CAUTION.

Persons are hereby cautioned against purchasing a spurious article, which is now being imposed upon the public, under the name of "Dr. Townsend's Sarsaparilla." The wrapper, label, and pamphlet, are all original, but the contents are worse than worthless, and the title, "Dr. Townsend's Sarsaparilla," is a fraud upon the public, and the sole purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and to purchase none but the genuine, which can be had only of JACOB TOWNSEND. SARSAPARILLA, having on it the old Dr.'s likeness, is finally out of arms, and his signature across the coat of arms.

Principal Office, No. 102 Nassau street, New York City.

OLD DR. JACOB TOWNSEND.

THE ORIGINAL DISCOVERER OF THE

GENUINE TOWNSEND SARSAPARILLA.

old Dr. Townsend is about 70 years of age, and has long been known as the author and discoverer of the genuine original "TOWNSEND SARSAPARILLA." Being about to be compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who have proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore disease, and saved from death, proclaimed its excellence and wonderful

Healing Power.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr.'s Sarsaparilla. The Sarsaparilla rust, it is well known to medical men, contains many medical properties, and some properties which are inert or useless, and others, which if retained in preparing it for use agridiece fermentation and acid, which is injurious in the system. Some of the properties of Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

Genuine Old Dr. Jacob Townsend's Sarsaparilla

Is so prepared that these properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted or evaporated, then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of loosing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the

Cure of Innumerable Diseases.

Hence the reason why we hear commendations on every side of its family use, women and children. we find it doing wonders in the cure of

Consumption, Dyspepsia, and Liver Complaint, and in Rheumatism, Scrofula, Piles, Cutaneous, all Cutaneous Eruptions, Pimples, Blotches, and all affections arising from impurity of the blood. It promotes appetite, and a healthful state of health, arising from indigestion; from acidity of the stomach, from unequal circulation, determination of the blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs; and promotes easy expectoration in the first periods of consumption; relaxing stricture of the lungs, throat, and every other part

But as nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages

Of Female Complaints.

It works a miracle, and will positively cure Albus or Whites, Falling of the Womb, Obstructed, Suppressed or Painful Menses, Irregularity of the menstrual periods, and the change of life, is effectual in curing all the forms of Kidney Diseases.

By removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous Diseases and Debility,

and thus prevents or relieves a great variety of other maladies, as Spinal Irritation, Neuralgia, St. Vitus's Dance, Swooning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, regulates the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration, increases the power of digestion, relieves all obstructions, and invigorates the entire nervous system. In not this, then, the

Medicine you are presumptively Need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR.'S

Because of one GRAND FACT, that the one is IN CAPABLE OF SPOILING, and the other

NEVER SPOILS.

While the other DOES; souring, Fermenting, and blowing the bottles containing it into fragments; the sour, acid and stinging liquid corrodes every thing it touches, and destroys the coats of the stomach, and of the bowels, which immediately set to work to throw it off. Must not this horrible compound be poison ous to the system? What put acid into a system already diseased? Is it not poison? Dyspepsia is bad enough, but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? Flatulence, heart-burn, sick headache, nausea, pain, complaint, diarrhœa, dysentery, cholic, and contraction of the blood? What is Scrofula but an acid humor in the blood? What is Salt Rheum but acid humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all infectious and malignant and scrofulous and syphilitic and viral?

It is nothing under heaven, but an acid substance, which sours, and thus spoils, all the fluids of the body, more or less, and produces all these diseases, and many more. Is it not, therefore, unreasonable to suppose that a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate membranes, and causing the pain which affects those

Who Use Sour Sarsaparilla?

Now, is it not horrible to make and sell, and infinitely worse to use this

Souring, Stinging, Acid "Compound" of S. P. Townsend.

And yet he would fain have it understood that Old Dr. Jacob Townsend's genuine Sarsaparilla, is an IMITATION of his inferior preparation!!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which should bring down upon the head of the manufacturer and of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's Sarsaparilla!!! Perish the hand!!!

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are beaten wide apart, and infinitely dissimilar; they are not the same in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, uneducated, unprofessional man, he has taken from the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing which and we defy any one of change which might render them the AGENTS OF disease instead of health

It is to arrest such deception, so unfortunate, to poor balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom and vigor into the sunken cheek of the victim of infirmity, that OLD DR. JACOB TOWNSEND has BROUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its

Transcendent Power to Heal.
