COMMERCIAL.

OFFICE OF THE [illegible]
Friday Evening, January 29, 1858.

Our general market continues to wear a dull appearance of animation, although business has been interrupted by unfavorable weather during a portion of the week. Cotton has been in moderate request, with easy fluctuation in prices, while Sugar and Molasses have been firmer. Flour has continued, with a dull market generally. Grain and Provisions are without material variation. In Freights a moderate business has been done at about [illegible]. Exchange has been firmer, without material alteration.

On Monday evening we published the Europa's steamer, embracing Liverpool dates to the 9th instant. They reported an advance of ⅛d. in Cotton, but with a declining tendency at the close, the sales of the four business days embracing 36,000 bales, inspected 13,500 for export and speculation, of the three days were quoted at 6⅝d. and Middling Orleans at 6⅜d. ₩ lb

Yesterday morning the Kangaroo's quarters appeared in our columns, with dates from Liverpool to the 13th inst. They were very pressed, but we understand from them that the Cotton market was depressed and drooping, the quotations being generally unchanged, though some qualities showed a decline of 1-16d. to ⅛d. The sales of the three days were stated at 14,000 bales, including 3000 for speculation and export. This morning we published the Cahawba's advices, reporting in Sterling of Monday the fair middling grades, with sales for the week ending January 16th, of only 35,000 bales.

COTTON.—Arrived since the 25th instant, 29,127 bales. Cleared in the same time 22,117 bales for Liverpool, 5051 for Havre, 1047 for Cadiz, 964 for Barcelona, 1488 for Genoa, 1243 for Marseilles, 304 for Santander, 1062 for New York, 1326 for Boston, and 51 for Philadelphia; together, 34,157 bales; making a reduction in stock of 2028 bales, and leaving on hand, including all on shipboard and in the process and factories, a total of 264,324 bales.

The market opened on Saturday with a fair demand, and some 4500 bales were sold without material change in prices. On Monday buyers spoke some forward, and 7500 bales were disposed of before the Europa's advices were placed on the street, after which holding of any moment was done. Factors put up their selling rates nearly ¼c. on Tuesday, but were subsequently obliged to lower their previous asking, and the sales closed at an advance of barely ⅛c on the middling grades, with sales during the day of 3000 bales. On Wednesday buyers entered the market very freely, and took fully 12,000 bales at the rates of the previous day, and Yesterday 7000 bales were sold at the same range. To day's transactions embrace some 4500 bales, making a total for the week of 35,000 bales, the market closing at the range of our quotations, as follow:

JAPANESE LIFE PILLS.

FARMER'S OWN REMEDY.

A Positive Cure for Liver Complaint and Its Consequences, Dyspepsia, Sick Headache, Constipation, Costiveness, Indigestion, Biliousness, Jaundice, Dizziness, Sour Eructations of the Stomach, Nervous Debility, &c.

For many years we have been compelled to witness the many adulterated and worthless preparations of Sarsaparilla, Pills and Liquid Blood Purifiers, which are daily being thrust upon the public, and their injurious effects upon their systems. This has induced many to think that nothing genuine could be manufactured from them that the Colonel market was overstocked and drooping, the quotations being generally unchanged, though some qualities showed a decline of 1-16d. to ⅛d. The sales of the three days were stated at 14,000 bales, including 3000 for speculation and export. This morning we published the Cahawba's advices, reporting in Sterling of Monday the fair middling grades, with sales for the week ending January 16th, of only 35,000 bales.

We are enthusiastically of opinion that no quack medicine, nostrum, or humbug, can be found to equal the above in the combination of active principles, and the power they possess of eradicating disease, and thoroughly purifying the blood, and restoring the system to a healthy action, and we feel assured that they will not only relieve, but positively cure all diseases for which they are recommended. Thousands have used the last of our remedies, and the Japanese Family Pills are universally acknowledged by all who have used them to be the best and most effectual purifier of the blood ever discovered to the present day.

We have now supply our Home Customers ever need with such medicines as will relieve them in short time, and the thousands of orders pouring in for them from all parts of the country, is the best and most convincing proof. The number of these Pills being manufactured daily, and for their various uses are not to be surpassed by any. We are responsible for all moneys sent us by mail.

For sale by respectable druggists and dealers in medicine throughout the United States, the Canadas, Mexico, South America, &c., at 25 cents a box, or five boxes for $1.
