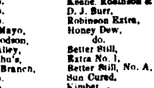
1849 Great Northern Route 1849
BETWEEN THE EAST AND THE WEST, *VIA*
THE MICHIGAN CENTRAL RAIL-ROAD!



WILL commence operation on the opening of navigation, by which passengers will be taken between

Chicago and Buffalo,

in from 36 to 45 hours, and to New York in from 35 to 70 hours, shortening the line between Chicago and Buffalo to less than one third that of any other route.

A steamboat will leave Milwaukie every morning and Chicago every morning and evening for New Buffalo, (the western terminus of the Rail Road,) which with the Cars to Detroit and Steamboats to Buffalo, will form

Two Daily Lines

from Chicago to Buffalo, connecting directly with the Cars from Buffalo to Albany, and Steamboats to New York or Cars to Boston.

Going West, a Steamboat will leave Buffalo

EVERY MORNING AND EVENING,

running from the Cars at the Albany and Buffalo Rail Road for Detroit, thence by Rail Road to New Buffalo, and by Steamboat from the morning train at New Buffalo to Milwaukie and other ports, and from both trains to Chicago, connecting with the line of large Packets on the Illinois and Michigan Canal to Lasalle, hence by the Express Line of

FIRST CLASS RIVER STEAMBOATS

to St. Louis, and by the Lower River Steamers to towns on the Mississippi and New Orleans.

This Rail Road, with the Steamers in its connection from Chicago to Buffalo, for regularity, safety, speed, general equipment and accommodation, forms in every respect a

SUPERIOR FIRST CLASS ROUTE,

and throughout the interest from the Mississippi Valley and the towns on Lake Michigan to the east.

The following Steamboats will run in connection with the Michigan Central Rail Road:

Between Buffalo and Chicago, DAILY, leaving both places in the morning—through without landing—Steamers

May Flower and Atlantic,

Between Detroit and Buffalo via Cleveland, DAILY, leaving both places in the evening—Steamers

Hendrick Hudson, Baltic, Empire,

Oregon and Niagara.

The Lake Steamers of the above line, for strength, speed, finish, and magnificent furniture, are believed to excel any in the world. Passengers that have ever been run in connection on fresh water, offering at reasonable rates accommodations not any where surpassed. Among them are many entirely new, built expressly for passenger travel.

Every effort will be made to render most desirable the superior accommodations of this route.

KEMIA CAUTION.

A caution to the unwary of Chemical Counterfeits, a pretended Cure of the unknown T. P. Townsend, and also of Sarsaparilla, a large stock, consisting in part of the following choice brands, which they offer to the Grocery and Merchandize at the lowest factory prices and on accommodating terms:

OLD DR. JACOB TOWNSEND.

THE ORIGINAL DISCOVERER OF THE
GENUINE TOWNSEND SARSAPARILLA.

Old Dr. Townsend is now about 70 years of age and has long been known as the author and discoverer of the genuine original "TOWNSEND SARSAPARILLA." Age and infirmity has compelled him to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who have proved its worth, and known its value. It had reached the ears of many, never theless, as those persons who had been healed of grave diseases, and saved from death, proclaimed its excellence and wonderful

Healing Power.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical men, contains many medicinal properties, and some properties which are inert or useless, and others, which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very most medicinal properties of the root, which give to it all its value.

Genuine Old Dr. Jacob Townsend's Sarsaparilla

Is so prepared that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted or rejected; then every particle of medical virtue is secured in a pure and concentrated state; and thus it is rendered incapable of loosing any of its valuable and healing properties. Prepared in this way, it is the most powerful Depurative in the

Cure of Innumerable Diseases.

Hence the reason why we hear commendations on every side in its favor by men, women and children, we find it doing wonders in the cure of

Consumption, Dyspepsia, and Liver Complaint, and in Scrofula, Salt Rheum, Boils, Tetters, Blotches, all Cutaneous Eruptions, Pimples, Blotches, and all affections arising from impurity of the blood.

It possesses a controlling influence over all complaints arising from indigestion, from acidity of the stomach, from unequal circulation, determination of the blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs, and pronounces every obstruction and all perspiration; relaxing stricture of the lungs, throat, and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages

Of Female Complaints.

It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Green Sickness, Weakness of Constitution, Irregularity of the menstrual periods, and the like; and is as effectual in curing all the forms of kidney Diseases.

By removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures by first force of

Nervous Diseases and Debility,

and thus prevents or relieves a great variety of other maladies, such as Epilepsy or Falling Sickness, St Vitus Dance, Swooning, Epileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives vigor to digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, and never fails to bring out with all over the body, and the insensible perspiration, relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. In not this, then, the

Medicine you preeminently Need!

But as a caution to the unwary, S. P. Townsend's inferior article! This young man's liquid is not to be

COMPARED WITH THE OLD DR.'S

Because of one GRAND FACT, that the one is IN CAPABLE OF DETERIORATION, and

NEVER SPOILS,

While the other will KEEP, Souring, Fermenting, and blowing the bottles containing it into fragments; the sour, acid liquid exploding and damaging other goods. Must not this terrible compounding be pernicious to the system?—What? put acid into a system already diseased with acid. What causes Dyspepsia but acid? Do not every one all know that when food sours on our stomachs what mischief it produces? flatulence, heartburn, palpitation of the heart, liver complaint, diarrhœa, dysentery, chole, and corruption of the blood, by which the whole system, and every humor in the body? What produces all the humors which bring on Erysipelas, Salt Rheum, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven, but an acid substance, which we take, and the blood is made of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and sockets, and by its sharp cutting the delicate tissues upon which it acts? So, of nervous diseases, of impurity of the blood of deranged circulations, and nearly all the maladies which afflict human nature.

Now, is it not horrible to make and sell, and infinitely worse to use this

Souring, Fermenting Acid "Compound of S. P. Townsend,

and yet the world have so long been deluded by Old Dr. Jacob Townsend's Genuine Original Sarsaparilla, in an IMITATION of his inferior preparation?

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's article! and which would bring down upon the Old Dr. such a mountain load of complaints and exminations from Agents who have sold S. P. Townsend's Acid Compound, as S. P. Townsend's FERMENTING COMPOUND.

We wish it understood, because it is the absolute truth, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are heaven wide apart, and infinitely dissimilar; that they are unlike in every particular, having not one single thing in common.

As S. P. Townsend is no doctor, and never was so in chemist, no pharmaceutist—knows no more of medicine or diseases than a child unborn, is ignorant, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, combining the virtues of all the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of disease instead of health?

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle a hope in the despairing bosom, to restore health and bloom and vigor into the crushed and broken, and to banish infirmity, that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience, its

Transcendent Power to Heal.
