PATENT CEMENT.

DR. ACHILLE LION, Dentist of the Faculty of Paris, after many researches, has discovered this valuable composition, which he applies with the utmost success to the restoration of the teeth, and adapting to them artificial ones. This composition of the Dentine Cement, which is entirely mineral, is incorruptible; it is used with a heat so elevated that the natural teeth which are in its paste, it will last for many years. It is a preservative of the teeth, but does not injure the enamel.

Dr. A. Lion has for best one office in the city, No. 106 Royal street, between St. Louis and Conti, where he may be met every day.

DR. WRIGHT'S PERUVIAN HAIR OIL.

THE new and powerful specific restorer to vition and the nerves of the hair which have become enfeebled through disease or other causes, and consequently falling off. This invaluable preparation is now offered to the public as the best article ever discovered for the restoration of the hair, causing new hair to grow where the roots are not entirely destroyed, and preventing the hair from falling off. The hair is kept soft and moist, preserved from chills, fullness of the head, &c. &c. The regular use of this oil will always keep the hair in its natural color, and prevent it from turning gray or white. It is also a most delightful perfume for the handkerchief, and a specific for all diseases of the hair
