HAVRE, February 8.

The barque Osprey, of Middletown, Conn., Collins, master, from New Orleans, with a full cargo of molasses, is put to Philadelphia, ran ashore on the East Sifnon Inner Middle, and was got off by the pilot boat on the 1st inst. The wind blowing heavy and the barque striking violently, it was deemed prudent to stave deck load, hoping to relieve the vessel, but the master was compelled to take the assistance of wreckers to get her off. She and after transhipping a part of the cargo the barque was towed after the boat into deep water, and arrived at this port on the morning of the 3d inst. The vessel is leaking badly and is being discharged for examination.

The ropery sprung a leak at sea on the 30, and at the time she struck the Reef she was making one thousand inches per hour, the master endeavoring to make this port.

Ship Genesee, of Bath, from New Orleans, bound to Liverpool, with a full cargo of cotton, ran ashore in one of the Sabens Reefs on the 24th ult, after being lightened five hundred bales she was gotten off and taken to Cowes.
