What is an edu project?

- Colleges, faculties, universities
- High schools
- Elementary schools

- Articles
- Wikimedia projects

Starting an edu project

- Don't approach professors with a finished idea
- Compromise for wiki, professors and students
- Student retention
- Topics should follow the course/subject

Methodology

- Present Wikipedia realistically, but make it attractive (e.g. write about hobbies)
- Theoretical lectures
 - politics
 - tech
- Practise (e.g. computer lab exercises, pre-assignments)
- Smaller groups = better work

Wiki in high schools

- How to start cooperation?
- What to pay attention to?
- Subject syllabus
- Talk with the professor and select topics
- Project work
- Grading
- Result analysis
