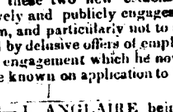
PROCLAMATION.



BY A. B. ROMAN,

GOVERNOR OF THE STATE OF LOUISIANA.

WHEREAS a vacancy has been created in the office of Representative in the Congress of the United States of the third Congressional District of the State of Louisiana, comprised of the counties of Attakapas, Opelousas, Rapides, Natchitoches, Ouchita and Concordia; and whereas it is the duty of the Governor to cause an election to be held to fill said vacancy:

I, therefore, issue this my proclamation, directing an election to be held throughout said district on Monday, the 3rd day of March next, and on the two following days —notifying the electors thereof of the election aforesaid and commanding all Parish Judges, Sheriffs and other Officers therein concerned, to hold an election on the days aforesaid at the usual places of holding elections within their respective counties, parishes and precincts, and to cause the same to be conducted, and due returns thereof to be made, in the manner and within the time prescribed by law.

Given under my hand and the seal of the State, at New Orleans, this 25th day of January, eighteen hundred and thirty four, and of the independence of the United States the fifty eight year.

By the Governor A. B. ROMAN,

GEORGE EUSTIS, Secretary of State.

MR. & MRS. GRANET,

BEG to inform the inhabitants of New Orleans, that they intend opening on the 15th of February next, in the town of Baton Rouge, two establishments for the education of young people. The female Department will be conducted by Madam Granet, and the male Department by Monsieur Granet, assisted by competent masters.

From the very kind encouragement which Monsieur Granet has received from the principal inhabitants of Baton Rouge, he has reason to expect, that each school will open with about twenty pupils. Education will be carried in all its branches as far as it may be in any other College.

The method adopted by Monsieur Granat is calculated to improve and instruct the boys, without throwing confusion into their young and tender minds by the alternate use of the two languages for the translation of the classics, as is to be practised elsewhere, but Latin and Greek will be taught through the medium of either the French or the English language, as the parents may choose.

In forming these two new establishments, Monsieur Granet positively and publicly engages to bestow all his care upon them, and particularly not to allow himself to be again induced by delusive offers of employment not to preserve in the engagement which he now takes.

Terms to be known on application to Wm. H. Ker, Esq.
