#### **Thank You**

A special thank you is due to my wife for her encouragement during the long gestation of this book. Definitely, I owe her the infinite patience and continuing love with which she tops up my life. My heart is and always has been for her.

Also, I thank my gorgeous children (Hala, Mohammad and Yara), who have taught me how to cherish every precious minute of family gathering. My dearest, every thing I do, I do it for you. Exactly like I abandoned many good things, I always avoided saying 'I love you' to the people I adored, for 'love' was a thing that I could not control. Every time I spoke it out, I just lost part of me. Hence, I always thought that saving the word would probably save losses. Many the games that I left, not because I could lose, but because I knew I would win. But when win takes away your faith in yourself, you should quit, particularly, in the era of unjust arm twisting-games we are living in, because we are not ready to meet our fear. It is complicated; it is messy. It is about horrible times and humble opportunities, and not being able to say what you have to say when you need to say it. Since my love for the apple of my eyes, for my children, is a bounty of God, I will not quit a game where I am going to save my children. It would a holy war not a game. To the light and spice of my life, 'I love you...'.

#### Preface

Firstly and succinctly stressed, idioms (along with their Arabic equivalents) are considered of paramount importance for a wide range of Arab learners of English. Learners, at all levels, find them very useful to communicate with English speakers. Thus, introducing this work, I hope that readers will find a real value out of this dictionary, which is especially designed to meet their essential needs.

This dictionary is a helpful learning tool that provides Arabic-speaking English learners with variety of phrases and common expressions, example sentences, and Arabic equivalent of the most commonly used American and British idioms.

#### What does the word 'idiom' mean?

An idiom is a combination of words whose meaning can be either transparent (can be easily worked out of the literal meaning of the individual words) or opaque (there is no resemblance between the meaning of the individual words and the meaning of the idiom itself).

Consider the following examples of transparent idioms that are reasonably obvious:

1. *'Throw someone to the lions'* means 'intentionally to put someone in a difficult position', as in: All the commanders were responsible for the tragedies in their last operation, but they threw that junior officer to the lions when they asked him to address the journalists on the reasons of defeat.

2. *'Keep a straight face'* means 'look serious', as in: I can't keep a straight face whenever Chaplin acts before me; he looks so funny.

Idioms like '*sell someone down the river*' and '*kick the bucket*' are examples of the opaque.

- 4 -

- 1. Understanding the words of the expression '*sell someone down the river*', for instance, will not help you recognize that it actually means 'to betray, or be disloyal to', as in: The kidnapper who was caught by the police refused to sell his associates down the river.
- 2. Similarly, in the expression '*kick the bucket*' you cannot easily realize that it means 'to die', as in: Simon kicked the bucket last summer.

Having mentioned that, single words may also have idiomatic meanings. For example, the word '*strides*' which literally means 'steps' can be used to give the meaning of 'progress, advancement, and innovation', as in: There have been great strides in computer technology over the last fifteen years.

Interestingly, some idioms are similar to expressions in other languages, and that is why a learner can easily understand idioms of a foreign language, as in *'hold one's horses'* which means 'to stop someone or something, or to make them calm', for example: Hold your horses, I said to my wife when she started packing her luggage.

However, many other idioms come from completely different cultures or regions, the thing that makes it more difficult to know the exact meaning of such idioms. In addition, many refer to particular fields that require some special knowledge to understand them. Various idioms have, for instance, something to do with sports (as in: *throw in the towel*); *'throw in the towel'* for instance means 'to give in or to admit defeat' (She tried to deal with all the difficulties in her business but finally she threw in the towel and left the country). This idiom came from 'boxing sport' in which 'throwing the towel' is a way of admitting defeat. Besides, a range of different idioms are related to

historical events (*sell someone down the river*), parts of the body (*eyes in the back of one's head*), light (*sunset years*), weather (*hot air* and *stormy relationship*), colours (*red tape*), etc.

It is vital to pay heed to the fact that idioms can be found in slang, informal as well as formal contexts. Most of the time such wide and frequent usage of idioms is advisable to give a milder to what might be thought to be direct or harsh, as in using 'comfort/rest room' instead of saying 'toilet', and 'be laid to rest' which is a euphemism for 'be dead'. Any kind of ailment can also be described as condition, for example we sometimes prefer to say 'heart condition' instead of 'heart disease'. Some may also say 'senior citizens' for the 'elderly people'; 'sanitary engineer' for 'garbage man', and so on. And this is what sometimes justifies the daily use of most essential idioms.

#### Can a phrasal verb have an idiomatic meaning?

A phrasal verb is a combination of a verb and an article (a verb+ a preposition or an adverb/ or both together- e.g., go up, look forward to). A phrasal verb can have a transparent meaning as in *'run around'* which means 'to run in a circle', as in 'the forerunner ran around the track in just 30 seconds'. It can also have an opaque idiomatic meaning, as in *'pass off'* which means 'to pretend', as in: Hamza tried to pass off a Blake's poem as his. What an idiot!'

#### What is 'Eye of the Needle' supplement about?

This supplement introduces to you a number of essential proverbs and treasured sayings that are widely used in English and Arabic contexts. A proverb is a saying of words of wisdom, truth, advice or morals that are usually based on practical experiences. Proverbs are usually described as a mirror of the society. They generally praise the good and criticize the -6-

bad. The source of such sayings is society itself, and this is why they are commonly known and regularly used by members of societies.

Examples include: 'One half of the world can't understand the pleasures of the other', Jane Austen (1775-1817); 'The early bird catches the worm' which means 'working early gives you an advantage/ or the lead'. Such proverbs use words idiomatically and metaphorically, which definitely helps us keep them in mind for long. Consider the following examples:

- 'Actions are judged by intentions', Prophet Mohammad peace be upon him said.

"إنما الأعمال بالنيات" حديث شريف.

- Love is like quick silver in the hand. Leave the fingers open and it stays; clutch and it darts away.

الحب كالزئبق في يدك: إن تركت يدك مبسوطة له استقر وإن قبضتها فر.

- You can't judge a book by its cover/ Never judge a book by its cover.

لا تحكم على الأشياء من مظاهر ها/ لا تحكم على الكتاب من غلافه.

در هم وقاية خير من قنطار علاج Prevention is better than cure -

'Eye of the Needle' also provides you with some memorable quotations and words of the Noble Quran that convey universal messages, and show the magnificence and the comprehensiveness of Islam, as in:

- Allah burdens not a person beyond his scope.

"لا يكلف الله نفسا إلا وسعها" (البقرة-286)

- And so are the days, we give to men by turns.

"وتلك الأيام نداولها بين الناس" (أل عمر ان-140)

- But the evil plot encompasses only him who makes it.

"ولا يحيق المكر السيء إلا بأهله" (فاطر ٤٣)

- Every person is a pledge for what he has earned.

"كل نفس بما كسبت رهينة" (المدثر -38)

Verily, along with every hardship is relief.
 " إن مع العسر يسرا" (الشرح-5-6)

## **Eye of the Needle**

### (Supplement of Proverbs)

**English Meaning** 

Words of The Noble Quran

- 154 -

Ah! Woo to me! Would that I had never taken so-and-so as an intimate friend

Allah burdens not a person beyond his scope

Allah encompasses the disbelievers.

Allah is with the patient.

Allah will grant after hardship, ease

And follow not that of which you have no knowledge

And let not your hand be tied to your neck, nor stretch it forth to its utmost reach

And man shall have nothing other than what he strives for

And no bearer of burdens shall bear another's burden

And none can inform you like him who is well-acquainted

And proclaim the grace of your lord

And say: Truth has come and falsehood has vanished. Surely falsehood is ever bound to vanish

And so are the days, we give to men by turns

And spy not, neither backbite one another

And they will not enter paradise until the camel goes through the eye of the needle (which is impossible)

And turn not your face away from men with pride, nor walk in insolence through the earth

And we have fastened every man's deed to his neck

And, verily, many partners oppress one another

As a goodly tree, whose root is firmly fixed, and its branches to the sky

Ask not about things, which if made

ياويلتا ليتني لم أتخذ فلانا خليلا. الفرقان: ٢٨

plain to you, may cause you trouble

But over all those endowed with knowledge is the all-knowing (Allah)

But the evil plot encompasses only him who makes it

Certainly mighty is your plot

Each group rejoicing in what is with it

Each one does according to his way (or intentions)

Enjoin you righteousness on the people and you forget yourselves.

Every one shall taste death

Every person is a pledge for what he has earned

Everything will perish except his face (Allah)

For every news there is a reality

For the like of this let the workers work

Had Allah known of any good in them, he would indeed have made them listen

He said: "Do you not believe?" He said: "Yes, but to be stronger in faith."

Hold a medium between those extremes

I have come to you from Sheba with true news

I only complain of my grief and sorrow to Allah

Indeed some suspicions are sins

Is not the morning near?

Is the reward of good other than good?

Is there not among you a single rightminded man?

Is this magic or do you not see?

It is you who stand in need of Allah

It may be that you dislike a thing which is good for you

Keep away from them in a good way

Kind words and forgiving are better

than charity followed by injury

Let not a group scoff at another (group)

Men are the protectors and maintainers of women

Mischief making is worse than slaughter

Neither too old nor too young

None besides Allah can avert it

Not alike are the blind and the seeing; nor are the darkness and the light.

Now the truth is manifest

So after the truth, what else can there be, save error?

So ascribe not purity to yourselves

So I fled from you when I feared you

So weak are (both) the seeker and the sought

Surely we belong to Allah and to Him we will surely return.

The good deed and the evil deed cannot be equal

The good deeds remove the evil deeds

There is no compulsion in religion

They killed her, and then they became regretful

Thus is the case judged concerning which you both did inquire

Truly Allah is powerful over everything

Verily noblest (most honourable) of you in the sight of Allah is he who is best in conduct

Verily, Allah loves those who are equitable

Verily, Allah will not change the condition of a people as long as they do not change their state themselves

Verily, along with every hardship is relief

Verily, the best of men for you to hire is the strong, the trustworthy

## Knowledge has Bitter Roots but Sweet Fruits

يأتي نشر هذا الكتاب في وقت مناسب ليملأ فراغا في المؤلفات المكرسة للتعابير الإصطلاحية في اللغة الإنجليزية. فقد افتقر الطلبة ولمدة طويلة إلى عمل سبهل الإستخدام يحوى التعابير الرئيسة الشائعة التداول بين مستخدمي الإنجليزية محادثة وكتابة، والذي من شأنه أن يسد حاجة شريحة واسعة من دارسي الإنجليزية الذين لطالما كدوا وسعوا لإقتناء عمل يصقل مفردات واصطلاحات لغتهم- فتعلم تلك الإصطلاحات لا يقل أهمية عن أهمية اللغة ككل. فاصطلاحات اللغة ومفرداتها تشكل الورق الدئم الخضرة لشجرة اللغة ووجودها يزيد لغتك جمالا.

وقد بذل المؤلف "المؤهل تماما لإنجاز مثل هذا العمل" جهدا متيزا جعل من هذا الكتاب عملا جديرا بالإقتناء من قبل متعلمي اللغة لإنجليزية كلغة ثانية. واستغرقت ولادة هذا القاموس ثلاث سنوات، ليخرج أخيرا بهذه الحلة وليقدم للقارئ مادة اكتسبها اخرون عبر سنوات طوال؛ لذا فالقاموس يختصر للطالب الأيام ويعرض نتاجا تم إعداده بالرجوع إلى كومة كتب والاف السطور وعشرات الأفلام والعيش بين ظهراني أهل اللغة (بريطانيا و أمريكا)- وكفى بذلك منزلة بين مظان الكتب.
