GUILD'S PATENT COOKING STOVES CALLED "QUEEN OF THE WEST."

THE undersigned, agent for the sale of this article, for the first time introduced in the notice of the New Orleans public, begs leave respectfully to solicit public attention to it.

He refers to the subjoined flattering testimony as to its economy, neatness and general utility.

We, the subscribers, having used for some time Guild's Patent Cooking Stove, called the Queen of the West, feel no hesitation in giving our unqualified testimony in its favor for neatness, convenience, economy and general usefulness. We have called the attention of Mr. Guild to the fact that we have seen in use. It seems to have supplied one great desideratum not heretofore attained: an even, regular heat, and at the same time a handy one. It acts equally on every side—and the fire being placed over the oven brings the heat immediately in contact with the bottom, so that it performs all the different operations of baking, boiling, broiling, and keeping smoothing irons at the same time, and with the least possible quantity of fuel; and the different sizes made to order render it equally adapted to the use of all, from the smallest family to the largest hotels and steamboats.

LIFE INSURANCE.

OCEAN INSURANCE COMPANY.—The absence of any institution in this city for insuring life, and the entire upon the subject of premiums charged by the various companies for granting life policies to persons residing in Louisiana, have determined the Board of Directors of this Company to go into operation under the charter which authorizes insurances upon lives, on a scale of premiums which will enable every one who is in receipt of a small income to effect insurance to a large amount, dependent on the sum's comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England, to which the experience of twenty years has contributed, and by this scale an annual premium of twenty dollars paid by a person 35 years old will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years, and the premium can be paid quarterly, half yearly or yearly.

Any information that may be required will be furnished on application to the office No. 43 Camp street, corner of Gravier street.

By order of the Board.
