

THE WYRESDALE FISHERY CO

(Limited)

PETER ORMROD, Pisciculturist

ONE MILLION TROUT FOR SALE

Specially Reduced Prices for 1900-1901.

CHEAPEST, STRONGEST, and BEST FISH in the MARKET.

Fed and bred in a stream—the whole of the river Wyre passing through the Fishery.

In a recent letter (December 10, 1900) a customer writes: "I have killed several brace of those you sent last year, weighing over 2lb. and 2½lb." These trout, when stocked, in January, 1900, averaged 7 inches in length, a fact which speaks volumes for trout bred at Wyresdale.

BROWN TROUT, LOCH LEVEN TROUT,

AND

RAINBOW TROUT.

Quotations given for delivery alive at any station in the United Kingdom.
