

Swagerizms

Swagerizms is a term created by a bad ass named Bigs on March 10, 2012. A certain artist who goes by the name "Latrash", Claims he has swag is better than Bigs swag but really has no merit because Latrash is a hater and his ego will not allow him to acknowledge Bigs swag is the "Champion Swag". Since the Academy award statuette is the image of Champion Swag is supposed to be, Bigs has been formally anointed Sir Swag while Latrash was not invited to the ceremony only to be at left at home crying to his mother on skype.
