Hey Nick,

I couldn't find anywhere to submit a reference/testimonial on your website. I don't normally do this, I think it's a first – but I've had so much hassle, and spent so much time complaining to people/companies lately not turning up or what not. It's good to be able to not just complain ;-). So feel free to put this up with names or let me know if there's a review site or similar you'd like it on and I'll put it up. If you want it changed somehow, that's fine, just let me know. I won't have internet access from tomorrow, so if you respond late today or after I will sort once I'm settled in Dubai.

"We don't normally write references, but after having had so much trouble with other house clearance companies in the Bromley area, from outrageous quotes to not responding or even turning up when you have booked them we felt it was time to give credit where credit is due. Just had Bromley House Clearance around to clear out our flat - and I would like to strongly recommend them if you need house clearance or any of their other services. They have been absolutely great from when we first contacted them, till we settled the bill. They respond promptly to emails or calls, are flexible, efficient and extremely customer focused and very friendly. If you need house clearance don't bother calling around."
