

WORD-A-DAY

JUNE 2012

19

ELECTRONIC HARASSMENT - (N)

USE OF INFRASOUND, ULTRASOUND, LASER, MICROWAVE, ACOUSTIC AND OTHER TECHNOLOGY TO INTIMIDATE AND/OR HARASS TARGETED INDIVIDUALS.

June 19th is Juneteenth, a holiday that celebrates the official end of the trans-Atlantic slave trade. Unfortunately, there are brothers & sisters (targeted individuals) of all races and nations whose freedom is being stripped away through terrorist activities like organized stalking & electronic assault. We fear everyone will suffer such abuse if it goes unchecked. There is presently no protocol for investigating these crimes and those targeted by it can suffer from it literally for years. Join us in a helium balloon release on June 16, 2012 at 2:00 pm EST (from anywhere) or by displaying one red and one black helium balloon outside your home/car/business to bring attention to their plight. Cards to attach to balloons can be downloaded at Scribd.com or you can email a request for the cards to RA11YTH3P30PL3@yahoo.com. Also, visit www.rallythepeople.webs.com. The cost of the cards, balloons (and helium tanks, if applicable) are tax deductible as donations to Freedom From Covert Harassment & Surveillance. Email for additional information.
