Affairs at Matamoros and Brownsville.

Courtesies Between Gen. Mejia and Gen. Slaughter—Offer of the American Consul Closed.

The following statement of facts is presented in this city, not to give color to the Confederate statements and reports previously published in papers of New York and New Orleans.

Matamoros, Jan. 30, 1865.

Up to this time the Mexican and the Confederate authorities have been upon a friendly understanding, which did not exist, however, beyond a mere outward show and courtesy. Gen. Mejia offered the use of his wharves and stores with Gen. Slaughter who commands at Brownsville, until further terms. But yesterday, Sunday, Gen. Mejia and his staff, all in full uniform, crossed over to Brownsville, where General Slaughter, who awaited the visit with his whole command under arms, gave the customary artillery salute of 13 guns. After the usual attendant courtesies, the Confederate General and the Mexican General and his staff, with their escort, all crossed back to the ferry, making a speech on which he said: "That the interest in war will soon be over." He concluded by inviting the Confederate General and staff of Matamoros and presented each to the other the while Mejia.

What I told you, every day have known, and it is the subject of conversation with all. What seemingly relative to these words, is that General has been appointed Commander-in-chief of the Mexican armies, and consequently the Generalissimo of the Empire.

Matamoros, Feb. 10, 1865.

After the incidents related to you in my previous letter, a new Consul has arrived at our midst, and the new Consul is about to commence will be of the greatest importance to the United States. The American Consul has received his passports, and now I think it was during the capture of Matamoros, and has been taken down and the consulate closed.

The rumors of peace have created a considerable sensation in the commercial city of Matamoros; every body is on the alert, and no one dares to undertake anything. Immigration continues and it is said that from New Orleans alone more than 1,000 passengers arrived last week at the mouth.

DESERTION OF THE INFANTRY OF THE MISSISSIPPI—TWO CORPS OF THE ARMY GONE EAST.

(Correspondence from the Chicago Tribune.)

Nashville, Feb. 11th, 1865.—Preparations for an advance into Alabama have been completed, and would have been entirely so but for the inclemency of the weather, during the last two or three weeks. I presume you are not aware of the fact that a large body of our most efficient fighting men, all of that armed force that is left to Thomas to do anything with, are now on their way to New Orleans, and they would have been there long since, but for the blockading of the rivers, which detained them at least two weeks. Had it not been for the interference, as I believe, both from Washington and Eastport, would have been released last Wednesday, but as it is, perhaps a week or so may intervene before they will have made it.

The troops I am roughly informed are about 20,000 strong, a part of the Army of Mississippi, and Fifteenth Army Corps. Gen. Hood, as they are compelled to concentrate their scattered forces in order to defend them, gives Thomas the 4th Corps, and others have been added to make a whole some force.

There was no, not to the effect that two corps of Hood's old army, the same commanded by Cheatham and Lee—have gone East, but whether this is altogether reasonable, it is not positive. But why have they been started? What then? The two corps number—I am told—but men, and they must march several hundred miles on foot, after they reach Atlanta, because of the move made by Sherman from there to the Coast, and North Carolina Railroads, and Northern can be with Grant a month before Cheatham can be with Lee.

RELIEF GUARDS.

There are three rebel gunboats on the Alabama river above Mobile, and only three Yankees are patrolling the river, consequently on them has been nearly suspended because of the scarcity of material, now that the blockade of the bay is perfect. The little fleet can be very easily disposed of whenever Mobile falls into our hands.

DESERTERS OF BOHEMIANS FROM NASHVILLE.

A letter to the Chicago *Tribune* from Nashville the 11th says:

The last of the Bohemians—traveling in white paper corkscrew-hats—have left here for Eastport and New Orleans. These are now the points of interest. The place is dead, dead, dead, in a military sense, of course, and exhibits but little life in any other respect.

FROM WASHINGTON—RUMORS OF FOREIGN INTERFERENCE — LOUISIANA AND ARKANSAS DELEGATES—SHERMAN'S PLANS, &C.

New York, Feb 16.—The *Commercial's* special says there are rumors in Washington of foreign interference.

The admission of Representatives from Louisiana and Arkansas is regarded as certain.

Washington, Feb. 16.—The chief of artillery of the 15th corps of Sherman's army has arrived here, bringing dispatches to the Government. FROM NEW YORK AND MEMPHIS.

On one occasion he found himself almost surrounded by masked batteries, which did fearful execution upon his army. General Bazaine [illegible] men and 100 pieces of artillery. Indeed, the Empire consists only of Matamoros, Tampico, Campico, Vera Cruz, Alvarado, and the City of Mexico. Authority is maintained in the province only by frequent executions of innocent Mexicans. The Liberals had gained a victory at Sequita.

Senator Gwynn has left Havana for Europe.

SHOOTING AFFAIR.—We learn that a shooting affair occurred between a white man and a negro on Grand street, on Sunday last, but we cannot obtain reliable particulars. It appears that the negro had been arrested by the police, and they were conducting him to the guard house, when the white man interfered, and a fight ensued, when the white man drew a pistol and shot the negro, inflicting a wound from which he died in a few hours afterwards. The negro was a deserter from the army, and the white man is under arrest awaiting his trial.

We are informed that Mr. Wm. Hall, who was shot by a negro soldier on Washington street, on Saturday night, died on Sunday morning.

Gen. Hardee's corps will be followed by Gen. Stewart's corps, now in front of Gen. Thomas, at Nashville.
