Architecture, Civil Engineering and Surveying.

HAVING removed my office to Banks' Arcade, on Magazine street, in New Orleans, I respectfully state that I shall continue to devote my professional attention to each branch of Architecture, Civil Engineering and Surveying. Plans for private and public buildings of every kind, in the Grecian, Roman, Gothic and all other varieties of modern styles, will be made with a strict regard to utility of design and beauty, accompanied with specifications and estimates, based on the local average prices of labor and materials.

Surveys and locations of greater internal improvements, such as railroads, canals, &c. &c. Also, surveys of water works on rivers, as Levees, Facine works, etc. a corresponding attention will be devoted. Having a sufficient number of assistants at my disposal, I am now prepared to extend my business to any distance from New Orleans, so that no part of the country, and to procure cultivated and unbroken tracts of land, and to procure surveyors for the energetic execution of works of the greatest magnitude. Surveys and plans of real estate, topographical plans, drawings of machinery, plans specifications and estimates for country residences, dwelling houses, warehouses, cottages, etc. will not only be made at short notice, but shall be faithfully superintended in the execution of any kind of buildings or other improvements. The great multitude of plans made by me, and which have been executed and erected during the last few years, are a guarantee that my wants are reasonable.

Letters may be addressed to me either in the English, French, Spanish or German languages.
