"THE UNIDY mail be preserved."

FRIDAT MORNING, OCT. 22, 1936. We regret being obliged to record an attempt at murder to evening about 7 o'clock, by a person named Mancean on Mr. Lanhean. It originated in a grogshop at the corner of Rampart and Bavon etrete; and was made by a dirk of sword case. Laribeau has received two very dangerous wounds; and Maneeau ercaped. But Justice Preval has issued a warrant for his approperation.

New ORLEANS CARAL-Yesterday we paid a visit to inspect the condition of the canal leading from the upper faubourg to the lake; and were greatly pleased with the progress of the work and the prospects of the canal.

The extent of the canal is about 500 chains; 91 of which have been constructed by a contract with Ives and Brown; and the remainder by Mr Cormley, who is in wengaged in excavating parts of the canal, and clearing it fipm allflogs and incumbrances, as well as in form-"purp se he has steam engines placed along the banks to that system by the majority of the states to the congress empty the canal; engines that are simple in construction and efficient in operation; and were made under his own

Pivot bridges will be placed across the esnal, one st 'the hartor; the other at the Metaric road-and will form a striking contrast with the wretched draw bridge bedonging to the Orleans Navigation Company across the bayon St John. The directors or engineer of the company had formerly resolved to appropriate the canal to structed their bridges for that purpose. But being better advised by one whose experience and integrity should have predominated in controlling se well as conducting forced in the American republic. their canal operations, they have resolved to use it now for steam boats and small ships. They have therefore Bridges, which is now doing in a manner exhibiting vety little judgment; and must be prejudicial to the steam an'i interrupt the navigation, while the other is removed Anna. and part of the bank cut off. The paddles of steam boats On the 25th of Sestember a new project of law different in must therefore suffer; and the heauty of the canal banks 'terms from the constitution that had been digested by A'ar be greatly destroyed. The directors should look to this van and the bi-hop of Pueblo (to which we referred in a be greatly destroyed. The directors should look to this in time, lest they shall again be charged with the painful dask of doing and undoing merely to try experiments; or gratify the whimsical opinions of any. They have always amount new to about \$600,000; and when they are nearly that they paid Mr Fromley only \$290,000 of that sum for constructing four fifthes of the work—can they be. There that the other fifth part should have reasonably cost more than \$500,000? What therefore was done with that sum; at least with the part of it not correctly in the work what the star prople to be a free, sovereign and independent without tolerating the exercise of any other; and the second that they paid Mr Fromley only \$290,000 of that sum for constructing four fifthes of the work—can they be. There that the other fifth part should have reasonably cost more than \$500,000. What therefore was done with that sum; at least with that part of it not given to the worst kind. that sum; at least with that part of it not given to lves and Brown, and not employed in the construction of the harbor? Before the canal shall be ready for navigation, the inde
