LIFE INSURANCE.

OCEAN INSURANCE COMPANY—The absence of any institution in this city for insuring live, and the extravagant rates of premium demanded by the agents of foreign companies for granting like policies to persons residing in Louisiana, have determined the Board of Directors of this Company to put into operation the powers of their charter which authorises insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a moderate annual income to secure for those who are dependent on them a comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England. In addition whatever being made for difference of climate, and by this scale an annual premium of thirty dollars paid by a person 30 years of age will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years, and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 48 Camp street, corner of Gravier street.

By order of the Board.

GUILD'S PATENT COOKING STOVE CALLED THE QUEEN OF THE WEST.

THE undersigned, agent for the sale of this article, for the first time introduced to the notice of the New Orleans public, begs leave respectfully to solicit public attention thereto.

He refers to the subjoined flattering testimony as to its superior economy, and ease and comfort in cooking.

We, the subscribers having used for some time Guild's Patent Cooking Stove, called the Queen of the West, feel no hesitation in giving our unqualified opinion that for economy, neatness, convenience, economy and general excellence, we think it surpasses any other cooking apparatus that we have seen in use. It will bake and cook with great dispatch, and heat sufficient to cook for a large family, with ease, and does not require the constant attendance of a servant to keep up a fire, as is necessary with the common stoves, but will keep a fire for 24 hours without replenishing, and will bake and cook in the morning, and keep the food warm for dinner, without the trouble of a fire. It is also a great saving of fuel, as it will bake and cook with one-half the quantity of fuel, and will heat a room as well as any stove now in use.

We further state that we have used the Queen of the West for the last six months, and have found it to answer all the purposes of a good cooking stove, and we believe it to be the best stove now in use.

Dated at New Orleans, this 1st day of October, 1841.

LIFE INSURANCE.

OCEAN INSURANCE COMPANY—The absence of any institution in this city for insuring live, and the extravagant rates of premium demanded by the agents of foreign companies for granting like policies to persons residing in Louisiana, have determined the Board of Directors of this Company to put into operation the powers of their charter which authorises insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a moderate annual income to secure for those who are dependent on them a comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England. In addition whatever being made for difference of climate, and by this scale an annual premium of thirty dollars paid by a person 30 years of age will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years, and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 48 Camp street, corner of Gravier street.

By order of the Board.
