at noon, a heavy fog hung over our city and its environs, but after that hour the weather cleared off. The race however, was lost, the distance having been done in sixty minutes and ten seconds, thus losing by ten seconds.

The following is the time of each mile as reported from the stand:

	m. sec.	m. sec.
1st mile	4 53	00 00
2d do	5 07	10 00
3d do	5 15	15 15
4th do	5 25	20 40
5th do	5 36	26 18
6th do	6 12	31 20
7th do	5 30	37 00
8th do	5 29	42 29
9th do	5 37	48 06
10th do	5 43	53 49
11th do	6 21	60 10

Thus losing by 10 seconds.

UNITED STATES DISTRICT COURT.—Capt. Selleck, of the steamer *Rainbow*, was on Saturday fined in the penalty of $50 for carrying a letter in violation of the postage law.

CRIMINAL COURT.—Hardin Golding, found guilty of passing counterfeit coin, and recommended to mercy by the jury, was on Saturday sentenced to one year's imprisonment at hard labor in the Penitentiary and costs.

TRIED.—Abraham Myers and Catharine Hartwell, were tried, the one for stealing two cases of knives from the store of Wm. B. McCutchen, and the other for feloniously receiving the stolen property. Myers was found guilty, and the woman was acquitted.

James Sherrin was placed on trial for stealing a lot of hats, gloves, handkerchief, &c., from the Rose House. The jury were out some time but could not agree upon a verdict, and were discharged.

RECORDER BALDWIN'S COURT—*Saturday*—Isam, the property of Dr Slade, was charged with having been concerned in the robbery of Mr. Whitney's house, a short time since, when much valuable property was stolen, and remanded for examination. When the officer arrested him he made a desperate effort to escape, and nearly overpowered him. On his person were found a large dirk-knife and some house-breaking implements. This same negro has been convicted of the burglaries committed in Mr. Lavillebeuve's store on Gravier street, in Borgaide & Caleb's store on the Levee, and Mr. Rainey's dwelling-house.

Charles Keith gave bail in $1000 for his appearance on the 2d February, to answer the charges of swindling against him.

Yesterday there was only a lot of vagrants before his Honor, some of whom were discharged, others were sent for twenty and some for thirty days to the workhouse.

HOUSEBREAKING AND FIGHTING.—James Gallagher was charged by William Comstock, a flatboat-man, with stealing his watch while he was asleep. He was also charged by John Brown with a most brutal assault in the cell of the calaboose, on Baronne street, having, as soon as he was locked up, discovered the complainant in the same cell, (who had been placed there to get sober,) and, without any provocation, felled and beat him almost to a mummy before the guard could stop him.

RECORDER GENOIS' COURT.—Thomas Clines, Sam'l Baxter and P. Norton were charged by Captain Yoennes with having been concerned with William Thompson, (the man having on many aliases) in attempting to commit a burglary on Royal street. They were all sent to prison to await further developments against them.

John O'Brien, caught stealing some caps from the store of J. Gustave Bochud, in Jefferson st., was sent for trial before the Criminal Court to answer, by Recorder Genois, on Saturday.

The following persons were yesterday sent to the workhouse for thirty days.—John Miller found as a vagrant in Mr. Beltrand's kitchen; Mary Ann Golden, alias Hoozier Mary, for disturbing the peace; Thomas Brown, a vagrant, having no residence; Elizabeth Hollis, for disturbing the peace and using obscene language was fined five dollars; Caroline, a slave, for insulting the officers who arrested her on a charge of larceny, was ordered to receive twenty-five lashes.

☞ We inadvertently stated on Saturday, that Mr. Brugnot had been sent to the Criminal Court for stealing Railroad iron. It would appear that he is charged with having purchased ten railroad kneels, supposed to be stolen.

ARRIVAL AND ARREST.—By the ship Franconia arrived here yesterday, a Mr. Hernandez, late a resident of New York, together with a lady, a Catholic clergyman and three children, came passengers on their route to Cuba. Immediately after their landing, the clergyman was arrested by Capt. Youenes, and lodged in the parish jail in default of bail to the amount of $100,000 for his appearance to answer a *series* of charges to be brought against him. From all we understand the particulars attending this affair are of the most unhappy and heart-breaking nature, as it would appear that they involve a case of divorce, a suit for $100,000, and very afflicting domestic troubles. As the affair will soon undergo a judicial investigation, we shall say no more on the subject for the present.

EXAMINATION OF ETIENNE DAUNOT.—An affidavit was made about ten days ago against Mr. Daunoy, charging him with falsifying a pair of scales sent to him to be stamped, that he might extract a fine afterwards from the owner. The Attorney General appeared on behalf of the State, but there being a number of witnesses to be examined, and none being present but the prosecutor, the Recorder postponed the investigation. Mr. Lasour, attorney for the accused, expressed his willingness to proceed with the case, and said he had no doubt but that the accused would be fully discharged by the evidence of the witnesses *for the prosecution*. The examination will be continued to-day.

FATAL AFFRAY AT COVINGTON, LA.—C. Y. Kimball, the keeper of a hotel at Covington was shot on Thursday night by Jesse Kirkland, and died a few hours afterwards. It seems that Kirkland had been accused by Kimball of seducing his daughter, and on the night in question the latter went to Kirkland's door and fired a gun loaded with buckshot, some of which took effect about his face and neck. Kimball, then retired, but returned shortly after and threatened to take Kirkland's life. He then went to his house, but at 2 o'clock in the morning was shot, while walking along the gallery with a light in his hand. He died soon after. Kirkland, we learn, surrendered himself immediately, declaring that he killed Kimball in self-defence. Great excitement existed at Covington on account of this affair.

MARINE DISASTERS.—Capt. McClain, of the towboat *Dual. Webster*, reports that the ship *Hamlet*, Capt. Whippen, from Rio Janeiro, is ashore and abandoned on the Chandeleur Islands, about 30 miles north west of the South East Pass. She has 20 inches of water in her hold. Her cargo consists of 7,500 bags of coffee, of which 2,000 have been thrown overboard. The balance will probably be saved in a damaged state. The ship was lying uneasily and thumping heavily.

Captain McClain also reports the barque *Trenton*, Captain Oliver, ashore from Rio, badly ashore to the north of Pass à la Loutre. The *Trenton* draws 15 feet, and is now lying in 8 feet water. The *Dual Webster* brought up from her 1400 bags of coffee, and returns immediately to bring up the balance of her cargo.

OHIO.—The Louisville *Journal* of the 17th says:

"The Ohio is now from 7 1-2 feet water in the canal last evening at the Portland mark. It has been raising almost ever since the flood before last and there is a prospect of its rising still more. This seems to be a general rise, the river appearing to be rising nearly as much above as below the falls. The Kanawha is very heavy and rapidly rising. The Ohio is in very heavy and rapidly rising.
