Mr. Dolbear, for the English and Writing
Mr. Brocard, Singing
Madame Boyer, Piano and Harp
Mr. Santipetri, Spanish
Mr. Teran, Drawing
Mr. Bretus, Dancing

The principal features of the plan adopted by Madame Vernies, and from which she will not depart, are an eager and unceasing vigilance for the welfare of her pupils, whom she will treat with all the care of a mother, a wholesome diet, a strict but mild treatment, and a selection of able and talented teachers.

LOUISIANA BOARDING SCHOOL,

Under the direction of Mr. Chas. Cuvellier.

THE Boarding School is established on the plantation lately owned and occupied by Mrs. Laroude.—No situation in the vicinity of New-Orleans unites more advantages for an establishment of the kind. The buildings are extensive and distributed in a manner the most favorable to the maintenance of interior order. The site although in the immediate neighborhood of the city, affords with regard to healthiness, the same security as a country place, and the localities are too well known to need further description.

Those persons who will take the trouble of visiting the establishment, will convince themselves, that it would be almost impossible to find a more eligible spot for its location.

Mr. Cuvellier having for a number of years back, devoted himself to the instruction of youth, and his principles having been appreciated by many respectable heads of families, it would be superfluous to dwell long on that subject. It will suffice to inform the public that the *Louisiana Boarding School* shall be established on the same basis as the college which Mr. Cuvellier has been superintending with some success for the last six years.

The studies will then, as heretofore consist, for all the pupils, of the French, English and Latin languages.—Those above twelve years of age, may besides be taught the Spanish.

All the pupils, according to their ages and capacities will follow a course of Mathematics, extending Arithmetic, Algebra, Geometry, Trigonometry, Statics and descriptive Geometry.

The elements of Natural Philosophy and Astronomy will be taught to those young gentlemen who shall have followed with success the course of Mathematicks.

Chemistry will also form a part of the general course of drawing shall be included in the studies of the scholars. The teaching of music separately.

Visits will be allowed to those families residing in the establishment.

No parents or guardians shall be admitted to see their sons or wards in their admission room, but will be allowed to send a message, a pillow, a blanket, a mattress, bar, and a chair, and wearing apparel. june 23
