Disasters.

SHIP HELOIS DISMASTED.—The ship Helois, Capt. Mitchell, from Portland, Me., arrived last evening, having been obliged to cut away her mizzen mast on the 9th of the Great Isaac. The following is Capt. Mitchell's statement: On the morning of the 29th ult., the Isaac was lying at anchor, the Orleans Island bearing S. E. 8 miles distant, in twenty fathoms water, with a moderate breeze from S. S. W. and pleasant weather. About 4 o'clock, P. M., a heavy squall came up and we were obliged to pay out a long scope on both chains to keep from breaking adrift, as the ship was drifting fast towards the rocks. Capt. Mitchell was in hopes that after the squall was over it would moderate and he could get up the ship under way, but the wind increased to a severe gale, ship sheered very much, and the chain would not hold, and blowing so hard that neither would he dare to let go another anchor on the ship in order to clear the Sound, he had, therefore, no alternative but to endeavor to hold her where she was. Capt. Mitchell then let go the whole of the chains which was 90 fathoms each, and then sent up royal, flying jib and topgallant yards as low as possible; but the gale increased to such a degree that the ship started her anchors and began to drag. It became the task when Capt. M. was obliged to cut away as the masts, with yards, sails, rigging and everything attached, to prevent her driving on shore. Township continued to drag after the masts were cut away, but finally brought up about a quarter of a mile to the rocks, and there rode out the gale. The next day was more moderate and we commenced to refit jury masts, and on the morning of the 2d instant, made out to get the ship under way and proceeded on our voyage, having been obliged to ship our small anchor and 15 fathoms of chain, the chain being badly foul; the anchor lost in carrying the sea so rough and the ship so near the land that we found it impossible to clear them. Took no assistance from the wreckers who were around the ship in great numbers, but were not allowed to come on board.

MEDICAL.

DR. GROSHEGAN'S HYDROPIPER, OR THE GREAT CURE FOR THE Liver Complaint, Bilious Disorder, Chills and Fever, Costiveness, Indigestion, and all DISEASE OF THE STOMACH, LIVER AND BOWELS.

Also, Scrofula and all Impurities of the Blood.

THIS is a grand assistant of Digestion, and a perfect substitute for Mercury in Liver Complaint, and for Persons in a general run, Mercurial Diseases, Chills and Fever, especially where Quinine has been used and failed.

It is a Stimulant and Tonic for torpid and debilitated constitutions.

Though pleasant to the taste, mild and harmless in its action, it is powerful as the most potent drug.

Have you Scrofula?

Then read the annexed postscript of a letter from a highly respectable lawyer of New Madrid, Mo.:

"P. S. You wish to know the cure of your Hydropiper. Mr. Presly Phillips informs me that he had a negro who was literally covered with sores, and says that he used Groshegan's Hydropiper and placed the negro in sight of it, and in six weeks he was sound and well. Yours respectfully,
F. W. ARMSTRONG."

Further Testimony of the Wonderful Effects of Dr. Groshegan's Hydropiper.

Dr. A. E. Groshegan—My wife was afflicted with scrofula for a long time, and had been attended by all the best physicians in the country; but without any good effect. She had been unable to walk for more than a year, and part of the time was totally helpless. When I procured some of your Hydropiper, Sheets, she very rapidly restored to health and can walk about as well as ever.

I have been induced to communicate the above facts purely out of a desire that others might know of its excellent qualities and profit thereby.

With respect, I am yours, truly,
F. G. GAMBLE.

CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

OF all the numerous medicines extant, and some of them valuable for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but at all times and in all diseases of the lungs and throat, where medicine can do any relief, this will do it. It is pleasant to take, and perfectly safe in any season with the strictest regard to diet. We do not advertise for the information of those who have tried it, but those who have not. Families that have been long afflicted with the distressing complaints, formerly see they are secure from the dangerous consequences of Coughs and Colds when neglected, often into fatal consumption.

The Diploma of the Massachusetts Institute was awarded for these preparations by the Board of Judges in September, 1847; also, the Medals of the three great Institutes of Art, in this country; also the Diploma of the Ohio Institute at Cincinnati, has been given to the CHERRY PECTORAL by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following communications:

Washington, Pa., April 12, 1848.

Dr. J. C. Ayer—

Sir: Considering that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express my feelings and duty.

A Cough and Cold is not my symptoms of Consumption but it was a deep seated cough, settled on the lungs, where my physician he ought me a bottle of your CHERRY PECTORAL. It seemed to afford immediate relief, and by the use of a few bottles restored me to a sound health. It would do for others what it has done for me, you are certainly one of the benefactors of mankind.

Sincerely wishing you every blessing, I am
Very respectfully yours,
JOHN J. CLARKE.

Rector of St. Peter's Church.

With such unquestionable testimony of a man, no stronger proof can be adduced unless it be from its own merits.

PURE VEGETABLE EXTRACT
DR. MORSE'S
INVIGORATING CORDIAL.
A PHENOMENON IN MEDICINE!
Health Restored and Life Lengthened

Dr. Morse's Invigorating Elixir or Cordial.

AT FIRST the opposition attributed to Professor Morse's Invigorating Elixir or Cordial were formidable in the extreme. The pulpit often denounced it collectively in the simple words—Bitter truths announced by the discoverer, Dr. Hall, Rev. Jacob Locke, Rev. Dr. Beasley, Rev. Dr. Bangs, Rev. Dr. Fisk, and many others, all testified to the highest classes and character, are now triumphing over all doubts. Incredible as it may appear when we say that all testimony which is perfectly irresistible.

The Elixir operates, in all cases, the deplorable evils arising from a misuse or abuse of the various organs, which make up the wonderful machine called man. It restores to full vigor every debilitated organ connected with that mysterious compound agency of matter and mind, necessary to the regeneration of the human life. It gives full bodied muscular frame, or delicate in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its wonderful effects are manifested in either of the following cases:

Mentality, the fearful effects on the mind are much to be dreaded. Loss of memory, confusion of ideas depression of spirits, irritability, aversion to society, self-distrust, love of solitude, timidity, dread are some of the evils which are the effects of mentality.

BEFORE CONTEMPLATING MARRIAGE should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness indeed, without these, the journey through life becomes a weary pilgrimage—the prospect lonely and cheerless—the world becomes shadowed with despair, and filled with melancholy reflection that the happiness of another becomes blighted with your own.

CAUTION

Dr Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future all the genuine Cordial will have the proprietor's fac-simile pasted over the cork of each bottle, and the following words blown on the glass:

DR. CROSBY'S
VEGETABLE SPECIFIC,
FOR THE CURE OF
Dyspepsia, Liver Complaint, Jaundice, Dropsy, Scrofula, Rheumatism, Blotches, Ulcers, Dysentery, Colic, Piles, Fever, Erysipelas, Pimples, Boils, Mercurial Diseases, Cutaneous Eruptions, Loss of Appetite, Costiveness, Headache, Languor, Complaints, Loss of appetite, General Debility, &c.

IN this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its composition, it is the union of it with compounded with other vegetable remedies of great power, and is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of diseases depends. It acts simultaneously upon the stomach, the circulation and the bowels; and thus three processes, which are ordinarily the result of three different kinds of medicine, are secured on at the same time, through the instrumentality of this one powerful agent. It first gently stimulates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Many other preparations imitate it in bearing the name of Sarsaparilla, and in their exterior appearance, being often prepared from worthless and inert roots, and of coarse possess no healing or curative properties, and patients in making a choice of which they will use should take no other, but that one entitled to their confidence, from the long list of cures it has effected on living witnesses, whose testimonials and names can be published, and who are still bearing daily testimony to its worth.

Astonishing Cures.

Messrs. A. B. & D. Sands: Gentlemen,—Having witnessed the most beneficial effects from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son. In the spring of 1848, he took a severe cold, and after eight weeks of severe suffering the disease settled in his left leg and foot, which soon swelled to the utmost. The swelling was lanced by his physician, and discharged most profusely; after this it healed, and the disease formed on the leg and foot at one time. We had five different physicians, but could get no relief, and the last winter found him so emaciated and low that he was unable to leave his bed, suffering the most excruciating pain. During this time he had become so much affected that pieces after pieces came out, of which he has now more than twenty-five pieces, some of which, varying from one half to one and a half inches in length.... We had given up all hopes of his recovery, when at this time we were induced to try your Sarsaparilla, and with its use his health was restored. He is now rapidly gaining in flesh, and so rapid was the change that less than a dozen bottles effected a perfect cure.

With gratitude, I am yours, truly,
DARIUS BALLARD.

We the undersigned, neighbors of Darius Ballard, cheerfully subscribe to the facts of the above statement.

COPAL PECTORAL SYRUP.
PRICE, $1 PER BOTTLE. PRICE, $1 PER BOTTLE

DR. GAMOT'S

New Orleans, corner Bayou and Rampart sts.

THIS Syrup will be found a particularly efficacious remedy in the preparation whereof he devoted all his time, is an indisputable Balm.

Repeated and numerous cures demonstrated that its medicinal powers are superior to none of the compounds of this kind heretofore known and recommended, while it is also a specific for the cure of the lungs. It eases cough, expels readily asthmatic oppression, and is surprising in curing from the strongest alarm the bronchial vessels in case of acute or chronic catarrhs. Colds which have resisted the action of unskilled hands for months have yielded to the application. It is most beneficial in cases of coughing, rough, hasting and lessening the flow of blood. Persons afflicted by it between the hours of 8 A M and 2 P M will find relief.

Sworn to and subscribed before me this, the 19th day of January, 1855.
C. V. JONTE, Second Justice of the Peace of the Parish and City of New Orleans.

The Board of Trustees have declared a dividend of Forty-Nine per cent on the earned premiums of the Company for the year ending the 31st December, 1854, and that the same be payable to the legal holders thereof on and after the 1st of March next.

The Board continues to insure against the perils of the Sea, Rivers and Inland Navigation, on the most favorable terms.

The Trustees further announce that notwithstanding the heavy losses sustained by this Company in the early part of the year, the Company, true to its capital of One Million of Dollars, as declared in their Charter, remains unimpaired and unbroken, and that the Company is entirely responsible, and is expected to adopt measures for extending the business of the same, and to secure the confidence and support of the community. In order to meet the increasing demand for the business of the Company, the Board of Trustees have determined to increase the Capital Stock to the amount of Two Millions of Dollars, and shall open a list for subscription to the same on the 1st day of February next.

By order of the Board,
JOHN H. THEAD, Secretary.
