

TIME TO FINISH WHAT WE STARTED

-PHASE III BUILDING PLAN COMMUNITY FORUM-

STRONG Schools Build **STRONG** Communities

The Phase III School Building Plan is to rebuild the east side of Lakewood High and either 2 or 3 of the remaining elementary schools not yet renovated. (Two middle schools, 4 elementary schools, and the west side of LHS are already completed or in progress.)

- Should Lakewood have 6 or 7 elementary schools in its final plan?
- If 6, what criteria are most important to select 2 of the 3 remaining schools?
- If 7 elementary schools, is it effective use of Lakewood tax dollars?

Come and let your voice be heard!
