LOT DESCRIPTION

Jean-François SUYS is a Belgian contemporary artist, born in Brussels. Suys has resisted attempts to label his style. Primarily, he subscribes to Kandinsky's idea, that each colour has its own vibration; an individual character which our consciousness must at first be awoken to. The form and texture of his works have an altogether otherworldly effect, at once elemental and universal. Through his richly vibrant canvasses Suys' ambition is to give a voice to colours, to let them sing.
