THE CONVENTION will probably determine today the principle whether in the apportionment of representation, every parish in the State shall be entitled to one representative.

LOUISIANA STATE BANK. THE DIRECTORS of this bank have had the honor to receive from the Hon. the Governor...

Let the Convention report actually before voting upon the proposition. Let each parish before it propose a principle which will give, at the expense of its parishes, a certain degree of power to some eight or ten parishes, to which we have no fair or equal regard.

WANTED. A MAN who will qualify to act as a driver for a horse-drawn carriage, or as a driver for a horse-drawn carriage, or as a driver for a horse-drawn carriage...

But we are told that nothing need prevent the Legislature from establishing a minimum of population for each parish. And why should this minimum not be established as soon as the Legislature meets?

THE ADVERTISERS of this paper are informed that the Hon. the Governor has received from the Hon. the Secretary of State...

Justice and propriety are, however, little terms when applied to a party that appears determined to pursue a course of conduct which will result in the destruction of the State.
