RIVER NEWS.

MEMPHIS, Feb. 5.—The *Col. Crossman* was burnt last night, a mile above New Madrid. She is a total loss. Most of the passengers are known to be safe, though some are reported lost.

VICKSBURG, Feb. 5.—The *Planet* passed down at 8, the New Uncle Sam and Cumberland at 11 this morning, the Princess at noon, and Atlantic at 6 P. M.

ARRIVAL OF THE BLACK WARRIOR.

The United States mail steamship *Star Warrior*, J. W. Smith, commander, from New York on the 27th ult. and Havana on the 2d inst., arrived at the bar at 10 o'clock, A. M., on the evening of the 4th.

At Havana there were no advices of the Spanish fleet that sailed from thence on the 12th ult. The city and bay were reported healthy.

The British ship *Mary Nelson* was lost on the evening of the 29th ult., a short distance East of Moro Castle.

Business has not as yet shown any improvement. Stock of Sugar 60,000 boxes; prices tending downward.

Exchange on New York ¾ to 4 per cent. premium; London 15 to 17½ per cent. premium.

The following is the list of passengers:

Mr Hungerford and servant, Hutchinsons, Theburn, Mrs Pitzmyer and child, Little, L C Field, Capt Combs, Mrs H Shaler, Capt F S Thompson, Mrs Pugh, infant and servant, Mrs F S Easton, Capt Hall, Capt Gest, Capt J S Loudsbey and wife, Welsh, Jaudel, Rosalie, Hargrove, Mrs Armitage, C Gaskell, wife and servant, Mrs Whiting, Decore, J W Garr, Deane, Misha Hailes, Waite, Capt Cassady.

The following members won the principal prizes at the last drawing (January 30th) of the Havana Lottery: No. 1340, $100,000; 1358, $50,000; 7396, $30,000; 14,484, $10,000; 12,671, $6000; Nos. 6762, 11,345, 13,102 and 14,105, $2000 each; Nos. 4832, 7336, 11,731, 12,672 and 21,749, $1000 each.

Explosion of the Nanny Fern.

FURTHER PARTICULARS.

The Cincinnati papers publish the details of this sad accident, which occurred on the 25th ult. The *Gazette* says:

About two o'clock yesterday afternoon, the stern-wheel steamer *Nanny Fern*, Capt. Ben Woodward, on her way from St. Louis, when just at the head of Bosley's Bar, above North Bend, about 15 miles below this city, burst her middle boiler, with a most terrific noise. The exploded part was forced up and forward, carrying with it all but three rooms in the short cabin, the forward guard, the texas, and the pilot-house. The latter was carried a distance of seventy or eighty yards from the boat, and sank in the river.

Immediately following the explosion, the cabin and every part of the boat was filled with steam, and the wildest confusion caused, rendering any thing like system or order utterly impossible. In the cabin there were twelve male and two female passengers, and on deck eleven males and three female passengers in all. The survivors represent the crash which followed the first explosion as terrible and deafening, the upper portion of the steamer falling in one general mass upon the lower deck, as the underwork was carried away by the exploded boiler.

Capt. Woodward was standing upon the starboard guard talking with Mr. Thompson, the mate, and was blown by the explosion into the river, and has not since been seen. He was undoubtedly drowned. The mate was thrown against the railing, to which he held on until he recovered from the concussion, and immediately got out the life-line, and made an effort to save the passengers, in which he was fortunately successful.

The first clerk, J. J. Rogers, and the second clerk, Harvey Dram, both of Pittsburg, were in the office over the boilers, and both were thrown a distance of about 60 yards into the river, and were picked up by the life-boat and conveyed to the Indiana shore. Mr. Rogers had his head scalded, his body severely scalded, and Dr. Fishback, the attending man at the Broadway Hotel, thinks he is injured internally. Mr. Dram is also scalded on the face, hands and arms, but less severely. He is also at the Broadway.

A widow lady and child, whose name is not known, on her way from St. Louis to some place about 55 miles back of Maysville, who came on board at Louisville, were drowned. After the boat was in flames, the mother rushed to the stern of the boat, fastened the child to her person, and jumped into the river. She had been married by the Catholic in Missouri, and had been given a free passage to enable her to reach her friends. Both mother and child sunk, and were seen no more.

The chambermaid, Hannah Thomas, from Alleghany, Pennsylvania, was blown out of the boat with a part of the cabin, a considerable distance into the air, and was seen to fall into the river, and was drowned.

A Mr. and Mrs. Murphy, of Pennsylvania, a new married couple, on their way to their residence, were both drowned. Mrs. M. was seen upon the stern of the boat, terribly frightened and unresolvable, and finally jumped into the river. Her husband, who was standing by her side, followed to rescue her, but in the effort to secure a floating plank, both sunk to the bottom, locked in each other's arms.

Andrew J. Kirkpatrick, a cabin passenger, was slightly scalded on the back of the neck and right arm, but is able to walk about. He is at the Broadway.

W. Scott, the pilot at the wheel at the time of the explosion, fell amongst the ruins of the wheel-house to the lower deck, but escaped with but slight injury.

Mr. Wilson, a deck passenger, an Englishman, on his way to Canada, was blown into the river and drowned.

Mr. and Mrs. Harrison, cabin passengers, from Tennessee, were thrown into the river, but were saved by the life-boat.

David Miles and John King, two of the crew, were thrown into the river by the explosion, but were saved.

Jim Neff, the carpenter of the boat, was blown overboard, but received no injuries. He succeeded in reaching a floating door, and was rescued in an unknown manner.

James Maley, Michael Donahoe, and John ——— (the latter boarded at widow Maley's, in Pittsburg) all deck hands, are supposed to be drowned, as nothing has been heard of them since the explosion.

The porter of the boat, James Anderson, aged about thirty-four years, from Boston, is also missing, as is the pantryman, James Cavanaugh, from Pittsburg.

Two Germans, both colored, Thomas Walker and Robert Biddle, are known to be lost. Walker was drowned, but Biddle killed by the explosion.

Russell Beesh, a watchman, was standing on the starboard side of the boat, and was thrown overboard, but subsequently made his way to the shore.

All of the persons who are known to be saved, from the wreck were conveyed to the Indiana shore, and the train of the Ohio and Mississippi railroad coming along soon after, the injured, scalded and escaped passengers and crew were conveyed to this city, and properly cared for. Many of the cabin passengers who, fortunately, were uninjured, took passage that night on board the *Star Bell* to their various points of destination. Others remained in the city, in charge of friends or on public charitable.

MEMORANDA OF PASSENGERS TO ST. LOUIS.

Capt. Neal Woodward.
Mr. and Mrs. Murphy, of Pa.
Wilson, colored, as deck hand.
Thomas Anderson, barber of the boat.
James Maley, a deck hand.
Michael Donahoe, a deck hand.
Johnson, a deck hand.
James Cavanaugh, pantryman.
Thos. Walker, colored, (drowned.)
Robert Biddle, fireman, (supposed killed by the explosion.)
Mr. and child—names not known.
Mr. and Mrs. Harrison, cabin passengers.

NAMES OF PASSENGERS TO CINCINNATI.

Alfred J. Rogers, first clerk, severely scalded.
Harvey Dram, second clerk, slightly scalded.
Andrew J. Kirkpatrick, cabin passenger, scalded on the back of the neck and right arm.
John W. Scott, pilot, scalded, all over the body, head and face, but probably not seriously.
Henry W. Cooey, severely scalded from head to feet.
Thomas Jefferson, colored, scalded on the face and hands, and injured by the falling of the chimney.
Jas. Thompson, colored, scalded on the face and hands, and injured by the falling of the chimney.
Jas. Neff, carpenter, slightly scalded.
Jas. Wilson, deck passenger, scalded.
Mrs. Pitzmyer and child, Little, L C Field, Capt Combs, Mrs H Shaler, Capt F S Thompson, Mrs Pugh, infant and servant, Mrs F S Easton, Capt Hall, Capt Gest, Capt J S Loudsbey and wife, Welsh, Jaudel, Rosalie, Hargrove, Mrs Armitage, C Gaskell, wife and servant, Mrs Whiting, Decore, J W Garr, Deane, Misha Hailes, Waite, Capt Cassady.

Explosion of the Steamer Ben Franklin.

The Cincinnati *Gazette* says:

We learn from Capt. Hall, of the steamer *Ben Franklin*, that on the 29th ult., while lying at the wharf at Memphis, the boiler of the steamer exploded, blowing off the entire front of the boat, and killing and wounding a number of persons. The extent of the damage to the boat we have not learned. It was anticipated that a further collection would take place in a week or two. The Memphis banks had resumed the payment of silver at sight from 4½ to 5½ per cent. The Commercial Bank has redeemed the note of the Bank of Tennessee at 50 cents on the dollar. Sterling exchange was negotiated in the discount market at 10 to 12 per cent.

R. C. T. Gray & Sons, in London, in the Canadian trade, have suspended for about £30,000; also, Bishop & Gossling, wholesale stationers, for about the same.

France.

A dispatch to the *Times*, dated the evening of the 15th, says: "The Emperor was fired at this evening, at 9 o'clock, while entering the Italian Opera House in Rue Lepelletier. Two persons in the street were wounded. The Emperor presented himself to the people at the door of the Opera House, and was received with enthusiastic cheering. He remained until the end of the opera. He returned, at midnight, he was hailed with enthusiastic cheers by the multitude, who were waiting in the streets to greet him."

The Moniteur of this day says: "On their Majesties' arrival at the opera, three explosions, coming from hollow projectiles, were heard. A considerable number of persons who were stationed before the theatre, including some soldiers of the escort, were wounded, two or three of them mortally. The head of the Emperor was pierced by a projectile, and General Roguet, Aid-de-camp of the Emperor, was slightly wounded in the neck. Two footmen were also wounded. One of the horses attached to the Emperor's carriage was killed, and the carriage itself was broken by the projectiles."

The latest dispatches say that sixty persons were wounded and three killed by the projectiles thrown at the Emperor. The perpetrators are Italians, and many arrests have been made. The Emperor and Empress suffered acutely from the event, and on the following day they attended solemn mass accompanied by the Ministers of State.

A letter from Marseilles reports that the American ship *Arabella*, which was condemned by the French Court of Appeals on account of her collision with the steamer *Lyonnais*, had another escape from destruction at that port, and put to sea on the night of the 9th of January. A French war steamer went in pursuit, but in vain. It was feared that serious diplomatic complications may arise on this case.

It is said that the question of the Dunbine investigation is now so complicated that no day can be fixed for the meeting of the Paris Conference.

The monthly statement of the Bank of France shows a loss of over eleven million francs in cash held in Paris, and a gain of twenty-seven million francs in the country branches.

India.

The weekly mail from Bombay, with dates of the 30th of December, had reached Alexandria. It contained nothing from Dude or Cawnpore, owing, it is presumed, to the occasional interruption of the mail between Calcutta and Bombay.

The garrison at Pattapore was pressed by the insurgents, and they had exhausted most of their entrenchments, and taken up another and more secure position. A column from Allahabad, under Col. Campbell, attacked a body of insurgents at Genowree, and defeated them, killing one hundred and fifty and taking three of their four guns. Seven British officers were killed and one wounded.

The insurgents in the neighborhood of Jubulpore were defeated on the 29th of November, without decisive results. Reinforcements were advancing to Jubulpore.

The Rajah of Amjheer and his Minister had been tried and sentenced to death. The Minister was hanged, but the sentence against the Rajah awaited the confirmation of the Governor-General.

Other executions had also taken place.

The Punjaub, Scinde and Bombay were all quiet.

No further rebel depredations were reported, and quiet generally prevailed.

At Bombay the import market was generally lower. Cotton had declined. Exchange was 2s. 3d.

Spain.

A dispatch from Madrid of the 14th says that the Spanish Ministry tendered their resignations in consequence of the nomination of Bravo Murillo. They resignations had not been accepted. The Cabinet would readily resign office if the Queen would consent to dissolve the Cortes.

The Queen, in her speech to the Cortes in regard to the Mexican quarrel, merely remarks that she has accepted the mediation of France and England as a proof of the spirit of conciliation which animates her, but that under any circumstances the honor and reputation of Spain shall be preserved intact.

A dispatch from Madrid, dated Friday, the 15th, reports the acceptance of the resignations of the Ministers, and the formation of a new Cabinet, as follows: President of the Council, Istoriz; Minister of Finance, Olozaga; Minister of Justice, Bravo Murillo; Minister of Foreign Affairs, Diego Medina; Minister of Marine, Cassadal; Minister of War, Rogalete.

The Prussian Diet was opened on the 12th. The opening speech was read by Baron Manteuffel. It relates to the illness of the King, and expresses a confident hope of his speedy recovery. It rejoices at the approaching matrimonial alliance between Prussia and England. It refers to the Danish-Holstein question, and says that Prussia and Austria are resolved, in union with all the other powers of the German Confederation, to insist on the vindication of Germany's rights and honor. The alliance of the Danish question with the Holstein and Lauenburg questions, and the consequent agitation in the duchies, have called for the most serious attention of the Government.

The tables of the district of Bhat Burgaon, following the example of those of Lilla and St. Pongratzburg, had raised the Hungarian flag, and declared their wish to cancel their allegiance to the Emperor had granted the request.

China.

The Hong Kong *Register* of the 16th of December, has the following, says:

Mr. Reed, the American Commissioner, remained on board the frigate *Minnesota*, ready for any emergency, and was prepared to take any part the Admiral might call upon him to perform. The delay, during which time the fleet would proceed almost unless for warlike purposes, is deeply lamented.

The same letter predicts that the British would have possession of Canton before the end of the year; and that free and unrestricted intercourse with China would be demanded.

Paris, Friday Evening.—Four Italians among whom are Count Orsini and Pieri, have been arrested. Many others are said to have been made. There are five persons killed and fifty or sixty wounded by the explosion.

The Emperor and Empress drove out to-day. It was expected, without answer, that the Emperor and his family would attend the Opera this evening. Great excitement prevailed in the city.

Paris, Saturday Morning.—In addition to the above particulars, it is announced that the Emperor and Empress visited the wounded at the Hospital. Many of the wounded are in a dangerous condition. Of the sixty-three persons wounded, thirty-two are soldiers of the Municipal Guard, and the remainder citizens. Of the sixty-three persons wounded, thirty-two are soldiers of the Municipal Guard, and the remainder citizens.

(From the Daily *News* City Article.)

The decline in the funds to-day was chiefly caused by the explosion in the Emperor Napoleon's life. There are no new features to notice in the money market.

From the Pacific Squadron.

FROM THE PACIFIC SQUADRON.—Washington, Jan. 28.—The Navy Department has received advices to the 10th of November from the squadron in the Chinese seas, containing despatches from Capt. Dupont, of the steam-frigate *Minnesota*, which arrived at Hong Kong on the 6th of November, but sailing time from Hampton Roads being 124 days.

The health of the voyage was considered by the captain with which Captain Dupont lauded the quarantine and sailing qualities of the ship. In coming westward she sailed made 23 in 24 hours per knot. Many frigate although they may be pronounced for the finest specimens of war vessel in the world.

Two days before Hongkong have also been received from Commodore Davis, of the sloop of war *St. Mary*. He says that since the [illegible] Pei-ho river were impassable, every body was in Hongkong, and that he was unable to land, having property on board which [illegible].

Lieut. Chevers, in command of the Atrato surveying expedition, written to the Department from Panama, under date of the 5th inst., stating that he had arrived within 10 miles of the Pacific and anticipated to reach it by the middle of the month. He will leave the Atrato in charge of his lieutenant from the Atrapura, and hopes soon to discharge her for new surgeons. He says that the difficulties of the Panama Railroad Construction have proved so insurmountable as to considerably delay the party in cutting their way through the forests.

FIRE.—A destructive fire occurred at Nashville on Friday. It destroyed the drug store of J. J. Roach, the saddlery store of J. Hervey; and the tinware store of W. F. Nanny & Co., and damaged the stores of [illegible] & Co., and Berry & Donoville. The Louisville hotel was entirely consumed. Loss on Roach's stock, $12,000; fully insured. Hervey's loss, $15,000; fully insured. Nanny & Co., and Berry & Donoville, $10,000. Building occupied by Roach, $5,000. On the second floor, the residence of Mr. Cantrell, father of the Planters' Bank, in the vicinity of Nashville, and the banking-house of the Planters' Bank of Tennessee, at Shelbyville, were destroyed by fire.

CITY INTELLIGENCE.

ST. CHARLES THEATRE.—Mr. Chanley, otherwise "Charley," the clever, versed and jocund Comedian of this establishment, is announced for a benefit this evening, for which he has prepared a capital bill. See advertisement.

VARIETIES'S MUSEUM.—Adonis, the magician, continues his very attractive performances at Varieties. The model Museum Venus, as she is called, does, indeed, appear, in such there, together with a great variety of wax statuary, and other objects of attractive as they are innumerable.

THE ITALIAN TABLEAUX VIVANTS.—The spectacle stands unknown of the Zouave troops and mighty the efforts of great admiration at Spalding & Rogers' Amphitheatre. The features of the "French Zouaves" Amphitheatre. The features of the "French Zouaves" Amphitheatre. The features of the "French Zouaves"
