NEW ORLEANS, FRIDAY EVENING, JULY 30, 1841.

Business continues to drag slowly along, and there is nothing of any special interest to notice beyond the remarks given below.

On Tuesday we were placed in possession of letters from Liverpool to the 4th and London the 3d instant. The commercial intelligence is of a more cheering nature than we have received for a long time past; trade in the manufacturing districts had materially improved, and the Liverpool Cotton market had advanced from ½ to ¾ d. This state of things is the more gratifying, inasmuch as an improvement in business was scarcely expected, an event quoted at the extreme agitation which prevailed in England among out of the pending elections.

The arrivals for the day two bales of the new crop of Cotton was quite unexpected; they were received by the steamboat New Orleans, and are very handsome in colour and quality. We are informed that the plant is rather backward in our town state, whilst in Mississippi they have commenced picking on several plantations.

The weather during the whole of the week has been in the highest degree hot, the thermometer varying from 92 to 96° in the shade at noon. The city continues healthy.

COTTON — Arrived since the 23d instant of Louisiana and Mississippi, 29 bales (of which 2 bales of the new crop), Tennessee and North Alabama, 26; Texas, 5; together, 360 bales, making the total receipts since the 1st of October, 1840, 854 bales, against 921,693 the season previous. Cleared in the same time for Liverpool, 3,387 Havre, 1,726 Marseilles, 100; Barcelona, 150; Genoa, 44; Baltimore, 120; together, 5,527 bales; making a reduction in stock — Mississippi, and leaving on hand, inclusive of all on shipboard not cleared this day, a stock of 9,420 bales, against 61,, at the same time last year.

The sales are without doing the past week, amount to about one-half of the previous week. By the receipt of the accounts by the Caledonia steamer, holders have become somewhat firmer in their demand, but there are no buyers willing to lease hold of the article, as the stock on sale is too small to admit of any selection in the purchases.

BREAD — During the past week the transactions in this article have been quite unimportant, and the sales do not exceed 150 bbls. in small lots. The receipts have also fallen short of 1,500 bbls., the greater part of which consists of inferior quality. The better descriptions continue in good request, and command our highest figures. We quote fine at $5 25, as the extreme of the market.

MOLASSES — Our quotations for this article remain unchanged at 25 @ 27½ cts. per gallon, and the business has been confined to the disposal of small lots. The stock in the city is quite low at present.

SUGAR — The inquiry for good sugar is very limited, and the improvement noticed in our last has not been realized. Small lots of fair to prime have been readily bought at $4 25 @ 4 75, and we quote the latter rate as the outside price for good to prime sugar on hand, which we quote from 3½ @ 4½ cts.

WESTERN PRODUCE — We are again unable to report any change in the articles comprised under this head. The demand continues on the most moderate scale, and very little is supplied at the subjoined quotations. In fact all attempts of holders to force their stocks on the market would be attended with a serious reduction on the rates now quoted. We look at our previous figures, and say for *Pork*, Mess, $10 @ 10 50; Prime, $8 50 @ 9; Prime Mess, $9 50 @ 10; Bulk, Rib, 2½ @ 3; Clear, 3½ @ 3¾; Sides, 4 @ 4½; Shoulders, 2½ @ 3; Hams, $7 50 @ $8 00; Bacon, 4½ @ 5; Lard — Ordinary, 5½ @ 5¾; Shipping, 5¾ @ 6; Prime Leaf, 7 @ 7½; in request. *Butter* — Hams, 10 @ 12½; Sides, 4 @ 5; Shoulders, 2½ @ 3; — Country Meal, 2½ @ 3; — Sugar cured, in bds. 11½ @ 12.

WHISKEY — The inactivity noticed in our last still continues, there being no demand except for the most limited lots of the most choice description, the quotation remains at 19 cents.

BAGGING AND BALE ROPE — We can only notice an occasional inquiry for a small lot at Kentucky Bagging, at 21 @ 22½ cts. The other descriptions are neglected, and our quotations must be considered nominal. Bale Rope, 6 cts.; Gunny, 12½ @ 13; Hemmin's Roy's, 12½ @ 13; Northern do. — @ 11½.

SALT — We have no change to notice in this article, there having been no arrivals, and prices remain unchanged, say $1 00 for coarse, and $1 25 for fine. Turks Island, 40 @ 45 cts. per bushel of 70lbs.

COFFEE — There is no change to notice in this article, the demand continues extremely limited. We quote Havana prime green, 11½ @ 11¾; Rio do. do. 10½ @ 10¾; Java, 11 @ 11½ — Laguayra, 11 @ 11½.

CANDLES — The market remains in the same inactive state last observed to, and the article is a neglected one. Sales of mould tallow candles at 9 cts. Sperm candles, 30 @ 35 cts. per lb.

OILS — Prices remain as last quoted, with an extremely moderate demand. Linseed, $1 10 @ $1 15 — Winter-strained, $1 15 @ 1 20 — White Oil, 45 @ 50 — Lingseed Oil, $1 @ $1 05 gallon.

EXCHANGE — The transactions in Exchange have been of a trifling character since the date of our last, and the rates are entirely nominal, and varying from day to day. We quote Sterling, 11 @ 11½ per cent. prem. — Francs, 5 90 @ 5 92½ — New York, 60 days, 7 @ 7½ per cent. prem. — Sight checks, 4½ per cent prem.
