corner of the west wall. There was no door present. The room had a tile floor, and the walls were tiled about two thirds up from the floor. There was window in the east wall that was covered with plywood. There was an entranceway in the north wall that was covered with plywood. There was a U shaped green bar attached to the north wall three feet above the floor. The bar was approximately one inch in diameter, and approximately three feet long.

The outside of the sleeping bag was covered with mud. Underneath the sleeping bag, was a length of white electrical wire. There were two MRE boxes present in the room that appeared to have been used as seats. There was one unfired 7.62mm rifle round on the floor, near the door.

(FOUO) Scene Documentation: SA [REDACTED] prepared a Crime Scene Sketch of Room 6. SA [REDACTED] exposed digital photographs of Room 6 utilizing a Nikon Coolpix 995 Digital Card Camera. (See Sketch, Photographic Log and CD ROM for details)

The unfired round was not collected, as unfired small arms ammunition was frequently seen on the ground in the area, and there was no evidence of gunshot injuries on MOWHOUSH's remains.

(FOUO) About 0820, 28 Nov 03, SA [REDACTED] interviewed SSG [REDACTED], Medical Troop, Spt Sqd, 3<sup>rd</sup> ACR, Fort Carson, Al Asad, Iraq. AGENT'S COMMENT: SFC [REDACTED] was not advised of his legal rights, as he was not suspected of any criminal wrongdoing at the time of the interview.

(FOUO) About 1013, 28 Nov 03, SA [REDACTED] interviewed SPC [REDACTED] Aviation Maintenance (AVIM) Trp, Spt Sqd, 3<sup>rd</sup> ACR, Al Asad, Iraq. SPC [REDACTED] stated he was the guard that escorted MG MOWHOUSH to interrogation room 6 on 26 Nov 03. SPC [REDACTED] stated he was present for the interrogation and assisted in placing MG MOWHOUSH in the sleeping bag under the direction of CW3 [REDACTED]

(FOUO) About 1032, 28 Nov 03, SA [REDACTED] coordinated with SFC [REDACTED] who provided the 66<sup>th</sup> MI Company Interrogation Log, which was used to document when detainees were interrogated, where they were interrogated and by whom. A review of the documents showed MG MOWHOUSH was signed out only one time since his capture to CW3 [REDACTED] at 0815, 26 Nov 03. The time was crossed out and changed to 0715 by SFC [REDACTED] who stated that was the correct time. There were no comments or return date listed on the log, and the recommendation was to hold the detainee. SFC [REDACTED] stated the sign out time indicated the detainee's capture file was signed out, not the time the interrogation was started. The log was returned to SFC [REDACTED]

(FOUO) Agent's Comment: There was no way to copy the log and the detention facility needed the log for their records. All pertinent information was noted by SA [REDACTED] at the time of the log review.

When CW3 [REDACTED] stood up, SPC [REDACTED] noticed MG MOWHOUSH was not breathing. After a few seconds, MG MOWHOUSH took a deep breath. At that point MG MOWHOUSH was rolled over, and CW3 [REDACTED] sat on MG MOWHOUSH's back. At that point, SPC [REDACTED] left the room. When he came back, medical personnel were present at the room. When questioned about others who had interviewed MG MOWHOUSH, SPC [REDACTED] stated 24 to 48 hours prior to the interrogation on 26 Nov 03, MG MOWHOUSH was interrogated by Special Forces. SPC [REDACTED] was the guard that escorted MG MOWHOUSH to the interrogation. While waiting to escort MG MOWHOUSH back to the cage, SPC [REDACTED] heard MG MOWHOUSH screaming and the sounds of a person being struck with a hard object coming from the room MG MOWHOUSH was being interrogated in. SPC [REDACTED] stated the sounds lasted for approximately 10 to 15 minutes. (See Sworn Statement for details)

(FOUO) About 1120, 28 Nov 03, SA [REDACTED] reviewed the Capture File pertaining to MG MOWHOUSH. The file included a very limited data sheet, which contained only his name, tribe and year of birth. The file contained two Sworn Statements pertaining to the capture of MG MOWHOUSH. The first statement was written by CPT [REDACTED], HHT, 1<sup>st</sup> Sqd, 3<sup>RD</sup> ACR. It stated MG MOWHOUSH came to FOB Tiger to attempt to secure the release of [REDACTED] on 10 Nov 03. MG MOWHOUSH was detained as a suspected leader of anti-coalition efforts in Al Qaim. The second statement was written by CPT [REDACTED], HHT, 1<sup>st</sup> Sqd, 3<sup>rd</sup> ACR. (FOUO) About 1210, 28 Nov 03, SA [REDACTED] interviewed SPC [REDACTED] Aviation Maintenance Troop, 3<sup>rd</sup> ACR, who stated he was the night guard for Pen 8, the pen MG MOWHOUSH was kept in. He described MG MOWHOUSH as quiet. The last two days MG MOWHOUSH was there, he complained that he was very, very sick. SPC [REDACTED] asked MG MOWHOUSH if he wanted medical attention, but he did not respond. The medical staff made rounds every morning, but MG MOWHOUSH never asked for them. MG MOWHOUSH was kept on sleep deprivation and was never allowed to sleep at the direction of the interrogators.

(FOUO) About 1350, 28 Nov 03, SA [REDACTED] interviewed SPC [REDACTED] Aviation Maintenance Troop, 3<sup>rd</sup> ACR, who stated he helped MG MOWHOUSH back to his pen after an interview between 1300-1600, 24 Nov 03. MG MOWHOUSH could not walk on his own and looked very tired. SPC [REDACTED] did not hear MG MOWHOUSH being hit at any time.

(FOUO) Between 1218 and 1340, 28 Nov 03, SA [REDACTED] conducted canvass interviews of the guards on both the day and night shifts. MG MOWHOUSH was a quiet prisoner who did not cause any problems. None of the guards ever had to restrain him and none of the guards ever hit MG MOWHOUSH. MG MOWHOUSH always seemed tired and could not do physical training. When SFC [REDACTED] stepped into the room, MG MOWHOUSH was lying on the floor in the sleeping bag. SFC [REDACTED] heard SFC [REDACTED] tell MG MOWHOUSH to get up, but he did not comply. CW3 [REDACTED] and CW2 [REDACTED] were also in the room. SFC [REDACTED] stated he was in the room for 10 to 15 seconds and left. I, [Redacted], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 26 Nov 03 0830 I joined the interrogation of Abid. The interrogation started about 0840 and Abid did not want to answer the questions being asked. He was put in the sleeping bag and laid on the ground. He was talking to the interrogator when he became unresponsive. We called for the medics and they attempted to save his life for about 30 min. Some time around 0950 the Doctor stopped life saving measures and pronounced the death.

Q: SA [Redacted]

A: CW2 [Redacted]

Q: Who was interviewing ABID Mahoush?

A: CW3 [Redacted] and SFC [Redacted] They had been interviewing him prior to my arrival but I only joined the interview at 0840 [Redacted]

Q: What do you mean when you say he was put into a sleeping bag?

A: He was standing up. The sleeping bag was placed over his head and around his body. a cord was wrapped around his body to keep the bag on. His head was covered. He was then laid down on the floor and rolled from his stomach to his back and asked questions. This was not the first time this technique had been used on him. ABID was talking and answering questions while in the bag. Then he became unresponsive, we knew something was wrong when we took him out of the bag. we immediately called for the medics [Redacted]

That I was the interpreter present on 26 November 2003 for the interrogation of of Abed NAMED MACHASH, former General in the Iraqi Army. I was called into room 6 by CW2 [REDACTED] because he needed a [REDACTED]. The General was already present in the room along with CW3 [REDACTED], CW2 [REDACTED] and myself. I translated and assisted in questioning the General for approximately 15 minutes. During the interrogation the detainee was placed in the bag. An old green sleeping bag which provided air flow but is restrictive and very uncomfortable. I personally verified that the General's airflow was not restricted by the bag before beginning and translated interrogations. At no time was the General beaten or any devices used to injure him or cause any bodily harm. The [REDACTED] CW3 [REDACTED] asked the General if he was the "Snakes Head" numerous times. He then said that the General was the "Snakes head" and asked the General if that was true. He asked the General if [REDACTED] should be interrogated. Then CW3 [REDACTED] said that Republican Guards are strong. CW2 [REDACTED] said the Republican Guards should be strong; strong from the inside. I [REDACTED]. The detainee was rolled over onto his chest and CW2 [REDACTED] said that the General had shit himself (lose bowel control). We noticed that he was unresponsive so I checked for chest movement and a pulse. There was none. (continued)

STATEMENT OF [REDACTED] TAKEN AT [REDACTED] DATED 2003/1/28

9. STATEMENT (Continued)

CW3 [REDACTED] sent me to go get the Doctor. I ran to the aid station and was told that the Doctor was down in the inprocessing tent. I ran there and she followed me to Room 6. When I arrived CW3 [REDACTED] was doing CPR. I assisted the medical team with CPR and when one of the medics attempted to start an IV. When we lifted the detainees clothing to expose his legs I noticed that he had signs of physical/blunt trauma on his legs. The only other item that I noted was that the detainee, in death, was smiling. This face really upset me.

Q: [REDACTED]

A: [REDACTED]

Q: Did any one during the interrogation physically touch or "control" MG Mowthorst?

A: Yes, CW3 [REDACTED] sat on the detainees chest and put his hand over the detainees eyes and mouth. He did not cover his nose. This was an effort in my opinion to show the detainee that the interrogator was in total control of the situation and to enhance physical discomfort. I did not feel that this was meant to endanger the detainees life.

Q: Have you been involved in any other interviews with the MG?

A: No.

Q: Why do you think the MG died?

A: I think that emotionally he gave up his will to live and then died of a heart attack.

Q: Do you know how many times he was interviewed while in custody?  
A: I believe that he was interviewed once or twice a day since his arrival in order to gain critical tactical intelligence related to anti-coalition activities.

Q: Who conducted those interviews?

A: CW 3 [REDACTED]

Q: Have you seen the MG after he was interviewed by any of the [REDACTED]

A: Only once as he was headed back to the detention cage. I noticed that the detainee was having severe difficulty getting back to his cage so I ran down to assist. I and four guards and one officer helped to move the General back to his living area. The entire time I spoke with and encouraged him. At one point he fell to the ground and said, "I can't, I can't, I die!" I told him that he was going to be alright and helped him to his area. I ensured that he had his blanket wrapped around him and that he was alright. This was approximately the 24th of November at around 1900 hrs.

I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

2 days ago I was called on the radio to escort number 76 (the General) to go to interrogation room number 6. I proceeded to pm 28 to get the General. About 50 to 75 feet from the cage I said "General. Let's go General." in a very friendly way. Just like I do to all the EPWs. By time I got there he still wasn't standing. I had to physically help him up. On the way to the interrogation room I had to help him walk the whole way. Very slowly I might add. He was breathing short & heavy with a little bit of wheezing and a tired/bull moan at the exhale of every breath. I had to carry a lot of his weight on me while walking with him with his hands and arms over mine. When I got up to the "Bat cave" (the interrogation rooms) Chief [REDACTED] was waiting and told me to take him to room six. I took him there and waited out-side the room against the wall. After standing there awhile I was told by [REDACTED] to come inside and make sure he doesn't sit down. [REDACTED] left for approximately 15 minutes and came back. Before [REDACTED] came back [REDACTED] came into the room just talking to the General. Taking him "How was your cookie I gave you?" The General said it was good and that's all he had to eat in the last few days. [REDACTED] was telling him how he was his friend and that he liked him and some other stuff I don't really remember. About that time [REDACTED] and the interpreter, [REDACTED] came in the room. [REDACTED] asked him a few questions and the General responded all same, "I don't know". At this time [REDACTED] should step out and he slightly shake his head no. [REDACTED] told the General that if he didn't tell [REDACTED] what he wanted to know then he's not going to like what's coming. [REDACTED] asked

a few more questions. The same thing "I don't know." [REDACTED] picked up the sleeping bag and wrapped it around the General and I tied it up with electrical cord. [REDACTED] told me to make sure that it was tight. So I did. I was still wrapping the chord around his thighs and I asked [REDACTED] how low do you want me to go. He replied "A little lower." So I did. After that [REDACTED] asked me if it was tight, and I said ~~yes~~ yes. We had ~~tried~~ tried to turn him around a couple of times but he was too big to turn. Me, [REDACTED], and [REDACTED] all layed the General down on his back. After laying him down [REDACTED] sat on his both chest and stomach. [REDACTED] asked him a few question and he same thing. "I don't know." [REDACTED] put his hand over the face of the General and held it there for a few seconds and then released. I asked him a few more questions and the same answer. [REDACTED] took both his hands and pushed down on the sleeping bag on both sides and held it there. Meanwhile me and [REDACTED] are standing and the sides of the sleeping bag to hold down the General's legs to keep them from kicking or kneeling. [REDACTED] asked a few more questions and there was no answers. [REDACTED] stood up and was watching the guy. I saw that at first the general wasn't breathing, but after about 15 to 20 seconds he took a big, deep breath. [REDACTED] then said "Thank God, I was worried that he stopped breathing." [REDACTED] then told us to roll him over. Before we rolled him over he started to shake for about 2 seconds. We all really thought nothing of it. We rolled him over and [REDACTED] sat on his back. After a few seconds I saw the General's whole body just clench. His body clenched about 3 or 4 times, maybe more. At this time [REDACTED] walks in the room stands there for a minute or so and she tells me to step out of the room. After I walked out of the room about 2 minutes later a battle buddy of mine walked by and I talked to him for no more than 5 minutes. When I came back to the room a Sgt ran out of the room yelling "Where's the Doc?! Where's the Doc!?" At that time I was wondering what the hell was going on. A few minutes later the DOC

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH.

On or near the date of 17 November 2003, I began [redacted] arrived at FOB Tiger to begin an operation which was to work at a temporary holding facility at [redacted] a few days after I arrived at [redacted] CW3 [redacted] told me that I would be the interrogation NCOIC. To date I have never conducted an interrogation therefore I assumed the position as much as I knew how, seeing to it that interrogations went as smoothly as possible.

General Mahawish was already at the [redacted] detention facility when I arrived as far as I know. I only had personal knowledge of very few of the times that the [redacted] General Mahawish was being interrogated and that was because I stumbled onto his interrogations. During one of the interrogations, which CW3 [redacted] was conducting with someone else, I don't remember who, I accidentally turned the light off. On another incident, I saw CW3 [redacted] CW2 [redacted] and others I don't recall interrogating the General, CW2 [redacted] would throw a full box of M&S at the General if he didn't like the answers that the General gave. Another time that I only heard about was that [redacted] (NFI) and [redacted] were on the roof beating the [redacted] General up. I did not investigate further or ask any other questions. I don't remember any dates involved with when the General was interrogated.

The night of 25 November 2003, the General was told by CW3 [redacted] that if he wanted to see [redacted], he had 10 seconds to get up and go see him. The General's condition was so bad that he couldn't get up on his own. It took the General about 30 minutes to get 150m from the cage to the interrogation room to see [redacted] I walked the general to see [redacted] and he needed a great deal of help walking because he was in so much pain. I do not know if his pain was a result of his beating or

From the rigorous PT/Sleep dep they had him on.

The morning of 26 November 2003, SFC [redacted] came out to the cage where I was to inform me that the General was dead. SFC [redacted] told me at that time that he just fell over dead. Later that day, I asked SFC [redacted] why he would just die and SFC [redacted] told me he was in the sleeping bag when he died.

CW3 [redacted] told me on 27 November that CID would be interested in the sticks that I carried for defense because [redacted] was using them to beat the General with.

On the night prior to the General's death, I witnessed CW3 [redacted] on the [redacted] sitting on the chest of [redacted] (VFD) while [redacted] (a detainee) was being interrogated. When [redacted] didn't answer CW3 [redacted] questions, Chief would bang him up and down on the floor. When [redacted] still didn't confess, Chief [redacted] poured water over the sleeping bag over where [redacted] mouth and nose were, so that [redacted] couldn't breathe.

I have no personal knowledge of what extent the General was subjected to sleep deprivation nor PT, except to say that [redacted] I saw them occasionally doing it to him. As much as I was in the cage, I only saw the General doing PT once. I cannot say about sleep dep, only that it happened. It was the individual interrogator that was responsible for coordinating PT/sleep dep with the guards.

I had difficulty getting CW3 [redacted] to properly sign out prisoners on the paper work nor would CW3 [redacted] properly sign out rooms. I confronted him about this and he said "Chief does what Chief wants to do". I never questioned him again regarding signing rooms nor prisoners.

Q: [redacted]

A: [redacted]

Q: How often was the sleeping bag treatment used?

A: If the prisoner did not cooperate, and it was handy, the sleeping bag was used. at least daily, depending on need by CW3 [redacted]

Q: How did the use of the sleeping bag come about?

A: SGT [REDACTED] said that his brother used to put him in a sleeping bag when they were kids and that's when he and chief [REDACTED] started using it. I don't know when.

Q: Did you ever personally see CW3 [REDACTED] hit the MG or another detainee?

A: I have never seen CW3 [REDACTED] hit General Mahawish. I saw CW2 [REDACTED] throw a full box of M&S at the general during an interrogation at which CW3 [REDACTED] was conducting. I have seen CW3 [REDACTED] slap and punch several detainees. I have seen CW3 [REDACTED] beat detainees on the ground while in the sleeping bag.

Q: Did you see the MG being beat by the [REDACTED] people?

A: I have never seen [REDACTED] beat the general but interrogators that worked for me told me that they did see the beatings.

Q: Was CW3 [REDACTED] on the roof during the interview of the MG and [REDACTED]?

A: Chief [REDACTED] was very protective of whom he allowed to interrogate the General. He was very interested in what he told interrogators. It is not likely that CW3 [REDACTED] was not in any of the General's interrogations. It is highly likely that he was at all interrogations, including the one on the roof but I did not see it, so I don't know for sure.

Q: Did the MG ever say anything to you about his treatment?

A: The general did not tell me that he was being mistreated. CW3 [REDACTED] told me after the General died that the General asked him to kill him to put him out of his misery and the mistreatment to stop.

Q: Do you have anything else to add to your statement?

A: No at this time. // END OF STATEMENT // [REDACTED]

I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:  
 I have been the S2 NCOIC for 1<sup>st</sup> BN, 5<sup>th</sup> SFG(A) since August 2002. I volunteered to deploy with A Company 1/5<sup>th</sup> SFG(A) to Al Qaim, Iraq in September 03. The unit arrived in arrived in the Al Qaim, Iraq area sometime during the third week of Oct 03. About the 0900 hrs, 24 November 2003, myself along with a split team from [REDACTED], and [REDACTED] departed our base in Al Qaim. We arrived at the 3<sup>rd</sup> Armored Calvary Regiment (ACR) detention facility for [REDACTED] at about 0930. From 0930 until about 1530 hrs, I conducted field interrogations of Iraqi detainees. About 1530 hrs, our group started to get ready to depart the facility when I walked by one of the interrogation rooms. In the interrogation room I saw General (Gen) MOWHOUSH being interrogated by several 3<sup>rd</sup> ACR interrogators. From the interrogators, I got the sense the the interrogation of Gen MOWHOUSH was not going well, the General was not being cooperative. At some point [REDACTED] entered the room and started to interrogate the General. [REDACTED] started to use a hostile interrogation method on the General. From my translator I was told that [REDACTED] interrogators knew a great deal about the background of the General. However the General still denied any of the facts given by the interrogators. I was not told what was the information the General was confronted with. After two to three minutes of interrogation, [REDACTED] started to hit the General. The hits were open hand slaps and punches to the upper part of the body. The general was also struck about three to four times with a soft piece of rubber, approximately 36 inches long and approximately one inch wide. The punching lasted about 1 to 1 1/2 minutes, afterward [REDACTED] stopped and the General was led away to the detainee holding facility. The last thing I heard was that the General was going to be made to do exercise in order to make him cooperate. I left with the same personnel I arrived right after the incident. The next time I saw the General was one to two days later. While working at the detention facility on 25 Nov 03, I observed the General doing light exercise inside the detainee holding area. That was last time I saw Gen MOWHOUSH.

[redacted] was interpreting for him. After five or ten minutes of interrogation, [redacted]

[redacted] Shortly after that, [redacted] and three Special Forces soldiers filtered into the room. CW3 [redacted] knew one of the Special Forces soldiers as [redacted]. 13 May 04

DETAILS:

██████████ stated the long thin hose was stiffened with a piece of mosquito net pole that had been placed inside. CW3 ██████████ stated the beating lasted about five minutes and consisted of blows to the legs, feet and torso. CW3 ██████████ stated MG MOWHOUSH was also kicked during the beating. During the beating, MG MOWHOUSH fell to the floor and was trying to roll away. CW3 ██████████ stated the beating only stopped when word arrived in the interrogation room that the 3<sup>rd</sup> ACR Commander, COL ██████████, had arrived at the detention facility. Immediately after, ██████████ SF soldiers left the detention facility. CW3 ██████████ stated MG MOWHOUSH was able to walk back to the holding area under his own power, and he did not see any blood or open injuries caused by the beating. He said MG MOWHOUSH had been feigning some ailments during his captivity, but did not think they were anything serious. CW3 ██████████ stated 24 Nov 03 was the only time ██████████ interrogated MG MOWHOUSH.

(S-NF) About 1220, 13 Apr 04, SA ██████████ interviewed CW2 ██████████. CW2 ██████████ stated he witnessed part of the interrogation of MG MOWHOUSH conducted by ██████████ on 24 Nov 03. He saw ██████████ punch and slap MG. He stated he heard a helicopter approaching and went to see who was arriving. He returned to the interrogation room and stood outside. While outside of the interrogation room CW2 ██████████ heard questions being screamed at MG MOWHOUSH in Arabic. He also heard what he thought was the sound of some being beaten and he heard MG MOWHOUSH screaming in pain. He thought the beating and screaming lasted for 15 to 20 minutes. Thirty minutes to one hour later he witnessed four soldiers carrying MG MOWHOUSH back to the holding area.

(S-NF) About 1405, SA ██████████ interviewed SFC ██████████. SFC ██████████ stated he witnessed ██████████ use the "sleeping bag" technique of interrogation on detainees, but he could not recall specific details or which detainees were involved. He reiterated the information he previously provided pertaining to MOWHOUSH.

[REDACTED] About 0800, 14 Apr 04, SA [REDACTED] interviewed SPC [REDACTED]. SPC [REDACTED] stated his duties at the detention facility included overseeing the holding area occupied by MG MOWHOUSH. He stated MG MOWHOUSH ate sparingly, complained of being ill and had difficulty walking. He had heard of sleeping bags being used during interrogation, but had not witnessed their use. He also stated he heard of some instances of MRE boxes being thrown at detainees. He could not remember the names of the detainees or who told him about the incidents. SPC [REDACTED] was not aware [REDACTED] at the detention facility. He observed what he called mental changes in MG MOWHOUSH about three days prior to his death. MG MOWHOUSH stopped getting up in the morning. He did not notice any injuries on MG MOWHOUSH, but did state that MG MOWHOUSH's hands were always swollen from the presence of the zip-ties.

[REDACTED] About 1010, 14 Apr 04, SA [REDACTED] interviewed SFC [REDACTED]. SFC [REDACTED] was at the forward detention facility from 21 Nov to 2 Dec 03. He stated he knew [REDACTED] interviewed MG MOWHOUSH. He witnessed [REDACTED] in the interrogation room with MG MOWHOUSH. He could not remember the date, but knew the interrogation took place during daylight hours. He did not see anyone strike MG MOWHOUSH. SFC [REDACTED] stated he saw two or three detainees that were taken outside of the detention facility by [REDACTED] come back with black eyes, but he was unable to provide more specific information.

DETAILS:

[REDACTED] About 0930, 26 Apr 04, SA [REDACTED] interviewed CPT [REDACTED] who provided additional information to clarify his written statement. CPT [REDACTED] confirmed that [REDACTED] told him [REDACTED] operated under the same rules as [REDACTED] and [REDACTED] in handling detainees. [REDACTED] were not authorized to use any hands on techniques in the interrogation of detainees. CPT [REDACTED] was never told that [REDACTED] were not authorized for use in interrogations. He remembered briefing [REDACTED] on the rules pertaining to the use of force, specifically that they should only use the level of force necessary to control a given situation. CPT [REDACTED] was able to identify [REDACTED] involved in the incident on 24 Nov 03 (described in his statement) from photographs provided by [REDACTED]. CPT [REDACTED] identified a member of his team who was not previously known. The individual was a reserve or national guard First Sergeant named [REDACTED] (NFI). CPT [REDACTED] stated 1SG [REDACTED] and he thought 1SG [REDACTED] had been demobilized. CPT [REDACTED] explained that 1SG [REDACTED] was sliced on to his team for Operation Rifles Blitz because of his Arabic language skills. CPT [REDACTED] further explained how [REDACTED] were utilized the day they had contact with MG MOWHOUSH. About 0800, 24 Nov 03, while he remained at the 3<sup>rd</sup> ACR Headquarters, SFC [REDACTED] traveled to the detention facility with the remainder of CPT [REDACTED]'s team [REDACTED]. About 1000, 24 Nov 03, CPT [REDACTED] arrived at the detention facility and saw SFC [REDACTED]. SFC [REDACTED] told CPT [REDACTED] [REDACTED] took control of [REDACTED] earlier in the day. CPT [REDACTED] began to look for [REDACTED] assigned to his team. He overheard a commotion coming from an interrogation room. When he went into the room he observed the events described in his previous written statement. CPT [REDACTED] stated he was sure [REDACTED] was in the room. CPT [REDACTED] also provided further information about his actions after leaving the detention facility. Upon his return to base, he had a conversation with [REDACTED] and told him what had happened at the detention facility. [REDACTED] reiterated to him that [REDACTED] were bound by the same rules that governed [REDACTED]. After speaking with [REDACTED] CPT [REDACTED] through 1SG [REDACTED] had a discussion with [REDACTED] about the incident at the detention facility. had seen others do during interrogations. CPT [REDACTED] heard that some of [REDACTED] were involved with an interrogation of MG MOWHOUSH on 24 Nov 03 and that CW3 [REDACTED] was present during the interrogation. He did not know which [REDACTED] were involved in the interrogation. Someone in 3<sup>rd</sup> ACR informed him that [REDACTED] were involved with a rough interrogation of MG MOWHOUSH, but he was unable to provide further details. CPT [REDACTED] had heard the "sleeping bag" technique was in use at the detention facility and had seen the sleeping bag in the facility, but had not seen it used during an interrogation.

(FOUO) About 1600, 26 Apr 04, SA [REDACTED] interviewed SPC [REDACTED] C Co, 1-5<sup>th</sup> SFG(A), Fort Campbell, KY 42223. SPC [REDACTED] stated he did not witness any interrogations of MG MOWHOUSH.

[REDACTED] About 0945, 27 Apr 04, SA [REDACTED] interviewed MAJ [REDACTED]. MAJ [REDACTED] remembered hearing [REDACTED] were involved in an interrogation of MG MOWHOUSH during which [REDACTED] struck MG MOWHOUSH. The incident occurred two days prior to the death of MG MOWHOUSH. He had a meeting with his commanders (CPT [REDACTED] and CPT [REDACTED]) to make sure they understood that a similar incident should not happen in the future. MAJ [REDACTED] stated it was his understanding that personnel from 3<sup>rd</sup> ACR asked that [REDACTED] be brought into the interrogation of MG MOWHOUSH because he was resisting the techniques being used by 3<sup>rd</sup> ACR. [REDACTED] were involved in the incident. He could not provide further details. MAJ [REDACTED] later heard MG MOWHOUSH died of a heart attack, and he was concerned people might attempt to pin the death on [REDACTED] because they were easy targets.

[REDACTED] About 1040, 27 Apr 04, SA [REDACTED] interviewed CW2 [REDACTED]. CW2 [REDACTED] provided further details concerning the incident described in his statement to the chain of command and his previous statement to this office. MOWHOUSH's death. He stated he was at the detention facility when CW3 [REDACTED] approached him. CW3 [REDACTED] told him MG MOWHOUSH had clammed up. They decided to put a bunch of people in the room, including [REDACTED] who were close by, and see if they could shake MG MOWHOUSH up. CW2 [REDACTED] stated [REDACTED] also went into the room. MG MOWHOUSH was in one corner of the room, standing, with his hands zip-tied in front. CW2 [REDACTED] stated MG MOWHOUSH slid to the floor when the questioning began. People started to crowd around MG MOWHOUSH when he (MOWHOUSH) shot his legs out and locked them at the ankle around one of [REDACTED] legs. CW2 [REDACTED] stated the people in the room used their hands to force MG MOWHOUSH's legs apart. MG MOWHOUSH was then taken back to the holding area. On the way out, MG MOWHOUSH walked past COL [REDACTED] who was at the facility. MG MOWHOUSH was walking under his own power. CW2 [REDACTED] next saw MG MOWHOUSH on the day of his death. He stated MG MOWHOUSH looked fatigued, but was walking under his own power.

(FOUO) About 1400, 27 Apr 04, SA [REDACTED] interviewed SSG HOLLEYMAN. SSG HOLLEYMAN could not provide any further information beyond what he previously stated to this office.

(S-NF) About 1522, 27 Apr 04, SA [REDACTED] interviewed CPT [REDACTED]. CPT [REDACTED] stated he did not have any specific information regarding the death of MG MOWHOUSH. He heard that three or four days prior to this death several people had been called into one of the interrogations of MG MOWHOUSH to act as witnesses. He did not know the details surrounding that event or who specifically was involved. The only other thing CPT [REDACTED] knew about MG MOWHOUSH was the initial guidance from [REDACTED] was to treat him well.

(S-NF) About 0900, 28 Apr 04, SA [REDACTED] interviewed SSG [REDACTED], A Co, 1-5<sup>th</sup> SFG(A), Fort Campbell, KY 42223. SSG [REDACTED] described the one incident of his having contact with MG MOWHOUSH. He stated he walking down the

hallway with [REDACTED] when he passed a room in which MG MOWHOUSH was being interrogated. He stated there were [REDACTED] in the room with three or four regular army soldiers. There were others in the room as well, but he was not sure how many or where they were from. He stated [REDACTED] tried to get MG MOWHOUSH away from where he was standing against the wall. Some soldiers from 3<sup>rd</sup> ACR grabbed MG MOWHOUSH by the arms and attempted to lead him toward a chair. MG MOWHOUSH resisted by falling to the floor. [REDACTED] moved forward to pick MG MOWHOUSH up. When they were close enough, MG MOWHOUSH tried to kick them. SSG [REDACTED] stated MG MOWHOUSH was trying to kick anyone within his reach. At least one person was kicked hard because SSG [REDACTED] remembered someone yelling out. The people in the room got control of MG MOWHOUSH, and he was led back to the holding area. SSG [REDACTED] stated he was in the room with MOWHOUSH for 10-15 minutes and that no one hit MOWHOUSH while he was present. SSG [REDACTED] remembered there was a piece of black hose at the detention facility. He said it was used by some people (NFI) for intimidation. He stated the foam was something that was found at the detention facility. He described it as the insulation used on water pipes. He did not remember seeing a piece of the foam that had been stiffened with a stick. SSG [REDACTED] rode to the detention facility that day with CW2 [REDACTED] SSG HOLLEYMAN, [REDACTED] SSG [REDACTED] speculated MG MOWHOUSH was beaten up by other detainees, but did not have any direct information to support his theory.

[REDACTED] On 13 May 04, SA [REDACTED] reviewed CIA IG file [REDACTED] which documented the investigative efforts of the CIA IG to that date. The review of the file revealed the following information pertinent to this investigation. On 28 Nov 03, [REDACTED]

[REDACTED] describes a conversation he had with CPT [REDACTED] wherein CPT [REDACTED] told him [REDACTED] participated in an interrogation of MG MOWHOUSH on 24 Nov 03. The description of the contact between [REDACTED] and MG MOWHOUSH is consistent with what CPT [REDACTED] described in his written statement. However, in his written statement, CPT [REDACTED] asserts that he observed [REDACTED] strike a different detainee. In

SFC [REDACTED] related he was deployed to Iraq in support of 3<sup>rd</sup> Squadron, 3<sup>rd</sup> ACR from May 03 to Feb 04. SFC [REDACTED] first started working with [REDACTED] in Sep 03. [REDACTED] as a linguist working for CPT [REDACTED]. His primary responsibility was to aid CPT [REDACTED] in directing the actions of [REDACTED]. SFC [REDACTED] traveled to the forward detention facility between two and four times during [REDACTED]. After the incident between [REDACTED] and MOWHOUSH, [REDACTED] stayed away from the detention facility. One or two days prior to MOWHOUSH's death, SFC [REDACTED] was at the forward detention facility with CPT [REDACTED]. The other [REDACTED] gone to the forward detention facility earlier in the day. When he arrived at the forward detention facility with CPT [REDACTED] they went looking for the other [REDACTED] which contained [REDACTED]. SFC [REDACTED] and CPT [REDACTED] walked into an interrogation room and saw [REDACTED] hitting a detainee. SFC [REDACTED] did not know who the detainee was, but was sure it was not MOWHOUSH. SFC [REDACTED] thought MOWHOUSH was being interrogated in a different interrogation room at that time. SFC [REDACTED] also saw [REDACTED]. SFC [REDACTED] said there were other Special Forces soldiers in the room that were not members of [REDACTED]. No soldiers from 3 ACR were in the room. SFC [REDACTED] witnessed [REDACTED] punch and kick the detainee. The detainee was described as an [REDACTED]. He was [REDACTED]. When SFC [REDACTED] first walked in the room, the detainee was being questioned while seated on an MRE box. SFC [REDACTED] stated several times the detainee was knocked from the MRE box by blows. while on the floor then placed back on the MRE box in a seated position. SFC [redacted] stated [redacted] was hitting the detainee with a long black object. He thought the object was hollow, like something you would put around electrical wire or pipe. He stated [redacted] was swinging the object with two hands, like someone splitting logs with an axe. [redacted] was hitting the detainee with a tan object about 12 inches long by 3 inches wide. SFC [redacted] thought [redacted] hit the detainee between 15 and 20 times. He described the beating as a brawl and said it was difficult to tell who else was doing what hitting and how much they were hitting. SFC [redacted] stated the interrogators were using the good cop, bad cop technique on the detainee. During this time [redacted] was sitting near the door of the room. After three or four minutes, CPT [redacted] stopped the interrogation, rounded up all members of [redacted] and the attached [redacted] and left the forward detention facility. Prior to CPT [redacted] no one made any attempt to stop the interrogation. That night, CPT [redacted] instructed SFC [redacted] to talk to [redacted] and tell them to never strike a detainee again during an interrogation. [redacted] told SFC [redacted] they were instructed to use physical force in the interrogation by US personnel. They were not able to identify the person that gave them the instructions. He described [redacted] as being "scared shitless." SFC [redacted] was sure [redacted] would not have used physical force in an interrogation without being instructed to do so. SFC [redacted] thought MOWHOUSH died the next day or two days after this incident. SFC [redacted] did not see [redacted] interrogate MOWHOUSH, but heard they were involved in one or two interrogations. He thought they interrogated MOWHOUSH on the same day as the incident he described, and that [redacted] may have been involved in the interrogation of MOWHOUSH. CPT [redacted] told SFC [redacted] he voiced concerns over what they saw to [redacted] SFC [redacted] related he was the person who gave [redacted] [redacted] SFC [redacted] heard of a sleeping bag being used in interrogations, but he never witnessed an interrogation where the sleeping bag was used.

"Have you ever requested a lawyer after being read your rights?"

## SPECIAL INSTRUCTIONS

**WHEN SUSPECT/ACCUSED REFUSES TO SIGN WAIVER CERTIFICATE:** If the suspect/accused orally waives his/her rights but refuses to sign the waiver certificate, you may proceed with the questioning. 1. If the suspect/accused has made spontaneous incriminating statements before being properly advised of his/her rights he/she should be told that such statements do not obligate him/her to answer further questions.

2. If the suspect/accused was questioned as such either without being advised of his/her rights or some question exists as to the propriety of the first statement, the accused must be so advised. The office of the serving Staff Judge Advocate should be contacted for assistance in drafting the proper rights advisal.

**NOTE:** If 1 or 2 applies, the fact that the suspect/accused was advised accordingly should be noted in the comment section on the waiver certificate and initialed by the suspect/accused.

**WHEN SUSPECT/ACCUSED DISPLAYS INDECISION ON EXERCISING HIS OR HER RIGHTS DURING THE INTERROGATION PROCESS:** If during the interrogation, the suspect displays indecision about requesting counsel (for example, "Maybe I should get a lawyer."), further questioning must cease immediately. At that point, you may question the suspect/accused only concerning whether he or she desires to waive counsel. The questioning may not be utilized to discourage a suspect/accused from exercising his/her rights. (For example, do not make such comments as "If you didn't do anything wrong, you shouldn't need an attorney.")

"Have you ever requested a lawyer after being read your rights?"

(If the suspect/accused says "yes," find out when and where. If the request was recent (i.e., fewer than 30 days ago), obtain legal advice on whether to continue the interrogation. If the suspect/accused says "no," or if the prior request was not recent, ask him/her the following question.)

2. If the suspect/accused was questioned as such either without being advised of his/her rights or some question exists as to the propriety of the first statement, the accused must be so advised. The office of the serving Staff Judge Advocate should be contacted for assistance in drafting the proper rights advisal.

While I was down, there was a flurry of motion around me. I was hit and pushed in the back as others came forward to subdue the General. During these moments the General was hit and pressure was [REDACTED] placed. I do not know how long this scuffle took.

After I stood up I looked at Luc and we both shook our heads. The interrogation was over at this time. Two guards escorted General Mahowish back to the holding area, 200 meters away. General Mahowish and his two escorts walked past 3 ACR Commander and a camera man with a large T.V. camera.

There were foam pipe insulation present in the room. I am sure that these were used during the scuffle. [REDACTED]

DETAILS:

██████████ About 1100, 4 Aug 04, SA ██████████, SA ██████████ ██████████ re-interviewed MSG (RET) ██████████ who elaborated on his previous statement. MASG (RET) ██████████ stated he was walking out of one of the interrogation buildings, when he stuck his head in one of the interrogation rooms and saw MOWHOUSH. He thought it was two or three days before MOWHOUSH died. CW3 ██████████ and ██████████ were in the room with MOWHOUSH. There were two or three other people in the room. ██████████ MSG (RET) ██████████ stepped in to the room. Shortly after, many other people came in to the room. At that point ██████████ assumed the interrogation. ██████████ were interrogating MOWHOUSH using the good cop/bad cop technique. The technique involved the good cop asking questions, and the bad cop hitting MOWHOUSH. MSG (RET) ██████████ stated the bad cop slapped MOWHOUSH with an open hand and punched him with a fist. The bad cop also hit MOWHOUSH with black hose. MSG (RET) ██████████ described the hose as having the consistency and flexibility of rubber trim used around car windows. He estimated the bad cop hit MOWHOUSH multiple times over a period of about two minutes. At one point, the people on MSG (RET) ██████████'s left started moving toward MOWHOUSH. MSG (RET) ██████████ also converged on MOWHOUSH. He stated he moved toward MOWHOUSH's feet, and held his legs. MSG (RET) ██████████ stated he might have held punched MOWHOUSH. He said he did not remember if he did, but he would not be able to refute it if someone else said they saw him hit MOWHOUSH. MSG (RET) ██████████ used the word melee to describe what happened in the room. He did not know what stopped the incident, but described it as being over "in the blink of an eye." MSG (RET) ██████████ remembered ██████████ was present, but could not remember if SSG ██████████ was there. He also stated he knew ██████████ CW2 ██████████ and Tim (NFI) were at the detention facility that day. MSG (RET) ██████████ described Tim as a bald, stocky member of one of the Special Forces teams. He estimated he was in the room with MOWHOUSH on 24 Nov 03 for about eight to ten minutes. During that time ██████████ interrogated MOWHOUSH for five to six minutes, and were hitting MOWHOUSH for about two minutes. On previous occasions MSG (RET) ██████████ observed ██████████ striking detainees with a six to eight inch long piece of wood. He thought the wood might have been from a hammer handle. ██████████ used the stick to hit detainees on the fingers, toes

and head. He did not know how many different detainees [redacted] hit. [redacted] [redacted] On one occasion [redacted] drew blood from a detainee's toe when he hit the detainee with the stick. MSG (RET) [redacted] had not heard of any of the medics working at the detention facility having to treat detainees with broken bones. MSG (RET) [redacted] stated he and all members of [redacted] were using interrogation methods consistent with the techniques they were subjected to during [redacted] and [redacted]. The techniques included slapping the face and head with an open hand and the use of stress positions. He could not say how often the techniques were used, but described their use as commonplace. He described the level of force used as light to moderate. MSG (RET) [redacted] witnessed [redacted] using the good cop/bad cop method to interrogate detainees a handful of times. He only observed the use of the hose to hit a detainee during the MWOHOUSH interrogation on 24 Nov 03. MSG (RET) [redacted] never saw [redacted] alone in a room with a detainee. [redacted]

[redacted] MSG (RET) [redacted] witnessed the sleeping bag being used to interrogate a detainee on one occasion at [redacted]. He observed an interrogator from 3<sup>rd</sup> ACR (NFI) interrogating a detainee who was completely enclosed in an OD green Army sleeping bag. The interrogator was squatting on the detainee's chest with his feet on either side of the detainee flat on the floor.

(FOUO) About 0940, 5 Aug 04, SA [redacted] SA [redacted] and [redacted] coordinated with Dr. [redacted]. Dr. [redacted] stated there were multiple blunt force injuries to MOWHOUSH noted during the autopsy. However, the blunt force injuries were not the cause of death. He did describe the blunt force trauma as significant, and stated it was consistent with a person being beaten. Some of the blunt force injuries appeared to have been inflicted by a long, thin object. Dr. [redacted] stated the blunt force injuries were consistent with the events of 24 Nov 03 as described by witnesses. Dr. [redacted] further stated the use of the sleeping bag on 26 Nov 03, as

described by witnesses, would have caused MOWHOUSH to die regardless of the 24 Nov 03 beating. The broken ribs noted at autopsy were not consistent with CPR and could have occurred on either 24 or 26 Nov 03. Dr. [REDACTED] stated MOWHOUSH did have an enlarged heart, but that was not the cause of death. Dr. [REDACTED] stated the history combined with lack of other lethal injuries were the significant findings of the autopsy that he used to conclude the death was the result of asphyxiation caused by the sleeping bag.

(S-NF) About 0945, 11 Aug 04, SA [REDACTED] and [REDACTED] interviewed [REDACTED] at his residence. [REDACTED] stated he was present at the forward detention facility on 24 Nov 03. He was there interrogating a detainee named [REDACTED] who was part of the former regime's Special Security Forces. He left that interrogation, and on his way out of the building he looked in on another interrogation and recognized MOWHOUSH. He stated [REDACTED] was asking MOWHOUSH questions in Arabic. [REDACTED] Someone in the room, he could not remember who, asked him to come and ask MOWHOUSH some questions. He thought someone also asked [REDACTED] to leave the room. [REDACTED] asked a couple of questions. He did not remember what they were or what MOWHOUSH's responses were. Shortly after he started asking questions [REDACTED] came in the room. One was hitting the floor and the wall with a hose. [REDACTED] then started screaming questions at MOWHOUSH. [REDACTED] stated he knew his role in the interrogation was finished so he decided to go outside and smoke a cigarette. He stated the way [REDACTED] were screaming was normal behavior for [REDACTED] He thought CW2 [REDACTED] and MSG (RET) [REDACTED] were in the room, and stayed, when he left, but he was not sure. While he was outside, he heard yelling and screaming coming from the room and the sound of the hose hitting the wall and the floor. He said the screaming was not the sound of someone crying out in pain. At one point MSG (RET) [REDACTED] came out of the room, and he and [REDACTED] talked about the interrogation. [REDACTED] SSG [REDACTED] and SSG HOLLEYMAN were present with him at the detention facility that day, but he was not sure if they were in the room with MOWHOUSH. He thought there were about 20 people in the room when he left. He said [REDACTED] were in the room. He heard [REDACTED] say to MOWHOUSH, "Come on tell us. We are not Sadaam Hussein. [redacted] carried a small wooden stick outside of the detention facility, but he never saw [redacted] hit anyone with it. [redacted] stated he thought [redacted] was responsible for security. He did not know if [redacted] had a role in interrogation. SFC [REDACTED] witnessed SGT [REDACTED] strike a detainee with a karate chop. He also witnessed SGT [REDACTED] punch the same detainee in the stomach. CW3 [REDACTED] told SFC [REDACTED] used his stick, a mosquito net pole, to beat up MOWHOUSH on 24 Nov 03. CW3 [REDACTED] told SFC [REDACTED] to not let CID see the stick. SFC [REDACTED] said CW3 [REDACTED] took the stick and he never saw it again. SFC [REDACTED] stated he saw several Special Forces soldiers hit detainees during interrogation. He did not know the names of the soldiers. SFC [REDACTED] stated CW2 [REDACTED] never hit a detainee during interrogation. On 18 Nov 03, SFC [REDACTED] witnessed [REDACTED] interrogating five detainees who he thought were Saudi Arabian. During the interrogations [REDACTED] hit the detainees with a hammer handle he carried around. [REDACTED] would hit the detainees on the fingers, knuckles and head with the hammer handle. about interrogation. SFC [redacted] stated CW3 [redacted] would only interrogate with his trusted circle. Both SFC [redacted] and SGT [redacted] were part of the trusted circle. Special Forces soldiers began to conduct their interrogations outside of the detention facility. At one point, prior to MOWHOUSH's death, CW3 [redacted] got the interrogators together and told them to discontinue the use of the sleeping bag. SFC [redacted] said this happened because a prisoner at Al Asad had lost consciousness while [redacted] was interrogating the detainee in the sleeping bag. During the meeting CW3 [redacted] stated no one was supposed to use the sleeping bag except for SGT [redacted] and himself. ## DETAILS

On 31 Mar 04, LTG [REDACTED] Commander, [REDACTED] appointed MG [REDACTED] as an AR 381-10 Procedure 15 Investigating Officer (IO), to conduct an investigation in accordance with AR 15-6 into all the relevant facts and circumstances surrounding the alleged misconduct by personnel assigned or attached to the 205<sup>th</sup> MI Brigade (BDE), to include civilian interrogators and interpreters, from 15 Aug 03 – 1 Feb 04, at the Abu Ghraib Detention Facility, Baghdad, Iraq.

On 5 Jun 04, CW2 [REDACTED] A Company, 519<sup>th</sup> MI BN, Fort Bragg, NC, voluntarily provided a copy of several e-mail messages that he felt were relevant to the Procedure 15 investigation to Mr. [REDACTED] [REDACTED] 902d MI Group, Fort Meade, Maryland, a member of the Procedure 15 investigation team.

AGENT'S COMMENT: CW2 [REDACTED] was previously deployed to Iraq and performed duties at the Joint Interrogation and Debriefing Center (JIDC) at Abu Ghraib during the time period under investigation.

The Detainee Assessment Task Force, US Army Criminal Investigation Command, Fort Belvoir, VA 22060, conducted a review of the e-mail messages, which revealed on or about 14 Aug 03, CW2 [REDACTED] received an e-mail message from CW3 [REDACTED] 66<sup>th</sup> MI CO, which was a reply to a previously forwarded e-mail message from CPT [REDACTED] Battle Captain, CJTF-7 J2X. The message from CPT [REDACTED] concluded with, "The gloves are coming off gentlemen regarding these detainees, Col [REDACTED] has made it clear that we want these individuals broken. Casualties are mounting and we need to start gathering info to help protect our fellow soldiers from any further attacks. I thank you for your hard work and your dedication." CPT [REDACTED] sent his original email to three addressees - [REDACTED] [REDACTED] and [REDACTED] CPT [REDACTED]. The recipient at [REDACTED] forwarded CPT [REDACTED] e-mail message to the following addressees:

In CW3 [REDACTED] reply to the previously described e-mail message he stated, "I spent several months in Afghanistan interrogating the Taliban and al Qaeda. Restrictions on interrogations techniques had a negative impact on our ability to gather intelligence. Our interrogation doctrine is based on former Cold War and (sic) WWII enemies. Today's (sic) enemy, particularly those in SWA, understand force, not psychological mind games or incentives. I would propose a baseline interrogation technique that at a minimum allows for physical contact resembling that used by SERE instructors. This allows open handed facial slaps from a distance of no more than about two feet and back handed blows to the midsection from a distance of about 18 inches. Again, this is open handed. I will not comment on the effectiveness of these techniques as both a control measure and an ability to send a clear message. I also believe that this should be the minimum baseline. Other techniques would include close confinement quarters, sleep deprivation, white noise, and a litany (sic) of harsher fear-up approaches...fear of dogs and snakes appear to work nicely. I firmly agree that the gloves need to come off." [REDACTED] sent his reply e-mail message to all of the addressees who received the forwarded email, and added one addressee - [REDACTED]@us.army.smil.mil. ///LAST ENTRY///

  - c.

can be a civilian you arrange for at no expense to the Government or a military lawyer detailed for you at no expense to you, or both."

(For civilians not subject to the UCMJ) You have the right to talk privately to a lawyer before, during, and after questioning and to have a lawyer present with you during questioning. This lawyer can be one you arrange for at your own expense, or if you cannot afford a lawyer and want one, a lawyer will be appointed for you before any questioning begins."

- d. "If you are now willing to discuss the offense(s) under investigation, with or without a lawyer present, you have a right to stop answering questions at any time, or speak privately with a lawyer before answering further, even if you sign a waiver certificate."

Make certain the suspect/accused fully understands his/her rights.

THE WAIVER

"Do you understand your rights?"

(If the suspect/accused says "no," determine what is not understood, and if necessary repeat the appropriate rights advisement. If the suspect/accused says "yes," ask the following question.)

"Have you ever requested a lawyer after being read your rights?"

(If the suspect/accused says "yes," find out when and where. If the request was recent (i.e., fewer than 30 days ago), obtain legal advice whether to continue the interrogation. If the suspect/accused says "no," or if the prior request was not recent, ask him/her the following question.)

"Do you want a lawyer at this time?"

(If the suspect/accused says "yes," stop the questioning until he/she has a lawyer. If the suspect/accused says "no," ask him/her the following question.)

"At this time, are you willing to discuss the offense(s) under investigation and make a statement without talking to a lawyer and without having a lawyer present with you?" (If the suspect/accused says "no," stop the interview and have him/her read and sign the non-waiver section of the waiver certificate on the other side of this form. If the suspect/accused says "yes," have him/her read and sign the waiver section of the waiver certificate on the other side of this form.)

SPECIAL INSTRUCTIONS

**WHEN SUSPECT/ACCUSED REFUSES TO SIGN WAIVER CERTIFICATE:** If the suspect/accused orally waives his/her rights but refuses to sign the waiver certificate, you may proceed with the questioning. Make notations on the waiver certificate to the effect that he/she has stated that he/she understands his/her rights, does not want a lawyer, wants to discuss the offense(s) under investigation, and refuses to sign the waiver certificate.

**IF WAIVER CERTIFICATE CANNOT BE COMPLETED IMMEDIATELY:** In all cases the waiver certificate must be completed as soon as possible. Every effort should be made to complete the waiver certificate before any questioning begins. If the waiver certificate cannot be completed at once, as in the case of street interrogation, completion may be temporarily postponed. Notes should be kept on the circumstances.

**PRIOR INCRIMINATING STATEMENTS:**

1. If the suspect/accused has made spontaneous incriminating statements before being properly advised of his/her rights he/she should be told that such statements do not obligate him/her to answer further questions.

2. If the suspect/accused was questioned as such either without being advised of his/her rights or some question exists as to the propriety of the first statement, the accused must be so advised. The office of the serving Staff Judge Advocate should be contacted for assistance in drafting the proper rights advisal.

**NOTE:** If 1 or 2 applies, the fact that the suspect/accused was advised accordingly should be noted in the comment section on the waiver certificate and initialed by the suspect/accused.

**WHEN SUSPECT/ACCUSED DISPLAYS INDECISION ON EXERCISING HIS OR HER RIGHTS DURING THE INTERROGATION PROCESS:** If during the interrogation, the suspect displays indecision about requesting counsel (for example, "Maybe I should get a lawyer."), further questioning must cease immediately. At that point, you may question the suspect/accused only concerning whether he or she desires to waive counsel. The questioning may not be utilized to discourage a suspect/accused from exercising his/her rights. (For example, do not make such comments as "If you didn't do anything wrong, you shouldn't need an attorney.")

## 9. PROCEDURES

- 9.1. Install Windows XP Operating System using an NTFS format. Use appropriate XP boot floppies as necessary.
- 9.2. Install the full package of Windows XP with all regional settings (languages and fonts).
- 9.3. Install Windows XP Service Pack 1a. SP must be installed prior to step 9.4.

**N.B. Service Pack 1a does not install Microsoft VM. SP1 did.**

- 9.4. Enable 48-bit support in Windows Registry as outlined in Microsoft Knowledge Base Article – 303013. This enables use of ATAPI HD drives over 137GB capacity and eliminates corruption of HDDs over 137GB from being in Hibernation mode.  
Insure that the Atapi.sys file is version 5.1.2600.1135 or later. If the system has an earlier version of this file, see article 331958 in the Microsoft Knowledge Base to download the HotFix Q331958\_WXP\_SP2\_x86\_ENU.exe

HP SCSI Ultra320 Hard Drive Option Kits (Servers)

A wide variety of rigorously tested, HP-qualified, SMART capable, Ultra320 Hard Drives offering data integrity and availability in hot pluggable and non-pluggable models. HP 15,000 rpm Hard Drives provide up to 26 percent better performance than standard 10,000 rpm drives. Actual performance increases will vary depending upon application and configuration.

All HP hard drives pass a rigorous qualification process, which ensures that every HP drive is proven to perform in your critical server or workstation. Before final certification, all HP hard drives are provided with HP-unique firmware specifically designed to optimize compatibility and functionality, including support of SMART and Insight Manager. HP received the 1999 Gold Idea Award for design excellence for the innovative design of the Hot Pluggable Universal carrier. The carrier is praised for both its ergonomics and aesthetics, as well as its many functional enhancements such as the compact design, improved cooling properties and more secure drive mounting for reduced vibration.

## Introduction

0027-168-010679-64998

### Drive Quality

Today's distributed enterprise is seeing larger, more complex applications, an increase of critical data moving to the server, increasing demand for transaction processing and critical consolidation. In this environment, storage has become a critical component of the information system, significantly defining both the system's reliability and performance. This is why HP undergo an intense qualification process that eliminates data integrity problems, firmware incompatibilities and other causes of data corruption or premature failure. All drive firmware is specific to our drives and is designed to maximize both functionality and compatibility. All drives are proven to perform in the HP systems for which they were designed.

### Performance

Only those drives whose performance is suitable for an enterprise environment are selected through the HP qualification process and are labeled "best-in-class." All our drives are proven to be reliable and tuned for optimum performance in the HP equipment for which they were designed.

### Pre-Failure Warranty

When used in conjunction with a SMART Array Controller and Insight Manager, the SMART capable firmware in HP hard drives enables extensive fault prediction capabilities. If potential problems develop in one of the drives, the SMART Array Controller, Insight Manager and/or SMART hard disk drive lets you know in advance so you can have the drive replaced, before failure, under the HP Pre-Failure Warranty.

**NOTE:** All drives are protected by a Pre-Failure Warranty when used with a HP array controller (SMART or SMART-2) and Insight Manager, allowing hard drives to be replaced before failure free of charge. In addition, all drives are covered by a one to three-year limited on-site warranty or the remaining warranty of the HP CPU in which it is installed (up to three years).

### Integration

Many issues customers have with third party drives are "simple" integration issues. When taken from another supplier, there is no guarantee that a drive has been correctly set for proper operation with ProLiant servers and storage systems. These incompatibilities can create problems in configuration, can rob your system of performance, or at their worst, can cause you to lose data. HP hard drives are specifically designed and tested for flawless operation in your HP equipment. The integration of hard drives in HP systems means that cables, SCSI ID settings, termination, hot plug drive trays and firmware are right for your ProLiant server or storage system.

### Ultra320 SCSI Hard Drives

HP's Ultra320, Ultra3 and Ultra2 hard drives increase the maximum transfer rate of the SCSI bus to 320 MB/s (Ultra320), 160 MB/s (Ultra3) or 80 MB/s (Ultra2). By reducing the opportunity for SCSI bus saturation, this increased data rate allows all SCSI devices to perform at optimum levels. Ultra320, Ultra3 and Ultra2 hard drives are being offered in an improved hot plug drive carrier and can be used interchangeably in HP Ultra2, Ultra3 or Ultra320 capable systems. In addition to improved drive performance and increased storage density, the new carrier will help prevent the inadvertent insertion of single-ended SCSI drives into Low Voltage Differential SCSI capable equipment (avoiding inadvertent performance degradation of LVD-capable systems). To achieve the maximum (320 MB/s) transfer rates of Ultra320, the hard drive and array controller (or SCSI host bus adapter) must both be Ultra320 capable.

### Ultra320 SCSI Universal Hard Drives

HP Ultra320 SCSI Universal hard drives provide storage commonality across the enterprise. Ultra320 Universal drives add the feature of hot plug compatibility between any Ultra320, Ultra3, Ultra2 capable ProLiant Servers, ProLiant Storage Systems, AlphaServers, and Modular Array enclosures by HP. These hot plug drives are offered in multiple capacities and spindle speeds. Storage commonality across these platforms provides many benefits including reduced cost.

## Ultra320 Hot Plug Hard Disk Drives

(For ease of deployment it is recommended that RAID sets not contain a combination of Ultra320/2/3 drives and previous generation SCSI drives. Mixed RAID sets may be used if desired, however some combinations may require reconfiguring RAID array.)

### Application Information

HP Ultra320 SCSI hard drives provide a maximum data transfer rate of 320 MB/s - twice the rate of Ultra3 systems. These Universal Hard Disk Drives provide the ability to hot plug between various HP Ultra320, Ultra3 and Ultra2 SCSI platforms. All HP Hard Disk Drives are required to meet our rigorous standards for reliability and performance. These drives are intended for use in today's demanding, data-critical enterprise environments. Universal kits are configured and pre-mounted in the appropriate hot plug tray for immediate installation into your ProLiant server or storage system.

AGENT'S INVESTIGATION

CID Regulation 195-1

PAGE 1 OF 1 PAGES

DETAILS:

BASIS FOR INVESTIGATION: On 18 Aug 05, this office received a Request For Assistance (RFA) from the 48<sup>th</sup> Military Police Detachment (MP DET), Camp Victory, Baghdad, Iraq to inquire about the location of and possibly obtain the original detainee capture file pertaining to MG Abed Hamed MOWHOUSH, Capture Tag 076.

At 0945, 19 Aug 05, SA [redacted] coordinated with MAJ [redacted] S-2, 3<sup>rd</sup> Armored Cavalry Regiment (ACR), [redacted] Iraq. MAJ [redacted] related he was the S-2 with the 3<sup>rd</sup> ACR during the initial incident involving MG MOWHOUSH. MAJ [redacted] stated he believed the original capture file was a part of the investigation packet in 2003 and that his office did not have it. MAJ [redacted] stated LTC [redacted] Regimental Staff Judge Advocate, 3<sup>rd</sup> ACR, FOB SYKES may know the location of the detainee packet. MAJ [redacted] stated CW3 [redacted] 66<sup>th</sup> Military Intelligence Company (MI CO), Fort Carson, CO didn't prepare intelligence briefs for him. MAJ [redacted] related 1LT [redacted] Rear Detachment, S-2, 66<sup>th</sup> MI CO may have knowledge of this information and could have a copy of the detainee file. MAJ [redacted] also stated CW3 [redacted] probably briefed his commander, MAJ [redacted] (Ft Lewis, WA) (NFI) on all intelligence issues.

At 1005, 19 Aug 05, SA [redacted] coordinated with LTC [redacted] who related her office did not have the original or a copy of the detainee file pertaining to MG MOWHOUSH. The 2800mhz FRED computer system (MB15404) configuration will be used to analyze the image sets.

Items Analyzed

One (1) Western Digital, model # WD2000BB-00WA0, serial # WMAEH2298177, MB15622, 200GB hard drive. The hard drive contained two directory folders -- Tag393-04\_Item1\_HD\_001 and Tag393-04\_Item1\_HD\_002.

Tag393-04\_Item1\_HD\_001 did not contain any image sets. After talking with Mr [Redacted] he mentioned that Tag393-04\_Item1\_HD\_001 was sent to hard drive repair and they could not repair the drive.

Tag393-04\_Item1\_HD\_002 (HD\_002) contained 3 hash value files, one fdisk file, and 37 image sets the following was what was found in the folder:

- hd\_002.001 thru hd\_002.037
- HD\_002\_img.md5
- HD\_002\_org.fdisk
- HD\_002\_org.md5
